

Many got their education was right there in that building.

(Yeah. Well now Will Rogers was also a student there.)

Yes. Evidently he went to both.

(There at Willie Halsell. Of the two schools here in Vinita. Will Rogers did go to the higher education school in Kansas or Missouri.)

Yes it was in Missouri.

(Missouri Military Academy.)

McSPADDEN FAMILY

Uh-huh. Now here's this name Worchester again. Now here's Dr. Woster Foreman serving the community area from 1878 until his death in 1910. I think Foreman street here in Vinita was named for him. And Mrs. McSpadden who lives here in Vinita. She's his daughter. And I've talked with her. But I can't remember all the details she gave me. And I'm going to go up and get a tape recording from her if I can. Now that's--there's that not much. Now that is Craig's mother, after whom Craig County was named.

(Uh-hum)

And this lady. I wrote this only a few minutes ago. Given by Mrs. May Coates Moore.

(Uh-huh)

And this was her grandmother. And the mother of Randall Craig for whom Craig County was named.

(Well)

He was going to go. Randall Craig was selected to go to the convention to draw up the constitution. Constitution convention, you know. But he for some reason didn't go. And so Judge Carnegie went you know Judge Carnegie or of him.

(Uh-huh)

Went in his place. To help Bill Murray write up the constitution.
