A regular meeting of the Board of Regents of The University of Oklahoma was held at the Faculty House, 601 N.E. 14th Street, on the Health Sciences Center Campus of The University, Oklahoma City, on October 6, 1977, beginning at 10:40 a.m.

The following were present: Regent Thomas R. Brett, President of the Board, presiding; Regents Bob G. Mitchell, M.D., Richard A. Bell, Dee A. Replogle, Jr., and Charles E. Engleman.

Absent: Regents K. D. Bailey and Ronald H. White, M.D.

The following were also present: Dr. Paul F. Sharp, President of the University; Provosts Uehling and Thurman; Vice Presidents Burr, Morris, White, and Interim Vice President Van Hauen; Executive Assistant Joseph C. Ray; Mr. R. Boyd Gunning, University Trust Officer; and Mrs. Barbara H. James, Executive Secretary of the Board of Regents.

The minutes of the regular meeting held on September 1, 1977, were approved as printed and distributed prior to the meeting on motion by Regent Engleman and the following affirmative vote: Regents Brett, Mitchell, Bell, Replogle, and Engleman.

President Sharp called attention to the importance of the budget hearings that will be held in the State Regents' Office with a committee of the State Regents and their staff for our 1978-79 budget needs. The Norman Campus hearing will begin at 8:00 a.m. on October 7 and the Health Sciences Center hearing will begin at 9:00 a.m. on October 12. He said Regents Brett and Replogle will represent the University Regents at these hearings.

Health Sciences Center Fee Increases

Regent Replogle, Chair of the Budget Committee, said the Committee has reviewed in detail the following proposed increases in tuition and fees for Health Sciences Center students and recommends approval by the full Board for implementation for the fall semester, 1978:

Regent Replogle moved approval of the new fee schedule as shown above, subject to the approval of the Oklahoma State Regents for Higher Education. The following voted yes on the motion: Regents Brett, Mitchell, Bell, Replogle, and Engleman. The Chair declared the motion unanimously approved.

Facilities Planning Committee Report

Regent Bell, Chairman, presented the following report of the Facilities Planning Committee:

Baseball Facilities

Regent Bell said the University administration has been reviewing the need to provide enlarged facilities for our baseball program. Two options appear to be available to us--make an investment in the complex where it now stands, or move the complex to an area south of the Law Center where there is easy accessibility and plenty of space. In terms of long-range planning, the latter seems to be the most feasible but would cost more--$1.2 to $1.5 million is the estimated cost.

This proposal was reviewed by the Facilities Planning Committee at the meeting yesterday. While the Committee is not ready at this time to take a definite action on the plans for improvement of the baseball facilities, Regent Bell said the Committee does recommend that the Board of Regents go on record as supporting the baseball program by placing $150,000 per year for four years from...
Athletic funds in escrow for the baseball program with the understanding the baseball coach, in cooperation with University officials, will attempt to raise additional funds in order to construct improved baseball facilities.

Regent Bell moved approval of the recommendation. The following voted yes on the motion: Regents Brett, Mitchell, Bell, Replogle, and Engleman. The Chair declared the motion unanimously approved.

Regent Replogle emphasized that he considers this to be a firm commitment on the part of the Board.

**Sale of Noble Flying Field Replacement Property**

At the May 12, 1977 meeting of the Regents, the sale of a tract of land to the Board of Education of the Norman Public Schools for a future public school location, was approved. This tract (referred to here as Tract A-1) is part of a larger land parcel obtained as a possible future auxiliary airfield site at the time of the disposition of the Noble Flying Field property. Approval of this sale by the Federal Aviation Administration (FAA) is required. Since the May 12 approval by the Regents, we have been working with the FAA to obtain their approval.

The initial reaction of the FAA was that we should offer the entire tract for sale rather than selling it in parcels. In subsequent meetings involving Bob Henderson (Airport Manager), Bill Churchill (Business Manager of Auxiliary and General Services) and Boyd Gunning (Trust Officer of the University), they have orally modified this position. Their expressed position is that the remainder of the land acquired as a replacement for the Noble Flying Field property (referred to here as Tract A and Tract A-2) should be placed under an approved "Letter of Intent to Release" since the usefulness of the property as an auxiliary airfield will be destroyed by the sale of the interior tract (Tract A-1).

