A regular meeting of the Board of Regents of the University of Oklahoma was held in Dining Room 5 of the Oklahoma Memorial Union Building on the Norman Campus of the University on Thursday, December 11, 1975, beginning at 10:30 a.m.

The following were present: Regent Walter Neustadt, Jr., President of the Board, presiding; Regents Mack M. Braly, Thomas R. Brett, Bob G. Mitchell, M.D., K. D. Bailey, Richard A. Bell, and Dee A. Replogle, Jr.

The following were also present: Dr. Paul F. Sharp, President of the University; Provosts Hunsberger and Thurman; Vice Presidents Burr, Dean, Morris, Nordby, and White; Mr. Joseph C. Ray, Executive Assistant to the President; Mr. R. Boyd Gunning, University Trust Officer; Dr. Thomas H. Tucker, University Chief Counsel; and Mrs. Barbara H. James, Executive Secretary of the Board of Regents.

Regent Replogle moved approval of the minutes of the regular meeting held on November 13, 1975, as printed and distributed prior to the meeting.

The following voted yes on the motion: Regents Neustadt, Braly, Brett, Mitchell, Bailey, Bell, and Replogle. The Chair declared the motion carried unanimously.

President Sharp noted the loss on Tuesday of this week of Dr. Jack L. Robinson, Professor of Economics, killed in a traffic accident in Hawaii where he was conducting classes for our Advanced Program. "Jack was a good friend to a great many of us. His openness and friendliness will be sorely missed. We have lost a valued colleague. Through his teaching and research, he contributed greatly to the College of Business Administration and the University and I want to pay tribute to that and note his passing with genuine regret."

Regent Mitchell reported the Administration and Organization Committee met yesterday and discussed the guidelines for administrative procedures for hiring presidents of colleges and universities in compliance with Title VI of the Civil Rights Act. He said the Committee recommends, and he so moved, approval of the following guidelines for administrative procedures for hiring the President of the University of Oklahoma:

1. Availability of the position should be made known in the widest possible manner. This should include announcements of the vacancies to both higher education institutions and private nonprofit organizations, such as Urban League, that can serve as a
source in this area. If advertisements are purchased, careful attention should be given to minority-oriented media. The Chronicle of Higher Education is apparently viewed as sufficient exposure in the national media for all audiences. If purchased advertising is considered at a local level, then specific minority media outlets should be included.

2. The selection criteria including elements of the job description, requirements, and manner in which applicants are screened by whatever procedure set forth should be equally accessible regardless of race or sex. If applications are solicited, care should be taken that racial minorities and women be included in those direct solicitations.

3. When the applicant pool is closed, the hiring board should assure the presence of racial minorities and women with additional recruitment, advertising, or solicitation undertaken to assure the representativeness of the applicant pool if necessary.

4. Careful and complete records of the entire hiring procedure documenting the Board's adherence to established guidelines should be maintained by the Board.

The following voted yes on the motion: Regents Neustadt, Braly, Brett, Mitchell, Bailey, Bell, and Replogle. The Chair declared the motion carried unanimously.

Regent Brett reported the Facilities Planning Committee met yesterday. Two items not included in the agenda on which there is a recommendation are as follows:

University House

The Cleveland County Historical Society has recommended that University House be placed upon the National Register of Historic Places. President Emeritus George Cross has also expressed an interest in such action being undertaken.

University House was built by J. H. Felgar, Dean of the College of Engineering, and was completed around 1908. In 1914, the University acquired the property and sixty acres of land now comprising the south part of the Main Campus in return for some land west of Norman. The building served as the residence of the University's President until 1969.

During these years thousands of O.U. students enjoyed the hospitality of the presidents who lived there, and many internationally known persons
visited the home. Among those are President Benes of Czechoslovakia at the beginning of World War II; Emil Ludwig, German Biographer; Carl Sandburg, American writer and authority on the life of Abraham Lincoln; Lord and Lady Halifax of England; Ruth Bryan Owen Rohde, daughter of William Jennings Bryan; and Milton H. Eisenhower, brother of President Eisenhower and then President of Pennsylvania State College. In addition, various college and university presidents, deans, chancellors, and other officials have been guests in the House, and the House has served as a meeting place for numerous University organizations and activities.

Architecturally, University House is modified Greek revival with Ionic columns. Its architecture and color have led it to be referred to locally in some cases as the "White House of Norman."

