And Arch Wolf. Old Arch Wolf was in that house, you know, when they blasted--killed Ned, you know.

(Well. You were telling me while ago about Wiley Wolf's dad. You said, he was killed.)

Yeah, he was killed right there, you know, where we turned into that gate. Just, oh, little ways from there. I don't remember just what direction. I believe its west. Used to be an old road go through there.

(Yeah.)

There was some more Wolfs killed him.

(Well.)

Now Wiley spells his name Wolf.

(Yeah.)

And this Wolfs that killed him was Wolfe. They lived over there. I knew all them. They were kinda, you know, mean.

(Yeah.)

Back in those days 'course we had good and bad ones too.

(I can't imagine those folks killing each other just--unless it was something serious.)

Dick, that was Wiley's brother, older than Wiley lived right there where we turned off. Used to be, I know you remember old frame building there, unpainted.

(Yeah, I remember.)
