

First time in her life. I said, I don't know. So we went in (to the office), and they said, I don't know she's got such good record going to public school. I don't know whether they'll take her or not. I don't know if there's a vacancy over there, all filled. But they told her, if somebody's to drop out, they'll let us know. Then school took up, and she went on to school. I don't think it's any more than a month, she got a letter. Somebody had dropped out, and they were willing, and she went. And she told me...she says, you know Carla Ray is a changed girl since she went on that...look like a government school, all together. We know what we went through, we know what it is.

She said, she really did change. When she came home on her vacation, she said I never had to go in and make her bed, pick up her clothes. She always had her shoes lined up there, every morning, she says, she picks up. I go in there thinking I'm going to have to do this and that in her room. All...everything is in order. Now she's learned all that. And when she went over to that...when they went to California, that's the way it goes. Have to make her own bed. But something she never did do. She knew how, but she never did. So that might be one that you would see, that relocation done for her.

#### PUBLIC ASSISTANCE AND ATTITUDE TOWARD UNWED MOTHERS

(How about...you know, county and state welfare? Does that help the Indian people out?)

Yea, they do.

(Are there any problems you have with the welfare system?)

They, ...they have to be getting so much money a year before they can get like that, you know, you said the welfare. Now, we have a lot of girls that's been naughty, you know...I call them, illegitimate children. They been taken care of, all together. We always say, that's not right. I heard one Indian woman say, well, the white man ought to not help them. They ought to take care of themselves, if they lead that kind of a life, they shouldn't be helped. But they taken a lot of the children away from them. I know, I got one of my cousin's girl...I guess three of them, they got three of them, all like