Legal Counsel has reviewed the implications of placing a University site on the National Register. Those implications are essentially three:

1. It would make the University eligible for consideration for financial assistance in the preservation or restoration of the site.

2. It would require consultation with the Advisory Council on Historic Preservation prior to any undertaking which might alter the historical significance of the site. The University might be restricted as a result of the consultation from demolishing the structure in the future should we wish to utilize the site for some other building purpose.

3. The property would need to be opened to the public for twelve calendar days per year.

The proposal has been reviewed by the Administrative and Physical Resources Council which recommends that the University concur in an application for the University House to be placed on the National Register of Historic Places. In presenting this recommendation, the Council notes that it does not appear likely that the University would use the site of the University House for any other purpose. Earlier plans had suggested use of the site for the Law Center, but with the movement of the center of campus activities southward, use of the site for a new structure does not appear likely. In addition, the Council indicated that it believes "that the prospect of financial assistance in preservation and restoration of the site and the goodwill which would be created outweigh the slight disadvantage these restrictions may present."

President Sharp recommended that the University support efforts to place University House on the National Register of Historic Places.

Regent Brett said the Facilities Planning Committee recommends approval of President Sharp's recommendation and he so moved.
The following voted yes on the motion: Regents Neustadt, Braly, Brett, Mitchell, Bailey, Bell, and Replogle. The Chair declared the motion carried unanimously.

Oil and Gas Lease – Logan County

Regent Brett reminded the Board that one bid was considered at the last meeting that was received in response to the advertisement for bids on the property in Logan County (Blanche Huls Estate). The bid was rejected because the bidder failed to meet some of the requirements (p. 13662). The bidder, Ruford F. Madera, has now agreed to meet all requirements of the bid advertisement (p. 13606) and has resubmitted his bid of $25.00 per acre for a period of three years with the University retaining 3/16 royalty from any oil and gas produced from the property.

Regent Brett said the Facilities Planning Committee now recommends acceptance of this bid and he so moved.

The following voted yes on the motion: Regents Neustadt, Braly, Brett, Mitchell, Bailey, Bell, and Replogle. The Chair declared the motion carried unanimously.

Regent Neustadt called attention to a petition presented to the Regents, signed by 74 patrons of Sooner City Nursery and Kindergarten, which reads as follows:

"We, the undersigned, protest the abrupt closing of Sooner City Nursery and the lack of notice given to the parents to relocate their children. We request an additional thirty (30) days from the January 15, 1976 deadline to relocate the children and/or come up with another alternative."

Regent Neustadt said the closing of the Sooner City Nursery is not an agenda item but he would be glad to place the matter on the agenda. He called attention to the fact that the closing of Sooner City Nursery is not a Regential action but an administrative one, but said the Regents would be happy to listen to the individuals present who are concerned about the matter. He asked first that President Sharp and Vice President Morris comment.

President Sharp said this is an administrative problem in that the administration is responding to instructions from the Regents from about a year ago to make the auxiliary enterprises pay their own way or phase them out. He pointed out that as we have had to do a number of times in the last year and a half, we are having to close an activity because of financial exigency that will disrupt a number of people. He said we will have to continue to do this until society decides to give universities a higher priority. President Sharp then made the following statement:
"On Tuesday of this week after several days of careful study, we were forced to announce the closing of the Sooner City Nursery and Kindergarten. Sooner City has been in operation and serving the needs of University of Oklahoma students and employees for 29 years. It was with great reluctance that this decision was made. Our problem is basically a financial one. Sooner City had accumulated a substantial cash deficit over the last five years and in spite of our strenuous efforts to save the facility, our monthly losses were once again increasing. Last month's loss exceeded $4,000.

"There are several reasons which make it impossible now for the University to continue the operation of Sooner City. First, we must pay a state minimum wage which far exceeds the salary scales in effect at other day care centers. Second, we were providing care to a large number of infants and children below two years of age, a service which is extremely expensive compared to the income which it can generate. Third, there has been some accumulation of bad debts. The fourth reason, and perhaps the major factor for the sudden increase in losses, was an unforeseen drop in the demand for services and the enrollment in the program. We had anticipated an enrollment of 220 students and our program is presently providing care for only 170.

"We are fully aware of the problem that the closing of this facility will cause to the parents of children who have been enrolled at Sooner City. We will make every effort to assist in placing the children in other day care centers.

