around, just like lighting. I' seen the dust just like this aji over. Just all I see, He fily around. The other fellows same way. And findily these, these scouts, they - they go after the Indian scout; they run him back out of that mountain. So he says, "Now everybody get out of this mountain, go get on this other mountain." So everybody run off - run out and these men fighting out there. The three men they come back. So we going out this way, and when I was running, lots of people running. They were running right there. One old lady, - one old lady got shot right in the ankle there, just broke the foot just like this Couldn't waik. Just hang. So just stand there and cry. And another girl running by me; she got shot right in the hand. She fall down, but she got up and her hand was like this, and blood was all over. So this bid lady sitting there - wants us - wants - she noed nelip. But nobody : everybody just pass, them by. Cause she couldn't do nothing she couldn't walk. Because - besides she's old. So that - later on, thesemen come in there with the horses, bring the horses, wild horses, they rope wild horses on put - saddle them up - put that old lady - they put on that old lady and tie her to saddie. And tiren they turn them loose with them wild horses. . Just - just Iftile ways, few isteps the horse commence to buck but there it is - she faill dowa. they're right there - 'íver - nobody never bother her. Just leave her - let her stay - Lay there. $\because$ Then they all go on up. Then they all go to the mountain there, get togetner again - and then the same night, they started 'of march sputh. They kept going for about 2 days: Then this - they stop for a little whire. The wind come foom south. They said about four miles from here, was good spring water. But always the Mexican Army camped over there, thiey camped over there. I guass they walt; they looking for us ovier there. 8o sone of us want to go difforent -ai go around it, - furhy you can do fit. That's what they sit. But most of them they: want to go right through anywiy. So this Mangus, a Fey of un tool us to
