

you have to get me a horse. I went up there--I went up after him, you know.

Big horse, about three year old working horse, good one. I brought him.

That's what they took over there that time. They come over there, Old Man

Young, mud lodge you know, on this side. Didn't have a doctor dance, they

have two beefs all the time. Two, dry meat. And we was out there in that

patch there there was an old house there and we got in there and have that

dance.

Mrs. Osborne: Old house was there.

(There used to be an old house there?)

Yeah, we got in there and that old what they call them? Them winchesters.

you know, put it in the wagon and there was a whole lot of cows in there you

know. Old Man Shooter was all in a wagon and Laurence and them two was in

there and right there. Old Man Shooter he got (words not clear). I don't

know where it hit him. Old Man Sun Eagle thought he knew how (Pawnee word).

He give them that. Old Man Sun Eagle, he doctor come over there. Lawrence

he knows that. He starts to run that away, so I jumped off quick and I ran

over there, I was kinda young yet. I run over there and I caught up with

him. Boy just barely going and I caught up with him and I got him right on

the side of the road. I got him that time.