"There appears to be little difficulty with those children who are over two years of age. However, there are not as many vacancies for the younger children and on the assumption that the parents might have some difficulty relocating their children, we have extended the closing dates for this age group to March 1, 1976. The closing date for children over two years of age will be January 15, 1976.

"In a meeting with the parents Tuesday evening, Dr. J. R. Morris also indicated a willingness to discuss a possible leasing of the existing facility to a parent group or other organization which might be willing to undertake its continued operation. I would emphasize that offer is open to any interested individual or group of people."

Dr. Morris said he realizes the abruptness of this closing and he is keenly aware of the difficulties this closing causes. He said it was handled as quickly as possible after he realized the seriousness of the situation. He called attention to the fact that the University is interested in assisting individuals or groups in leasing the facility so that day care can continue, primarily for students, faculty, and staff. To extend the deadlines, however, he believes would not serve any useful purpose. He called attention to the fact that we must move ahead with relocating the current staff of the Nursery.

Regent Neustadt then recognized the following individuals who urged that the requested extension of time be allowed:
Regent Neustadt assured the protestors that the Regents are sympathetic with their situation but he said they still must act as a responsible Board as far as the financial circumstances are concerned. He called attention to Title XX which may go into effect on January 31, bringing with it costs that would be prohibitive. He assured them that the staff and the administration of the University will continue to work with them and that the Board will go along with whatever decisions are made with regard to the maintenance or extension of the closing dates.

Regent Bailey concurred in this statement of the President of the Board and said he feels the administration will continue working with them and if a viable entity is established or there is reason to believe the facilities can be maintained, the administration is going to pursue the matter of extending the deadline and leasing the facilities to an outside entity.

President Sharp recommended approval of the personnel actions listed above.
Regent Replogle moved approval of the recommendations. The vote on the motion was as follows: Yes, Regents Neustadt, Braly, Brett, Mitchell, Bailey, Bell, and Replogle. The Chair declared the motion carried unanimously.

President Sharp reported the death of Maude M. Masterson, Associate Professor of Psychiatry and Behavioral Sciences, Assistant Professor of Child Psychiatry, on October 24, 1975.

b. Medical Technology Program

President Sharp said he has been notified that the Oklahoma State Regents for Higher Education on November 19 approved a new two-plus-two program in Medical Technology, comprised of two years of work on the main campus at Norman or at another accredited institution, followed by two years on the Health Sciences Center Campus in Oklahoma City. Students satisfactorily completing the program will be awarded the degree Bachelor of Science in Clinical Laboratory Sciences (Medical Technology option). The new degree is authorized to be awarded effective with the beginning of the 1976-77 fiscal year.

This was reported for information. No action was required.

Helen Kemp Cozby, Administrative Assistant, Office of Continuing Medical Education for Physicians, salary increased from $12,500 to $13,700 for 12 months, October 1, 1975. Additional $100 per month from D0321100.

David G. Griffith, Systems Analyst, transferred from Administrative Systems, Norman Campus, to Administrative Systems Analysis, salary increased from $12,800 to $14,500 for 12 months, December 1, 1975. Budget, page 31.

TERMINATION:

Richard Gale Buck, Placement Counselor, Oklahoma Council for Health Careers, November 1, 1975.

President Sharp recommended approval of the above personnel actions.

Regent Bell moved approval of the recommendations. The following voted yes on the motion: Regents Neustadt, Braly, Brett, Mitchell, Bailey, Bell, and Replogle. The Chair declared the motion carried unanimously.

b. Student Fees

President Sharp said the Health Sciences Center administration recommends modifications to the following student fees with the change to be effective with the fall semester of 1976:

Transcript Fee - The present fee for transcript copies for students while enrolled is $.25 per copy. This fee applies to both medical and dental students. The fee for transcript copies for students after graduation is $1.00 per copy. It is no longer feasible cost-wise to provide transcript copies for $.25, particularly when they must be mailed. In order to standardize the fee with respect to the fee charged on the Norman Campus, it has been requested that the transcript fee be changed from $.25 to $1.00.
Graduation Fee – At the present, the graduation fee for both the Doctor of Medicine and the Doctor of Dental Surgery is $15.00. The graduation fee for the Doctor of Philosophy is $20.00. The present fee of $15.00 equates with the fee for the Master's degree and does not cover the necessary graduation expenses. It has been requested that the graduation fee for the Doctor of Medicine and the Doctor of Dental Surgery degrees be changed from $15.00 to $20.00. With this change the fee will be the same as the graduation fee for the Doctor of Philosophy.

