"Re: Bid for Oil and Gas Lease on land described as 'Tract A' in Notice of Sale of Oil and Gas Leases first published January 21, 1960

"Gentlemen:

"The following bids are submitted by Petroleum, Inc. (d/b/a Petroleum, Inc. of Kansas) for an oil and gas lease upon all of the Regents' interest in and to the oil, gas and other minerals lying in and under the tract of land specifically described in the Notice of Sale of Oil and Gas Leases as 'Tract A', said tract consisting of land known as the 'Golf Course' and 'Parkview Apartment' property and containing a total of 73.853 acres, more or less.

"The Regents indicated an interest in different bid combinations on cash bonuses and excess royalties by expressing in the published Notice that they would 'consider as a definite part of each bid, such cash bonuses and any preferred royalties greater than those specified.' Three bids are

submitted, each of them containing a different cash bonus and two of them containing royalties on oil greater than those specified in the Notice. The Regents may accept whichever of the following three bids they prefer.

"As an additional consideration for an oil and gas lease covering said 'Tract A', Petroleum, Inc. expressly agrees that it will commence operations on or before March 4, 1960, to drill a test well in the center of the NW/4 NW/4 NE/4 of Section 5-8N-2W, Cleveland County Oklahoma, and will drill said well to a depth of approximately 8800 feet or to a depth sufficient to test the 'Oil Creek' sand. Said test well will be a direct southeast diagonal offset to the 'Golf Course' property and a direct east offset to the 'Parkview Apartments' property.

"It is respectfully submitted that the Board of Regents should also consider as a part of this bid the fact that Petroleum, Inc. has procured an agreement giving it the right to locate drill sites on the NW/4 NW/4 NE/4 of Sec. 5-8N-2W for the drilling of directional wells. From these locations outside the city limits, wells bottomed under the 'Golf Course' and 'Parkview Apartments' can be drilled. Petroleum, Inc. is in a position now to meet the prescribed condition of the six-month drilling requirement. To our knowledge no other bidder is in this position as we believe none have acquired feasible drill sites or can represent to the Board that there are probable prospects of acquiring them.

"We enclose a check in the amount of $25,146.95, which is 50% of the total cash bonus payable under Bid No. 3, above, which contains the highest cash bonus offer.

Respectfully submitted,

PETROLEUM, INC. (d/b/a Petroleum Inc. of Kansas)