Representatives of the Federal Aviation Administration also have asked that we apply for an approved Letter of Intent to Release for a second tract (Tract B) which borders State Highway No. 9 and is part of the overall auxiliary flying field tract. Since the FAA views all of the property as an auxiliary flying field location and since such potential usage is destroyed by the sale of Tract A-1, the administration recommends that a Letter of Intent to Release also be sought on Tract B.

In accordance with the FAA requirements President Sharp recommended:

1. The Regents authorize the University to request the Federal Aviation Administration to issue an approved document releasing for sale a portion of the property commonly known as the Noble Flying Field replacement tract referred to here as Tract A-1 and described as follows:
Beginning at the Southwest (SW) corner of Northwest quarter (NW4) of Section 3 (Sec. 3), Township 8 North (T8N), Range 2 West (R2W) of the Indian Meridian (I.M.) Cleveland County, Oklahoma, thence East (E) a distance of 800 feet; thence North (N) a distance of 1,000 feet; thence West (W) a distance of 800 feet; thence South (S) a distance of 1,000 feet to the point of beginning, approximately 18.36 acres.

In requesting the "release to sell" the Regents will certify to the Federal Aviation Administration that they have authorized the sale of the tract of land above described and that the sale of the referenced tract of land will be made at a fair market value as established by independent appraisal (to the Norman School Board at $3,500 per acre) and the net proceeds of such sale will be applied to the maintenance, operation, or improvement of Max Westheimer Field within a five-year period following the date of release by the FAA.

2. The Regents authorize the University to request the Federal Aviation Administration to issue an approved Letter of Intent to Release for the remainder of the property commonly known as the Noble Flying Field replacement tract referred to here as Tract A and Tract A-2 and the property commonly known as the service area tract for the Noble Flying Field replacement tract referred to here as Tract B and described as follows:

**Tracts A and A-2**

West 800 feet of West one-half of Sec. 3, T8N, R2W of the I.M. and more particularly described as follows:

Beginning at northwest corner of Section 3, T8N, R2W; thence N 89°57'51" E a distance of 800.00 feet; thence S 0°35'49" E a distance of 2477.43 feet; thence S 0°58'19" E a distance of 2675.92 feet; thence N 89°42'04" W a distance of 800.20 feet to the Southwest corner of said section; thence N 0°58'19" W a distance of 2655.60 feet; thence N 0°35'49" W a distance of 2493.07 feet to the point of beginning, said tract.

Containing 94.60 Acres more or less. Said tract to be reduced by the tract previously referred to as A-1 and more particularly described as:

Beginning at the Southwest (SW) corner of Northwest quarter (NW4) of Section 3 (Sec. 3), Township 8 North (T8N), Range 2 West (R2W) of the Indian Meridian (I.M.) Cleveland County, Oklahoma, thence East (E) a distance of 800 feet; thence North (N) a distance of 1,000 feet; thence West (W) a distance of 800 feet; thence South (S) a distance of 1,000 feet to the point of beginning, approximately 18.36 acres.

Net tract containing 76.24 Acres more or less.
Tract B

A part of the N² of Sec. 9, T8N, R2W of the I.M. and more particularly described as follows:

Beginning at the Northeast corner of said Section 9; thence S00°01'14" E along the East line of said Section 9 a distance of 352.50 feet to the North right-of-way line of State Highway No. 9; thence Southwesterly along said right-of-way line on a curve to the left having a radius of 10,808 feet a distance of 1018.9 feet; thence S79°49' W continuing along said right-of-way line a distance of 128.4 feet; thence Southwesterly continuing along said right-of-way line on a curve to the left having a radius of 10,833 feet a distance of 1051 feet; thence S73°44' W continuing along said right-of-way line a distance of 263.7 feet; thence S62°25' W continuing along said right-of-way line a distance of 197.5 feet; thence Westerly continuing along said right-of-way line on a curve to the right having a radius of 1205.5 feet a distance of 624.5 feet; thence N84°07' W continuing along said right-of-way line a distance of 219.0 feet; thence North a distance of 1317.5 feet to a point on the North line of said Section 9; thence East along said North line a distance of 3302.5 feet to the point of beginning.

Containing 68.95 Acres more or less.

