

manners and a good--she knows when she goes places she knows how to conduct herself. She knows how to do and she has real good manners and Mrs. Sandlin is the one that helped her and taught her these things. I always felt like that Mrs. Sandlin was one of the very good teachers that Katherine had. My older son works and lives in Moss Glen, Colorado. That's about fifteen miles north of Denver. My son, Charles, lives here in Pawhuska and he works for the Labor Department of Oklahoma. My son, Jim, he works for Multiple Purposes in Norman, it's at the University of Oklahoma. My youngest son just got out of the Army and he has a real Army career, or had a Army career. He has his discharge he's home right now and I think he's going to school at Northeastern at Tahlequah. My daughter is with me right now and she's working on research for the University of Oklahoma. I've enjoyed my children and I thank the Lord for 'em. Another thing about my life and my husbands life is our Christian life. We attend the Osage Indian Baptist Church over here in Pawhuska. Our children were all saved at an early age and they are all members of this church. We have two daughter-in-laws that are Southern Baptist too. Our children were raised, like I say, in a church and there are things that happened and events in our church, my children have been so much a part of. They have observed Youth Week and my children were part of that. They had Bible School there and my children were part of that. And now my grandchildren are attending Bible School in this church where their dads and mothers were members and were raised at.

MRS. RED CORN DOES BEAUTIFUL SEWING AND RIBBON WORK - EXPERIENCES IN LEARNING

I would like to tell a few of the things that I enjoy and one of the things that has helped me through the years and that is my sewing. When my boys-- I just had three at the time--were little, one day, Mrs. Fred Lookout sent after me. I lived a block from her. She sent after me. I went over there to see her and she told me she said, "You have little boys" and she said,
