

Yes.

(Who played with you?)

We'd have to have a team you know. On each side. I couldn't say who did play.

(Now seem to be..I was very small at the time and uh...seem like my father,

Aunt Ella was she there? Ella West?)

I imagine she was.

(Now this seem like to me that I...)

I guess Uncle Dan was there too.

(Yeah.)

You know you didn't tell me all this so I'm just now beginning to remember. (laughter)

(Yeah. Ella. Dan. You know...that's what I remember. Seems like I remember her there. Vaguely. I don't even remember what she hardly look like. But I remember Dan West. And how about Mr. Harvey did he ever come down?)

Yes, they were down. Mr. and Mrs. Harvey.

(And they had children, too, I imagine that came down and played...)

I imagine everybody came. I imagine Mr. and Mrs. (Osage name) came. And they'll ...I guess there's several of them that came that I can't remember right now.

(Well how about...how about our neighbors over there, the Logans. Did they ever come over?)

Mrs. Logan.

(And his girls?)

(Oh, in the twenties they came in cars, didn't they?)

Oh, yes, they came in cars.

(They all had cars at that time.)

They come in cars but I don't remember the time...the first time...I don't think there was any cars.

(First time down here at the Claremore camp. They came in wagons more or less.