AND:

A part of the W11W/4NW/ of Sec. 10, T8N, R2W of the I.M. and more particularly described as follows:

Beginning at the Northwest corner of said W11W/NW/; thence S89°42'04" E along the North line of said W11W/NW/ a distance of 657.89 feet to the Northeast corner of said W11W/NW/; thence S00°05'04" W along the East line of said W11W/NW/ a distance of 176.16 feet to a point on the North right-of-way line of State Highway No. 9; thence Southwesterly along said right-of-way line on a curve to the left having a radius of 10,818 feet a distance of 677.41 feet to a point on the West line of said W11W/NW/; thence N00°01'14" W along said West line a distance of 342.11 feet to the point of beginning.

Containing 3.86 Acres more or less.

In requesting these Letters of Intent to Release from the FAA the Regents will certify to the FAA that they have authorized the sale of the described property contingent upon the finding of a buyer at a purchase price at or above the appraised fair market value of the land subject to final
approval by the Board of Regents. The Regents will certify to the FAA that
upon obtaining a final release of the above described property, or any portion
thereof, that the net proceeds of the sale will be applied to the maintenance,
operation, or improvement of Max Westheimer Field within a five-year period
following the date of release by the FAA.

Regent Bell said the Facilities Planning Committee recommends approval
of President Sharp's recommendations and he moved approval. The following voted
yes on the motion: Regents Brett, Mitchell, Bell, Replogle, and Engleman. The
Chair declared the motion unanimously approved.

Architectural Services — Health Sciences Center Parking Project

In order to proceed with the preparation of plans and specifications
for construction of a 400-car structure to be constructed on top of and adjacent
to a $2.8 million clinical laboratory and emergency room facility located
adjacent to Everett Tower, and a 1,100-car structure to be constructed on the
present Lot "H" location, it is necessary to secure professional architectural
and engineering services.

In view of the complex nature and the long history of this project,
it has been proposed that the project be subdivided and that plans and specifi-
cations for the 400-car structure related to the laboratory and emergency
room facility be designed by the firm selected by the Board of Trustees of
the University Hospital and Clinics to design the laboratory building. The
Trustees have proceeded with the selection of this architectural and engineering
firm in accordance with the procedures required under the State law. The
University had input in this selection process during the interview period and
is of the opinion the firm is well qualified for this project.

1. President Sharp recommended that the Board of Regents ratify
the selection made by the Board of Trustees of University Hospital and Clinics,
another State agency, and appoint Rees Associates, Inc., Oklahoma City, as the
architectural and engineering firm for the 400-car facility to be constructed
as part of the proposed University Hospital laboratory and emergency room
structure, and authorize the administration to undertake scope and fee negotia-
tions with this firm.

2. President Sharp recommended also that the administration be autho-
rized to proceed with the process required by the State for the selection of an
architectural and engineering firm for the 1,100-car facility which includes
service facilities.

Regent Bell said these recommendations were discussed at length at
the Facilities Planning Committee meetings yesterday afternoon and this morning
and the Committee recommends approval of both recommendations.

Regent Bell moved approval of recommendation No. 1 as shown above.
The following voted yes on the motion: Regents Brett, Mitchell, Bell, Replogle,
and Engleman. The Chair declared the motion unanimously approved.
Regent Bell moved approval of recommendation No. 2 as shown above. The following voted yes on the motion: Regents Brett, Mitchell, Bell, Replogle, and Engleman. The Chair declared the motion unanimously approved.

Storm Sewer Project - Biomedical Sciences Building Area

A storm sewer line which crosses the site of the Biomedical Sciences Building is needed to handle storm water from both the Biomedical Sciences Building and the Health Sciences Library. This project involves the installation of a major storm sewer and a series of inlets and manholes between a new manhole located near the Health Sciences Library and an existing major catch basin located near Northeast Tenth Street. This project is needed to carry storm water from both buildings to the existing city storm water drainage system.

Although the cost of this work is not known at this time, the budget for the project is $35,000. Funds for this work are available in the Biomedical Sciences Building project account.

The necessary plans will be prepared by an engineering consultant to Wright and Selby and Associates, the project architects. The required professional services will be provided under the extra services provision of the original contract and will be billed on an hourly basis at an amount not to exceed $3,500.

President Sharp recommended approval of the proposed storm sewer line project for the Biomedical Sciences Building area and that the present architectural and engineering services contract be amended to include the preparation of the necessary plans and specifications.

Regent Bell said the Facilities Planning Committee recommends approval of this project and he moved approval of President Sharp's recommendation. The following voted yes on the motion: Regents Brett, Mitchell, Bell, Replogle, and Engleman. The Chair declared the motion unanimously approved.