President Sharp recommended approval of the changes in fees proposed above, effective with the fall semester of 1976. Fee changes are subject to approval of the State Regents.

Regent Brett moved approval of the recommendation. The following voted yes on the motion: Regents Neustadt, Braly, Brett, Mitchell, Bailey, Bell, and Replogle. The Chair declared the motion carried unanimously.

c. Purchase of Sterilizer Equipment

Bids were requested through Central Purchasing to purchase sterilizing equipment for the College of Dentistry. This bid was advertised for two weeks in the Oklahoma Journal, ran in the Southwest Construction News Report, Dodge Reports and was mailed to 16 bidders.

The following bid was received:

American Sterilizer
Eric, Pennsylvania

Sterilizer equipment installed $100,982.00
Deduct: Not Installed 8,280.00

The bid was evaluated by the faculty of the College of Dentistry and their recommendation is to accept the bid without installation.

Funds are available in Budget Account 99400990 (Dentistry Equipment) to make this purchase.

President Sharp recommended the bid be awarded to the American Sterilizer Company uninstalled in accordance with their bid of $92,702.00.

Regent Replogle moved approval of the recommendation. The following voted yes on the motion: Regents Neustadt, Braly, Brett, Mitchell, Bailey, Bell, and Replogle. The Chair declared the motion carried unanimously.

d. Purchase of Security Vehicles

The Health Sciences Center needs to replace four security automobiles. Central Purchasing has a state contract to purchase intermediate size cars from Knotts Rambler Ranch, Tulsa, Oklahoma.
Funds are available in Budget Account 38020090 to make this purchase.

President Sharp recommended the purchase of four automobiles from Knotts Rambler Ranch in the amount of $15,158.60.

Regent Brett moved approval of the recommendation. The following voted yes on the motion: Regents Neustadt, Brett, Mitchell, Bailey, Bell, and Replogle. Regent Braly abstained. The Chair declared the motion carried.

e. Purchase of Laboratory Equipment

Bids were requested through Central Purchasing to purchase 35 items of laboratory furniture for the Biomedical Sciences Building. Six firms responded to the invitation to bid. The bids were evaluated by the faculty of the College of Medicine. Their recommendation is to accept the lowest bid that meets specifications. A tabulation of bids received was enclosed with the agenda for this meeting.

The low "all or none" bid of Lab Fabricators Company does not meet specifications as listed on item 29, 30, 31 and installation. On item 29 their cabinet is for an 8 drawer cabinet instead of 48 specified. The stool bid on item 30 and 31 is plywood seat instead of upholstered. The bid does not include installation as specified. The next low "all or none" bid of Hamilton Industries meets specifications.

Funds are available in Budget Account 99290090 and 99370090, Biomedical Sciences Equipment, to make these purchases.

President Sharp recommended the bid be awarded to Hamilton Industries "all or none" bid in the amount of $17,177.00.

Regent Replogle moved approval of the recommendation. The following voted yes on the motion: Regents Neustadt, Braly, Brett, Mitchell, Bailey, Bell, and Replogle. The Chair declared the motion carried unanimously.

f. Proposal, Contract, and Grant Report

Included with the agenda for this meeting was a summary of proposals for contracts and grants for the Health Sciences Center Campus for November, 1975. Also included was a report to the Regents of all contracts executed during the same period of time on proposals previously reported.

President Sharp recommended that the President of the University or his designees be authorized to execute contracts on the pending proposals as negotiations are completed, with the understanding the contract budgets may differ from the proposed amounts depending upon these negotiations.

Regent Brett moved approval. The following voted yes on the motion: Regents Neustadt, Braly, Brett, Mitchell, Bailey, Bell, and Replogle. The Chair declared the motion carried unanimously.

\textit{g. Oklahoma Regional Medical Program}

Oklahoma Regional Medical Program wishes to extend the contract period of 10 contracts executed during 1974 for an additional 6 months. All of these contracts are scheduled to expire on December 31, 1975 and need to be extended to June 30, 1976. These contracts are:

Ada-Valley View Hospital Authority
Central Oklahoma Hospital Services, Inc.
Northern Oklahoma Development Association
Medical Products Systems Inc.
Oklahoma Health Planning Commission
Oklahoma State University Technical Institute
Shared Hospitals and Institutional Purchasing Services
Southwestern Oklahoma Shared Services Program
Southwestern Oklahoma Development Association
Rheumatology Section, Department of Medicine

The University has several agreements with each organization and the extensions requested for these contracts do not relate to later contracts with the same organizations. No additional funds are involved.

