MINUTES OF THE BOARD OF REGENTS
November 15, 1946, 4:00 p.m., President's Office
University of Oklahoma

Present were W. R. Wallace, presiding; Emery, Shepler, White, and Noble. Absent: Deacon and McBride.

The minutes of the meeting on October 9, 1946, were approved.

President Cross called attention to the communications from City Manager T. E. Thompson concerning the water wells on the North Campus in which the City has requested that the wells be turned over to the City of Norman. Following a discussion of this matter it was pointed out that the University is occupying the Base under revocable permit and responsible to the Navy for complete maintenance of the facilities. President Cross was instructed to notify the City Manager and City officials that the University must retain control of the Navy Base and all facilities until it is released by the Navy.

The proposal that the University of Oklahoma Press Publishing Division publish Harold Keith's manuscript entitled "Sooner Football, the First Twenty-five Years" to be sponsored by the Oklahoma Athletic Association was discussed briefly. Action was deferred pending further investigation.

President Cross submitted a recommendation for Jap Haskell, Director of Athletics, that the student athletic tickets for the second semester be sold for $5.00. The ticket will include approximately 35 events in basketball, baseball, track, swimming, gold, and tennis. President Cross recommended approval and that the ticket be made available for pre-enrolment in order that the holders may attend the athletic events beginning in December.

On motion by Emery it was unanimously voted to approve the $5.00 athletic ticket as recommended.

President Cross reported with reference to political meetings which had been held on the campus prior to the election. He stated both Mr. Turner and Mr. Flynn had had meetings and that some of the candidates for national and state offices were also present. President Cross expressed the opinion that the meetings were beneficial to both students and faculty and was well pleased with the arrangements that have been made.

President Cross reported with reference to Whitehand House, formerly the Masonic Dormitory, stating that the remodeling work had been completed, but that the building had not been connected with University utility lines. He stated 175 men veterans had moved in several weeks ago and that it was working out in fine shape.

The President called attention to the fact that the building is within a few feet of the east property line and stated the University should acquire the strip 20.25' wide at the front, and sufficient space at the rear of the lot to permit the construction of kitchen and dining...
room facilities. Mrs. H. E. Powell, the owner, has expressed a
willingness to sell a strip of land 20.25' wide and 190' feet deep ad-
joining the east line of the Whitehand House site; plus a rectangle
of land 44.75' wide and 75' deep adjoining the north end of the
above described strip at a price of $7,500.00. He stated funds
are available to acquire this property and recommended that it be
purchased.

It was unanimously voted to approve the recommendation
and President Cross was authorized to enter into negotiations with
Mrs. Powell for the land.

President Cross reported that Fred G. Oliver had deeded
to the University a 60-acre tract of land lying immediately south
of the South Navy Base, Mr. Oliver to retain all mineral rights
during his lifetime and a life estate in the land for farming
purposes. The gift was made to the University for experimental
purposes and to provide a wildlife sanctuary. President Cross
stated that the first contact with Mr. Oliver was through Dr.
Arthur M. Bragg, Assistant Professor of Zoological Sciences.

It was unanimously voted, on motion by Regent Noble,
that President Cross write a letter on behalf of the Board express-
ing appreciation to Mr. Oliver for this gift.

A letter from Dr. E. B. Sanger, D.D.S., concerning the
establishment of a dental school was presented by President Cross.
It was the sense of the Board that this matter is worthy of con-
sideration, but it was felt that before any action is taken the
matter be thoroughly gone into. The matter was placed on the
agenda for future consideration.

President Cross read a letter from Dean J. P. Gray con-
cerning the allocation of a part of the land immediately east of
the School of Medicine for the purpose of a Research Foundation
Building. This matter was fully discussed and referred to Presi-
dent Cross for further consideration and recommendation.

There was a discussion concerning the University of
Oklahoma Research Foundation. President Cross stated that the most
urgent need is the appointment of a director and in this the Board
concurred. Regent Noble suggested that a committee be appointed
to investigate similar organizations in other states and that at
least one lawyer should be on the committee.

President Cross reported that the Attorney General had ruled
favorably on the question on a general fee for the retirement of the
Music Building Bonds. This matter was under discussion at previous
meetings. Action on this matter was deferred.
President Cross submitted the floor plans and a perspective drawing of a classroom building by architects Hudgins, Thompson, Ball, and Associates, Oklahoma City. The Board approved the recommendation that the plans be approved.

President Cross stated that he had had a conference with Dr. Arnold E. Joyal, Dean of the College of Education, concerning an invitation he had received from the University of Illinois about a similar position in that institution. He stated that a committee from the University of Illinois had been on the campus for an interview with Dean Joyal and that he had been approached by the President of that university and was offered the deanship at a salary much higher than his present salary. He stated that Dean Joyal had decided not to accept the Illinois position because he wanted to continue with the program started in Oklahoma a year ago and which has not developed to the point where he would want to leave the work unfinished.

President Cross stated that he had considered an increase in salary for Dean Joyal even before the Illinois offer was made; that Dean Joyal is doing fine work and is liked by the school men throughout the State. President Cross stated he had not decided on a recommendation, but had thought of $6600.00 or $7000.00 on an annual basis as a salary for Dean Joyal.

A motion was made, seconded, and carried that the President be authorized to grant an increase to Dean Joyal and that his salary be fixed at an amount not to exceed $7,200.00 per annum. The President expressed his appreciation to the Board for this action and stated that he would report on the matter at the next meeting.

President Cross stated that the University of Oklahoma Dad's Association had adopted a resolution requesting that the Board of Regents create a position, the appointee to devote all of his time to the University of Oklahoma Foundation. President Cross recommended, in response to the resolution of the Dads' Association, that such a position be created. He recommended also that the Dads' Association be commended for their interest in this matter.