Regent Brett recognized Mr. Carter Bradley, Executive Director of the Higher Education Alumni Council. Mr. Bradley commented on the following items to the Regents:

1. Increased Utility Rates. Mr. Bradley said HEACO is asking the State Regents for Higher Education to seek a supplemental appropriation early in the 1978 legislative session to cover the anticipated $1.5 million in additional funds which will be needed by more than one-half the state colleges and universities because of increased utility rates which will take effect before the end of this fiscal year. The increases are a result of the cancellation of the institutional rate for electricity supplied by Oklahoma Gas and Electric Co. as approved by the Oklahoma Corporation Commission on September 30. It is expected the rate boost will increase OU's electric bill for a full year by about $450,000. Mr. Bradley suggested that filing a class action suit might be considered.
2. Capital Improvements. Mr. Bradley called attention to a legislative committee composed of 10 legislators and 10 private citizens which is now in the process of developing a package of capital improvements needs in State government, including higher education, which they hope to submit to the people of Oklahoma for a bond issue vote in November 1978. He said almost all State agencies, except higher education, have submitted proposals. He urged that everything possible be done to provide information on higher education needs to this committee as soon as possible. Mr. Bradley recognized that the needs for the higher education institutions will be submitted by the State Regents.

3. Federal Vocational-Technical Education Funds. Mr. Bradley called attention to the current controversy concerning the approximately $16 million in Federal vocational-technical funds which come to the State each year, the vast majority of which goes to the area vocational-technical schools even though higher education institutions provide about 80% of the accredited vocational-technical education in the State.

4. Operating Budget Requests. Mr. Bradley called the attention of the Regents to the fact that the operating budget requests for 1978-79 for higher education, including the University of Oklahoma, will not be available for discussion until the end of November. The operating budget requests for most other State agencies already are available. Mr. Bradley suggested that if operating budget requests could be handled earlier, it would provide a better opportunity to present the information and discuss our needs with the Legislature prior to the legislative session. Mr. Bradley recognized that the budget schedule is set by the State Regents. He urged the University Regents to work with the legislators and with the Governor's Office to urge approval of the higher education operating budget request for 1978-79.

a. Faculty Personnel Policy

The Health Sciences Center Faculty Senate has requested an increase in the membership of the Faculty Appeals Board for that campus from 20 members to 40.

The composition of the Faculty Appeals Board is included in Section 3.8.5(b) of the Faculty Personnel Policy adopted by the University Regents in February 1976, and consists of 20 faculty members appointed so as to fairly represent the existing colleges at the Health Sciences Center. Each hearing with which the Faculty Appeals Board is involved requires seven members who are not serving on another hearing. The Chair cannot serve on a hearing committee, other members may disqualify themselves due to an interest in the case or be unavailable for other reasons, and the complainant is allowed to disqualify four members.
October 6, 1977

Attention has been called to the fact that it is, therefore, possible that if one hearing is in progress there may be only eight or so members available from which to draw seven for a new hearing. The faculty of the Health Sciences Center is approaching in numbers that of the Norman Campus and it is not unlikely that they will have more hearings before the Faculty Appeals Board than has been the case in the past. The Faculty Appeals Board for the Norman Campus currently consists of 40 members.

President Sharp recommended that Section 3.8.5(b) of the Faculty Personnel Policy be amended to change twenty (20) to forty (40) in the first sentence. The balance of Section 3.8.5(b) will remain the same.

Regent Replogle moved approval of the recommendation. The following voted yes on the motion: Regents Brett, Mitchell, Bell, Replogle, and Engleman. The Chair declared the motion unanimously approved.

TERMINATIONS:

Barbara Lynn Porter, Senior Placement Officer, Personnel Services, October 7, 1977.
President Sharp recommended approval of the personnel actions listed above.

Regent Replogle moved approval of the recommendation. The following voted yes on the motion: Regents Brett, Mitchell, Bell, Replogle, and Engleman. The Chair declared the motion unanimously approved.

b. Purchase of Carpet

Bids were received on three different types of carpet for the Health Sciences Library on September 15, 1977. Each bidder was instructed to submit bids on three different carpet specifications and allowed to submit bids on alternates. All bidders were informed that a selection would be made based upon a consideration of (1) cost, and (2) expected life or wearability factors. Each bidder was also instructed to submit unit cost information to permit purchase of additional carpet.

A tabulation of the bids received is attached.