President Sharp recommended approval of extending the Oklahoma Regional Medical Program contracts as explained above.

Regent Brett moved approval of the recommendation. The following voted yes on the motion: Regents Neustadt, Braly, Brett, Mitchell, Bailey, Bell, and Replogle. The Chair declared the motion carried unanimously.

V. Operations and Physical Plant

\textit{a. Utility Service Agreement - Oklahoma Eye Foundation}

The agreement between the Oklahoma Eye Foundation, Inc., and the Regents covering the heating and cooling services to be provided to the Dean McGee Eye Institute on the Health Sciences Center Campus has been prepared. This Utility Service Agreement is in accordance with the form of agreement provided in the bond issue for the Central Steam and Chilled Water Plant and the Utility Service Agreements entered into with other entities in the Oklahoma Health Center. The agreement is for one year effective December 1, 1975 and is automatically renewed each year unless intention is given not to renew.

President Sharp recommended approval of the Utility Service Agreement with the Oklahoma Eye Foundation and that the President and the Executive Secretary of the Board be authorized to execute the documents.

Regent Brett moved approval of the recommendation. The following voted yes on the motion: Regents Neustadt, Braly, Brett, Mitchell, Bailey, Bell, and Replogle. The Chair declared the motion carried unanimously.
b. Biomedical Sciences Building Corridor/Bridge Project

Final plans and specifications for the corridor/bridge connection between the Biomedical Sciences Building and the Basic Sciences Education Building have been completed by Wright and Selby and Associates, the project architects. The proposed structure which will span Northeast Eleventh Street is approximately 200 feet in length. It will provide an all weather passage-way between the two major buildings for faculty, students, and staff. When other buildings are completed, the bridge will form a key link in a system of corridors that will interconnect University Hospital, the Basic Sciences Education Building, the Library/Learning Resources Center, the College of Nursing Building, and other structures when they are constructed in the future.

The estimated cost of the structure is $343,700. Funds for the project are reserved in the budget for the Biomedical Sciences Building. In addition, the plans for this project have been presented to the staff of the Urban Renewal Authority along with a request for aid in constructing this facility. The Authority has indicated that it is in a position to assist by paying a part of the cost of the portion of the bridge located over the right-of-way for Northeast Eleventh Street.

President Sharp recommended approval of the final plans and specifications for the Biomedical Sciences Building Corridor/Bridge and authority to advertise the project for bids.

Regent Brett reported the Facilities Planning Committee recommends approval of this recommendation and he so moved. The following voted yes on the motion: Regents Neustadt, Braly, Brett, Mitchell, Bailey, Bell, and Replogle. The Chair declared the motion carried unanimously.

c. Report on Major Capital Improvements Projects

As shown on the attached page, a report was presented to the Regents on capital improvements projects on the Health Sciences Center Campus now under construction and in various stages of planning. No action was required.

C. Academic

I. Personnel Actions

LEAVE OF ABSENCE:

Walter J. Ewbank, Professor of Aerospace, Mechanical and Nuclear Engineering, leave of absence without pay, September 1, 1976 to June 1, 1977. Retired, June 1, 1977.
December 11, 1975

APPOINTMENT:

Lloyd J. Korhonen, Ph.D., Assistant Dean and Associate Professor of Adult Education, College of Education, $21,000 for 12 months, January 1, 1976. Funds available from "C" budget, maintenance and equipment, page 94.

CHANGES:

President Sharp recommended approval of the above personnel actions.

Regent Replogle moved approval. The following voted yes on the motion: Regents Neustadt, Braly, Brett, Mitchell, Bailey, Bell, and Replogle. The Chair declared the motion carried unanimously.

b. Grants and Contracts

(The following is subject to the availability of funds)

APPOINTMENT:

Josephine Peet Andree, Co-Director, Crypto and Instructional Mat., $7,000 for 9 months, ½ time, September 1, 1975 to June 1, 1976. Professional Staff. Paid from 154-131, Crypto Instructional Materials.

President Sharp recommended approval of the above appointment.

Regent Replogle moved approval. The following voted yes on the motion: Regents Neustadt, Braly, Brett, Mitchell, Bailey, Bell, and Replogle. The Chair declared the motion carried unanimously.

