

(Where would you get the things do make the pots?)

Use that red clay and that white clay.

(Where do you get the clay at?)

Right here on the place.

(Oh, you do?)

Uhuh.

(Do you heat your pottery after you make it?)

Oh, you mean, well, yes if you make it the old style you do bake it.

I just stick mine in the oven. Let them go at that.

(Do you put special designs on them?)

Yes, you can paint them after they're..and then gloss them over.

(What do you gloss them with?)

Well there's various things that you can use. You can use commerical products now which is a whole lot easier.

RELIGIOUS LIFE HISTORY:

(Did you belong to a church or do you belong to a church today?)

Yes, uhuh. I belong to the Catholic Church. In fact I was baptized on my deathbed as Dr. Hume said we didn't think I'd make it, so Father Isadore baptized me and I have my baptism record. That ties in November 1903. I'd just forgotten the date.

(Were you a Catholic before you were baptized? Did you go to church?)

No, this was while I was a child.

(How old were you then?)

Three.

(Oh three?)

Uhuh.

(I didn't realize that you were that young?)
