(What--what--what part of that plant do they use to take, you know, of that medicine?)

(Yeah.)

(Yeah. Do you--do you know what part they use?)

(Yeah.)

Probably boil it.

(Yeah.)

Probably boil it, you know. That's a herb, you know, they have to boil it, you know.

(Yeah. What--what was it?)

Huh?

(What was it call in Wichita? Do you know the name?)

I don't know what they call it, but it's for, you know--well, you know, you can't give out.

(Yeah.)

It gives you--you use it right, I guess, it gives you power to race.

(Yeah.)

Goes through your system.