On motion by Regent Noble it was unanimously voted to approve the recommendations and that the President of the Dads' Association be written a letter.

President Cross called attention to a letter from Dr. John H. Lamb, Secretary of the Oklahoma Medical Research Foundation, proposing that a football game be played in Norman on January 1, the proceeds to go to the Foundation. President Cross stated that the Athletic Department had been approached concerning a post-season game at Tulsa with Tulsa University. The whole matter was discussed, but no action was taken.

It was agreed that an adjourned meeting be held on Saturday, November 23, at 10:00 a.m. to take action on items requiring further information and consideration.
There was a recess for dinner in the Union Building at 6:30 p.m.

Regent Wallace called attention to a letter from Mr. Rowe Cook, representing the Norman Steam Laundry, objecting to the establishment of laundry service by the University. The letter had been forwarded to President Cross who stated that he had had conferences with Mr. Thomas R. Benedum of Norman on this matter. Following a discussion the following resolution was unanimously approved. President Cross was asked to transmit a copy of the resolution to Mr. Cook and other interested parties.

RESOLUTION

Resolved that the President of the University be authorized to state on behalf of the Board of Regents to Mr. Rowe Cook, representing the Norman Steam Laundry, L. C. Lindsay, Jr., Manager, in response to his letter of November 9, 1946, that whenever Mr. Lindsay presents evidence to the President of the University in writing that he can supply adequate laundry service for the University students, that the President of the University is authorized to discontinue the University laundry; and

That he be further advised that, if after making this commitment, he fails to provide adequate laundry service, the Board feels it will then have no recourse for the relief of University students other than to again commence the operation of the laundry and to continue its operation.

The Regents recognize their first obligation to be to the students of the University. The Board of Regents is not in favor of University competition with private enterprise and only favors the supplying of goods and services to the University students when it becomes necessary in order to discharge the Board's duty to such students.

President Cross reported that the Norman grocers had raised an objection to the proposal of organizing a cooperative by the veterans to handle groceries and that he had had conferences with Norman merchants and the committee of veterans concerning this matter. A letter from Don W. Lyon, Secretary-Manager of the Oklahoma Retail Grocers Association, to Regent Wallace was also presented. After a discussion the following resolution was unanimously adopted and President Cross was asked to send a copy to Mr. Lyon and other interested parties.

RESOLUTION

Whereas, a letter has been submitted to the Board of Regents through its President, W. R. Wallace, by Don W. Lyon, secretary-manager of the Oklahoma Retail Grocers Association, protesting the establishment of a consumers cooperative grocery store on or near the campus by "certain veterans' groups"; and
November 15, 1946

Whereas, after investigation we find that the President of the University has advised the veterans we do not have authority to provide space for a cooperative, but that the establishment of a grocery store off the University Campus is a matter beyond the jurisdiction of the Regents, and

Whereas, there are two large communities of University students located approximately two miles from the business section of the City of Norman, insofar as a general supply of groceries is concerned; and

Whereas, in consideration of the living allowance and the absolute necessities of veterans, one small store has been set up on the North Campus by the University,

Now, therefore, be it resolved that the Board's first duty is its duty to the students of the University; that until the Norman merchants can provide a store for the convenience of the students, the President of the University is authorized to supply their needs;

That the Board of Regents is not in favor of University Competition with private enterprise and only favors the supplying of goods and services to University students when such becomes necessary to discharge the Board's duty;

That Mr. Lych's letter be delivered to interested veterans for their consideration.

President Cross called attention to the item on the agenda on the Oklahoma Memorial Union Building matter which had been discussed at various meetings. There was a brief discussion and it was the sense of the Board that this be passed over until the meeting on Saturday, November 23, with the hope that it would be definitely settled at that time.

President Cross reported that the payments from the Veterans Administration for instructional costs are not made until the close of each semester and that allocations from State appropriations for the first six months period would probably not be sufficient to pay salaries and operating costs to January 1 when additional State appropriations become available. He requested that the Board of Regents authorize a temporary loan pledging as security the amount due the University from the Veterans Administration, and proposed this resolution:

RESOLUTION

Whereas, allocations from State appropriations by the State Regents for Higher Education as required by law are made on six-month basis, and;

Whereas, the Veterans Administration makes payments on instruction costs at the end of each semester, and;

Whereas, sufficient funds may not be available to pay salaries and operating costs until January 1, 1947, when additional State appropriations are allocated;

Now, Therefore, be it resolved, that the President of the Board of Regents be authorized to negotiate a temporary loan in an amount not to exceed $300,000.00 for the purpose of paying December salaries and for operating costs, pledging as security the amounts due the University for educational service from the Veterans Administration.
This matter was discussed and on motion by Regent Noble seconded by Regent Emery it was unanimously voted to adopt the resolution.

Recommended that the flight training fee be fixed at $8.00 per flight hour instead of $8.50 per flight hour which was approved October 9. President Cross stated that more veterans would be eligible to enroll for flight training under their allotment if the fee were reduced and that this amount is acceptable to the contractor.

On motion by Regent White the recommendation was approved.

Recommended that course fees be increased in the following laboratory courses in order to meet increased costs, the fees to become effective at the beginning of the second semester of the school year 1946-1947, January 24, 1947, and to be applicable during the pre-enrolment period for the second semester on November 29, 30, and December 2.

- Plant Science 1 increase from $6.00 to $7.50
- Plant Science 81 increase from $8.00 to $12.00 (Experimental Bacteriology)
- Zoological Sciences 1 increase from $2.50 to $3.50
- Zoological Sciences 2 increase from $3.50 to $4.00

On motion by Regent White the recommendation was approved.
