Uh-huh.

(I wonder if he was any kin to Will?)

Will Durant? Yeah, they said -- and Jackson I guess it's something here and Durants named after him. Jackson Durant, I think. Something like that. That Durant was named -- he was raised right there and they this other one is named after him. Yeah, they say Will Durant is some kin to me, but I never did know him much.

(You never did know him? You never did hear him?)

I've heard him but, he was working for the department thing that time I know him, but I never did see him. I just know they said he was kin to me and that's all. But I think he's dead now --

(Yes.)

I thought he was. Yeah.

(Did you ever go to any of the courts. The court meetings that were held?)

No, I never did.

(I just wonder if women went?)

I guess they did but I never did. I was at school that time my grandpa was to tell me that courts done all closed and everything. Then just white folks court then when I came.

(The Indians court--these were held around Atoka?)

Yeah.

(Down around Boswell and old--down there.)

Um-hum. That's what they said.

(Where were you born?)

I was born in Atoka County.

(In Atoka County?)