Principal characteristics of each of the three types of carpet are given below:

Base Bid "A"

This specification was based on 100% solution dyed Acrilan face fiber. The carpet is of tufted type construction with a "Loktuft" back. The total weight of the carpet is 78 ounces and it has an expected life of four to five years.

Base Bid "B"

This specification was based on 100% Acrylic face fiber of the slub berber type Acrylic. This carpet is of woven type construction. The total weight of the carpet is 81 ounces and it has an expected life of five to six years.

Base Bid "C"

This specification was based on 70% Acrylic and 30% Nylon. This carpet is of a fusion bonded type of construction. It has 94% of the yarn on the face of the backing. The total weight of the carpet is 90 ounces and it has an expected life of eight to ten years.

The alternates submitted by the bidders were judged either not equal or were higher in cost than other carpets which met the specifications.

Based upon a review of all carpet materials, construction, total weight and cost, the Base Bid "C" type carpet is recommended for selection.
The type of construction and the weight of the selected carpet give it an expected life of eight to ten years for a cost of $110,880. In comparison, the expected life for the lowest cost Base Bid "A" carpet is four to five years for a cost of $92,415. The additional cost is justified.

Funds are available in the Health Sciences Library project budget for this purchase.

President Sharp recommended award of a contract to Earl W. Bentley Operating Company, Incorporated in the amount of $110,880 for installation of carpet in the Health Sciences Library.

Regent Engleman moved approval of the recommendation. The following voted yes on the motion: Regents Brett, Mitchell, Bell, Replogle, and Engleman. The Chair declared the motion unanimously approved.

c. Purchase of Office Furniture

Bids were requested to purchase office furniture for the College of Dentistry Building. Four bids were received as follows:

Scott-Rice Oklahoma City $27,090.92 E & I Cooperative Dallas $25,631.12
Dan P. Scott Tulsa $24,844.00 B & M Sales Oklahoma City $37,749.95

The bids were evaluated by the Dean of the College of Dentistry and the Director of Purchasing.

The low "all or none" alternate bid of Dan P. Scott Co. is unacceptable as items 3, 5, 7, 8, 9, 10 and 11 do not meet specifications on size, legs, locks, style, etc. It is important that all items be of the same manufacture as the present office equipment. This is important for interchangeability between offices and files and other items will be matching in size, style, and color. The "all or none" bid of E and I Cooperative Service meets all specifications.

Funds are available in Budget Account 99400090 (College of Dentistry Equipment) to make this purchase.

President Sharp recommended the award be made to E and I Cooperative Service, Inc. in the amount of $25,631.12.

Regent Replogle moved approval of the recommendation. The following voted yes on the motion: Regents Brett, Mitchell, Bell, Replogle, and Engleman. The Chair declared the motion unanimously approved.

d. Proposal, Contract, and Grant Report

A summary of proposals for contracts and grants for the Health Sciences Center for September, 1977, along with a list of all contracts executed during the same period of time on proposals previously reported was included in the agenda for this meeting.

President Sharp recommended that the President of the University or the President's designee be authorized to execute contracts on pending proposals as negotiations are completed. The contract budgets may differ from the proposed amounts depending upon these negotiations.

Regent Replogle moved approval of the recommendation. The following voted yes on the motion: Regents Brett, Mitchell, Bell, Replogle, and Engleman. The Chair declared the motion unanimously approved.

V. Operations and Physical Plant

a. Library Agreement with Oklahoma Medical Research Foundation

An agreement has been proposed between the Oklahoma Medical Research Foundation and the University of Oklahoma pertaining to the use of the new Health Sciences Library by the OMRF.

The Executive Committee of OMRF has indicated they are aware of the cooperative and professional manner in which services of the present library are now being provided. Furthermore, they are mindful that the programs of OMRF will require library services on a continuing basis and that the present services should be significantly augmented by the enlarged facilities and expanded scope represented by the new Health Sciences Library.

Therefore, the Executive Committee of OMRF has agreed to advance fund for use of the Health Sciences Library four payments in the amount of $112,500, one each to be issued in 1977, 1978, 1979, and 1980.

The agreement provides that these payments will compensate the University for usage of the Health Sciences Library by the Oklahoma Medical Research Foundation for a period of 25 years. The agreement also provides that the University will continue to make the Health Sciences Library available for use by the OMRF subject to periodic negotiation of a mutually agreeable annual usage fee.

President Sharp recommended approval of entering into an agreement with the Oklahoma Medical Research Foundation covering their use of the Health Sciences Library as explained above.