V. Charges

a. Flight Charges
It is apparent that the special charge that was established by the University in 1968 of $680.00 for the various flight courses as offered by the University will no longer meet the expenses of the Aviation Department. Since our oldest airplane is now 12 years old, it is also time to give serious consideration to the orderly replacement of these aircraft.

It has been proposed that the flight charges be increased to the following schedule:

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Flight Type</th>
<th>Fee</th>
</tr>
</thead>
<tbody>
<tr>
<td>*Aviation 1222</td>
<td>Primary Flying</td>
<td>$880.00</td>
</tr>
<tr>
<td>*Aviation 2122</td>
<td>Secondary Flying</td>
<td>880.00</td>
</tr>
<tr>
<td>*Aviation 2232</td>
<td>Advanced Flying</td>
<td>880.00</td>
</tr>
<tr>
<td>*Aviation 3552</td>
<td>Commercial Flying</td>
<td>905.00</td>
</tr>
<tr>
<td>*Aviation 4573</td>
<td>Instrument Flying</td>
<td>1045.00</td>
</tr>
<tr>
<td>*Aviation 3563</td>
<td>Certified Flight Instructor</td>
<td>750.00</td>
</tr>
</tbody>
</table>

*Under the present operation of the flying school as an auxiliary enterprise, lessons may be taken by students and members of the public. If a student wishes to have University credit, he must enroll in the appropriate course in the Department of Aviation. Thus, there are two variations in taking the course credit-flying lesson combination as follows:

1. The person who wants flying lessons only pays the appropriate fee listed above and will receive a graduate certification for private and commercial certificates.

2. The students who wish University credit must either:
   a. pay the flying lesson fee plus the tuition appropriate to the level or
   b. present an FAA certificate from another flying school, pay the tuition as appropriate, and be checked out by the Department of Aviation.

Raising the charge as recommended will allow the Westheimer Flying School to meet current expenses, accumulate a reserve for aircraft replacement, and have charges consistent with other flying schools in the vicinity.

President Sharp recommended the approval of the new schedule of flight charges effective for the second semester 1975-76.

Regent Braly moved approval. The following voted yes on the motion: Regents Neustadt, Braly, Brett, Mitchell, Bailey, Bell, and Replogle. The Chair declared the motion carried unanimously.

VI. Purchases
a. Ice Cream Products

Bids have been received for an exclusive contract to furnish ice cream, sherbet, and other frozen dairy desserts to the University, Norman Campus.

The invitation to bid contained options to bid on a six months basis, a twelve months basis or both. All bids received were on a six months basis, January 1, 1976 through June 30, 1976.

Bids received are:

Gilt Edge Farms, Inc.
Norman $18,945.40

Beatrice Foods Co., Inc.
Tulsa $19,084.55

Borden, Inc.
Oklahoma City $19,246.40

Townley's Dairy Company
Oklahoma City $19,754.00

Payment will be made from the various departments using the contract.

President Sharp recommended the award be made to Gilt Edge Farms, Inc.

Bids were sent to:

The Borden Company
Oklahoma City, Oklahoma

Townley's Dairy Company
Oklahoma City, Oklahoma

Gilt Edge Farms, Inc.
Norman, Oklahoma

Beatrice Foods Co.
Tulsa, Oklahoma

Fairmont Foods Co.
Lawton, Oklahoma

Regent Brett moved approval of the recommendation. The following voted yes on the recommendation: Regents Neustadt, Braly, Brett, Mitchell, Bailey, Bell, and Replogle. The Chair declared the motion carried unanimously.
b. Aviation Fuel

The University proposes to enter into an aviation fuel contract with Phillips Petroleum Company whereby Phillips will provide 137,000 gallons per year at Phillips' established dealer price to the Max Westheimer Field for resale to the public. This fuel is currently being purchased by issuing periodic purchase orders to Airmen, Inc., who then in turn provides the fuel to the airport. Airmen purchases their fuel from Phillips. This arrangement is inflexible for both Airmen and the University. Airmen has no objection to the proposed arrangement and has agreed that the quota for the 137,000 gallons per year can be transferred to the University. This quota transfer will be requested through the Federal Energy Administration.

Airmen is also transferring custody of two 10,000 gallon fuel tanks to Max Westheimer Field. This will increase the storage capacity over which the University has direct control from 16,000 gallons to 36,000 gallons.

