

to help people and to get earth medicine. And I hold to and believe in Indian medicine and earth medicine, and blackberry roots and I make tea out of them and drink little of the wine and I got to bed and about you had a bad cold, and tyin 'em up and healing 'im up. And that's the way I believe. And I know lot medicine for arthritis medicine. And we use this turtle shells. And we heat it and warm it up, and put it on there for your joint - where your joint is and everything in your joint and just put that thing and warm it up - couple weeks and it will go away and heal. And that's the way that I believe it. And I know lot of earth medicine - I help a lot of people. And I got all kinds of stuff. And I believe it, when you have your home and you get a lot of trouble - and Indians, they stir your home up. When they get mad, and they're pretty bad. And they go and make tobacco and spread it around your house. Then when your feeling have a trouble 'round home, then go to see people they one they knows that can help you - they fix tobacco and have it around home and smoke, until everything go away. And that's the way I believe it. And I believe in the Lord, too. And I pray and work medicine - everything. Because the Lord - Indians - and teach and believe it, my faith and medicine, and believe in the Lord. You ask him. And that's what I do. So I am glad, tonight, and I say that much - the way I raised.

NO EDUCATION - DAUGHTER TAUGHT HER HOW TO WRITE HER NAME

And I was raised really poor. And I went - tried to go to school, I had so many brothers, and Momma was sick. I ain't got no education. And I talk a little English and sometimes I talk backwards, and still they can understand me. And I got lot of friends, and they really care about me because I be good to everybody. And I got - I had one daughter and she died with the T. B. And he died in my home, the same way with Moma. And
