

After all He give you that talent to bring back to Him. He gave this mother earth for you to live on. When he gets ready to call us back, that's where we will go back. That's why the Almighty has given you a mind and a tongue, to say "Thank you", that we are alive today."

And at this time they's a lot of us Indians in the State of Oklahoma, we know one good friend, he has gone out to help all of us, regardless of whether we know him, whether we ever see him. Every occasion is going to come up, but we want help to get WNAD with the--we pick up the phone and call Mr. Timmons. He's a friend of all the Indians. He's well known all over the State of Oklahoma and the out of states. People call him from all over. He goes out--all out to help people. He's an Indian himself. He talks over WNAD. Talks Cheyenne, Choctaw. He's just got very little English in him--he's mostly Indian. So at this time I'm going to ask name not clear to give us a song for my friend, Boyce Timmons. Those of you who have respect, figure for yourself whether you want to help this organization. That's what we're here for.

(Singing for about 5 minutes.)

(Unrelated conversation going on for about 2 minutes. Money being collected for special offerings.) (Next is special song for visiting tribe. This takes about 5 minutes of tape.)

Next on the program will be visiting tribe. Following that, will be a special: I would like to say we are here on this event of special, being in honor of my boy--my oldest son, to recognize him as a member of the local chapter--Calumet local chapter, and we are very proud of him. Today is his birthday also. And we'd like his fellow officers to dance with us at this time. We are greatly honored to have my son picked out.

(Singing again for about 5 minutes) The remainder of this tape is unrelated conversation. (End of side B)
