

(Did you ever ride horseback?) Oh, lots of times. (Did you like it?) Um-hum.

(Did you catch it yourself?) No, I tried it, but I can't catch them. Somebody has to catch it for me to ride it.

(What kind of a saddle did you use?)

No saddle. Nothing.

(How did you stay on?)

Oh, I put a rope here and put a loop here and I put my feet through there and I sit on it. I have bridle, though.

(Store bridle?)

Um-hum. Well, they buy them at the stores. Sometimes--well, like I said, the government issued lot of things. And they keep bridles and that's what I used.