The estimated amount of aviation fuel to be purchased under this contract is $60,000. The purchase will be charged to the University Airport Account 179 103.

President Sharp recommended that the Regents authorize the University to enter into a contract with Phillips Petroleum Company for the purchase of 137,000 gallons of aviation fuel during calendar year 1976.

Regent Braly moved approval. The following voted yes on the motion: Regents Neustadt, Braly, Brett, Mitchell, Bailey, Bell, and Replogle. The Chair declared the motion carried unanimously.

VIII. Project Financing

a. Proposal, Contract, and Grant Report

Included with the agenda for this meeting was a summary of proposals for contracts and grants for the Norman Campus for November, 1975. Also included was a report to the Regents of all contracts executed during the same period of time on proposals previously reported.

President Sharp recommended that the President of the University or his designees be authorized to execute contracts on the pending proposals as negotiations are completed, with the understanding the contract budgets may differ from the proposed amounts depending upon these negotiations.

Regent Braly moved approval. The following voted yes on the motion: Regents Neustadt, Braly, Brett, Mitchell, Bailey, Bell, and Replogle. The Chair declared the motion carried unanimously.
G. Operations and Physical Plant

I. New Construction

a. Report on Major Capital Improvements Projects

A report on major capital improvements projects now under construction and in various stages of planning on the Norman Campus, as shown on the attached pages, was included in the agenda for this meeting. No action was required.

III. Architects

a. On-Call Professional Consultants

Beginning in April of 1971, the Board of Regents authorized the use of On-Call Consultants for small projects in those instances when the needed design and engineering services are not available in the Office of Architectural and Engineering Services or in the Physical Plant Department. The use of On-Call Consultants has facilitated the rapid development of plans and specifications for a number of small projects. This procedure is effective and should be continued.

In each instance, the use of On-Call Consultants will be subject to the following stipulations:

1. The consultant will work with the Office of Architectural and Engineering Services in an on-call capacity on those projects where a fee for any one consultant on a single project will not exceed $10,000. Payment for such services will be at the rate of $35 per hour for principals, and two and one-half times direct personnel salaries, plus reimbursement for expenses of reproduction, postage and handling of drawings and specifications, the standard rate used in other contracts.

2. The Office of Architectural and Engineering Services will continue its responsibility for interior design and consultation with the project architects including selection of movable furnishings, draperies, carpeting, interior finish materials, and colors.

3. A review of the approved list of On-Call Consultants will take place annually in December for the forthcoming year.

4. The services of the On-Call Consultants are subject to approval of the President of the University on each project.
The On-Call Consultants appointed for 1971 were reappointed for 1972 and again for 1973. Additional consultants were added to the original list in 1974. Minor changes are included in the list recommended for 1976.

President Sharp recommended that the following firms be appointed as On-Call Consultants for the calendar year 1976:

**Mechanical Engineers:**
- Don Bass & Associates
  - Oklahoma City
- Carnahan-Thompson-Delano
  - Oklahoma City

**Electrical Engineers:**
- Don Bass & Associates
  - Oklahoma City
- Carnahan-Thompson-Delano

- Sheppard Engineering & Testing Co
  - Norman
Regent Brett said the Facilities Planning Committee recommends approval of this recommendation and he so moved. The following voted yes on the motion: Regents Neustadt, Braly, Brett, Mitchell, Bailey, Bell, and Replogle. The Chair declared the motion carried unanimously.

VI. Housing Facilities

a. Name for Housing Commissary

The Administrative and Physical Resources Council has joined the family and friends of Mr. Garner Collums in recommending that the Housing Department Commissary located on the east side of the athletic dormitories on Lindsey Street be named the Garner Collums Commissary in memory and appreciation of Mr. Garner Collums.

Mr. Collums served for sixteen years during the period of July 1, 1946 to July 7, 1962 as Director of Housing at the University of Oklahoma. He died in office from a heart attack. Most of the modern student housing at the University was planned or constructed during his administration. He was recognized as an efficient and effective administrator.

President Sharp recommended that the Housing Department Commissary be named the Garner Collums Commissary in memory and appreciation of Mr. Collums.

Regent Brett reported the Facilities Planning Committee recommends approval of this recommendation and he so moved. The following voted yes on the motion: Regents Neustadt, Braly, Brett, Mitchell, Bailey, Bell, and Replogle. The Chair declared the motion carried unanimously.
