

Blackdog. I think she was a Sigman (?). Might be her mother, I don't know, I ain't that old. Some (not clear) but-- Then I have a very big nice picture of these two elderly ladies. They are both sisters (67). One of--Mrs. Maker. Ah hah a kah's (?) wife. Then her sister, Miss West. Ella West. That's Jim Maker's mother and your grandmother. Then I have a nice picture here--a group picture of some ladies (68), and it seem like these are Mrs. McCarthy's family. Mrs. Nettie McCarthy's and Mrs. Lou Blackdog. And Mrs. Kate Brker, which is Miss Nettie's sister. And Mrs. Mabel Cole that was their sister--younger sister. And I don't know who this little child is. That's that little child Mrs. Blackdog had her with in that picture and this is that little girl. I don't know which one it is. Had dark blue dress one. That's the one. Oh, this is another picture. The nice couple here--elderly couple. Very nice looking picture. They are also the full-blood Osage from Hominy. His name is Heskahmoie (?) and his wife Hes kah moie and his wife, (69).