Regent Engleman moved approval of the recommendation. The following voted yes on the motion: Regents Brett, Mitchell, Bell, Replogle, and Engleman. The Chair declared the motion unanimously approved.
b. Health Science Facility, Inc. Purchase

At the present time all houses on the north side of the 600 block of N.E. 14th Street on the Health Sciences Center Campus are owned by Oklahoma Health Science Facility, Inc., except the Faculty House and one other property immediately east of the Faculty House. This house, 615 N.E. 14th, is owned by Mr. Bryce Baggett, and Mr. Baggett has now indicated willingness to sell the property to the University.

President Sharp recommended that the Regents approve the purchase of the house at 615 N.E. 14th by Health Science Facility, Inc. at a cost of $34,000.

Regent Mitchell moved approval of the recommendation. The following voted yes on the motion: Regents Brett, Mitchell, Bell, Replogle, and Engelman. The Chair declared the motion unanimously approved.

c. Report of Major Capital Improvements Projects

As shown on the following page, a report was presented to the Regents on major capital improvements projects now under construction and in various stages of planning on the Health Sciences Center Campus. No action was required.

II. Changes in Programs

a. Computing Sciences Program

At the April 14 meeting the Board approved a new degree program in Computing Sciences through the College of Engineering leading to a new degree, Bachelor of Science in Computing Sciences. The program request was sent forward to the State Regents and we are now awaiting approval of that program by the State Regents.
A modification to that degree program has been proposed. This modification would provide for two programs in the College of Arts and Sciences one leading to a qualified Bachelor of Science in Computing Sciences and an unqualified Bachelor of Science degree. The basic difference in the two plans would be the substitution of the general education requirements in the College of Arts and Sciences as a part of those degree programs. In the College of Arts and Sciences a number of students in mathematics, physics, chemistry, and psychology are interested in a liberal arts curriculum and desire to combine these areas with a degree in the computing sciences. Both the qualified Bachelor of Science degree in Computing Sciences and the unqualified Bachelor of Science degree will enable these students to accomplish their goals by combining the College of Arts and Sciences general education requirements with an area of concentration in any discipline within the College.

The College of Arts and Sciences will require no additional resources to implement the new programs in computing sciences. Additional resources for the Library, however, would be highly desirable and, if anticipated growth occurs, other additional resources will be needed.

President Sharp recommended approval of the modification to the previously approved Computing Sciences Program providing for programs in the College of Arts and Sciences leading either to the Bachelor of Science in Computing Sciences (qualified) or the Bachelor of Science (unqualified). This program change is subject to approval of the Oklahoma State Regents for Higher Education.

Regent Replogle moved approval of the recommendation. The following voted yes on the motion: Regents Brett, Mitchell, Bell, Replogle, and Engleman. The Chair declared the motion unanimously approved.

b. Liberal Studies Fees

At the February 1977 meeting the University Regents approved an increase in the fees for the Liberal Studies program. This fee schedule was forwarded to the State Regents but not considered due to calendar changes necessitated by the requirement for Legislative approval of fees. As shown on the attached list, the request has been resubmitted for this year in time to meet the State Regents deadline of November 1. Since last winter there have been informal conversations between the University administration and the staff of the State Regents' Office and the Liberal Studies fee request has been revised to include a difference in the fees charged in-state students and the fees charged out-of-state students. The schedule also includes a new $50 charge for records maintenance for students who enroll in the independent study phases of the program beyond a 12-month period.

President Sharp recommended approval of the new fees for Liberal Studies as shown below, to be effective as soon as possible following the necessary approvals by the State Regents and, possibly, the Legislature.

The low bid by Becktold is acceptable to the University Press.

The cost of the printing and binding will be charged to the University Press Sales Division 179-104.

It was urgent that this book be published as soon as possible so the University could take advantage of free publicity planned for October. The author, Larry Pointer, will appear on several television programs and a television special on Butch Cassidy will be presented in late October.

In order to publish the book in October, a purchase order had to be issued to Becktold immediately upon receipt of bids. If the purchase order had been held for the October meeting of the Board of Regents, we would have missed the October publication and the impact of the scheduled publicity.

President Sharp approved the award of a purchase order in the amount of $20,331.00 to Becktold Company under the emergency clause included in the Fiscal Management Policy.

