

Yeah, I heard it.

(What kind of thing was that?)

Oh, well, I just don't know. It's just don't know, what kind of thing that is. Some of these old people just tell a story about it. And they go dancing. I never did see that Ghost Dance no time.

(Remember what the Old People said about it?)

Yeah, it's just like this ah...round dance they have now. But they say go....I don't know. I don't know how to call it. One old man was telling... whenever they go around out there. They say they get _____ don't know what they say about that...when they talk about it.

(What church do you go to now?)

I go to the Methodist church now here.

(Did you ever go to the peyote church?)

Yeah. I went there for awhile. Quit.

(How come you quit?)

I don't, I just quit going all the time.

(Did you ever hear anything about where the peyote came from?)

END OF TAPE.
