

Unhunh. Yeah. I miss it. You can't do nothing. If you get pension, I get pension you know and when late, ain't enough, we can use it. Just me and two. I got chicken. I got lot a chicken. I got young chickens too. (You got a different kind of fence now, though, haven't you?)

Yeah. We got, they - but I guess. They wore out. Rail wont stay bout three years. And we and son come back. I mean me and son live together.

WHEN MOTHER DIED SHE MOVED FROM HOME FOR 15 YEARS

I moved, though, when my mother passed away and my husband separate. I get out fifteen years. I move out. I just left this house. Rent it. I live over in Cherokee county. When I want to come back, I come back in 1941. (You have been here ever since?)

Unhunh. And I told 'em not to steal my land you know. Yeah. I forgot that I move out. Cause I don't stand it. I got to do something.. Cause I can't forget my mother, you know. I sure was sick. I get lonesome. Some people told me " You have to move and in awhile you'll be all right. That's what they told me. I'll get out. It's fifteen years.

(Too lonesome here after your mother left?)

Yeah. That's the reason.

(You left for fifteen years?)

I get all right when I come back.

(Well it's a nice place to live isn't it?)

Yeah.

(Quiet and away from everybody.)

And when I live up there in Cherokee county, you know I can't get along. I don't like the place, where I have to stay.

I used to live in the George's place you know.
