BACKGROUND OF INFORMANT:

Susie Hammon is 87 years old. She lives in the Hulbert, Oklahoma area and has lived here for many years. She is in poor health and does not hear well and some questions have to be repeated. Mrs. Hammon still has a very good memory of herbs, Indian foods, and can speak both Cherokee and English well. She is a full blood Cherokee.

Remarks on Interview: Maggie Downing is present and participates extensively in this interview. Apparently Maggie is a relative of Mrs. Hammon and went with Field Worker to assist in this interview, and does translate some of the Cherokee words spoken in interview.
