

eased up you now well that was a mistake cause after that I was a doctor see, cause well, I had studied first aid, but I had to do that for camp. All these things. That was both gratifying yet, it was disappointing cause I couldn't satisfy the demands of my Mission Board in building a real thriving mission but I felt I was getting to heaven and to me that's what counted But well--I didn't intend to tal about myself.

(Well, that's good good information )

But I'm sure that you could go down and see Geroge-- in Coo sin that's a littler older than I am. He must be about 15 years older then I am. He used to bring hay feed for my cow and he'd haul it out from Talequah. Cause I soon found out by the way I had one of the few--cows We called our church the Lutheran Church of Missouri Senate. Senate means it's a greek wor meaning company you now. It's only once in the New Testament you now, where the 12 year old Jesus was lost and he was traveling in the company of the senate and that's the Greek word and when Joe Barnes had to leave there rather unceremoniously why the cow went with the place. And I had to buy a feed for it Well I soon found out that the yellow hop clover or --.which they raised lots of down in there baled, didn't wasn't very mil producing so I got some alfalfa In the feed store. Geroge--had to bring it out for me Course he ran the camp store at Coo sin eight miles down the river. But it was in a way discouraging but at the same time was -- uplifting because you knew that you were gathering up the people that very many people didn't care about. At least it didn't seem that they did They would use the hill people like this fellow fishing on the Illinois River but they didn't care much about their welfare, at least