This was presented for information. No action was required.

b. Computer Paper

Bids were circulated to supply 7,200,000 each of one ply computer print out paper for use the balance of this fiscal year. The cost of the purchase will be charged to the University Computing Services account 147-110.

The following bids were received:

This purchase order will be set up for 7,200,000 one ply paper, but 600,000 sets will be delivered monthly, half to the Nuclear Engineering Lab and half to the Physical Sciences Center. The balance of the order will be delivered to the Physical Sciences Building in June 1978. The bid price is lower than state contract price and will be firm until June 1978. Two of the higher bidders indicated price increases in January 1978.

The sample paper furnished by the low bidder, Data Documents, is acceptable. The Director of Computing Services concurs in an award to them. The alternate bid submitted by Moore Business Forms is based upon a paper format which is not acceptable.

In addition to the above companies, a bid was also circulated to Dataforms Inc., Oklahoma City.

President Sharp recommended the Regents approve issuance of a purchase order to Data Documents, Inc., the low bidder, in the amount of $24,840.00 for the purchase of the computer print out paper.

Regent Replogle moved approval of the recommendation. The following voted yes on the motion: Regents Brett, Mitchell, Bell, Replogle, and Engleman. The Chair declared the motion unanimously approved.

c. Offset Printing Paper for University Press

Bids were circulated to four companies for eight line items of offset printing paper for the University Press. The cost of the purchase will be charged to University Press Account 147-309.

Bids were received from the following companies:

Tulsa Paper Company
Tulsa

$37,568.50
Alternate Bid on item 4.

If the quantity is increased from 250 reams to 271 reams, the unit price would drop from $15.63/rm to $12.93, an over-all saving of $403.47.

Total for Alternate Bid $37,165.03

Western Paper Company
Oklahoma City

$37,381.00

The Director of Printing concurs in the award of this bid to Tulsa Paper Company.

President Sharp recommended that the Board of Regents approve the award of a purchase order to Tulsa Paper Company in the amount of $37,165.03 for the offset printing paper.

Regent Engleman moved approval of the recommendation. The following voted yes on the motion: Regents Brett, Mitchell, Bell, Replogle, and Engleman. The Chair declared the motion unanimously approved.

VII. Project Financing

a. Proposal, Contract, and Grant Report

A summary of proposals for contracts and grants for the Norman Campus for September, 1977, along with a list of all contracts executed during the same period of time on proposals previously reported was included in the agenda for this meeting.

President Sharp recommended that the President of the University or the President's designee be authorized to execute contracts on pending proposals as negotiations are completed. The contract budgets may differ from the proposed amounts depending upon these negotiations.

Regent Mitchell moved approval of the recommendation. The following voted yes on the motion: Regents Brett, Mitchell, Bell, Replogle, and Engleman. The Chair declared the motion unanimously approved.

G. Operations and Physical Plant (Norman Campus)

I. New Construction

a. Report on Major Capital Improvements Projects

As shown on the following page, a report was presented to the Regents on major capital improvements projects now under construction and in various stages of planning on the Norman Campus. No action was required.
IV. Contracts and Agreements

a. Summer Institute of Linguistics Agreement

The University has been contracting with the Summer Institute of Linguistics for a number of years for the use of space during the summer to conduct their language instruction program. In effect, the agreement provides that the Regents will employ the Institute to instruct certain students at the University of Oklahoma in specialized linguistics and language courses during the summer session of 1978 with the courses of study to begin about June 12 and ending about August 11.

The terms of the agreement proposed for 1978 are basically the same as they were for 1977 as follows:

1. All students enrolled full-time in the Institute program will be required to live in the housing area set aside for this purpose.

2. The Institute will be charged a specific sum of money for each housing building used with the Institute responsible for providing all maintenance supplies, telephone charges, counselor services, and feeding. The charge for each non-air conditioned building in Cate Center will be $5,000. The charge for each air conditioned building in Cate Center will be $9,000. This charge will include the use of a central dining facility, including a kitchen and a dining room, utilities, maintenance, property insurance, and janitorial service for all public areas.

3. The University will provide to the Institute without cost classrooms in various University buildings in which the classes taught by the Institute shall be conducted.

4. The Institute will teach not less than 31 semester hours of instruction during the 1978 summer session and will provide instructors for this number of hours.

5. The instructors provided by the Institute are subject to approval of the President of the University.

6. In consideration for the Institute providing the instruction and supervision of the program, the University will pay the Institute the sum of $45,182 for the 1978 summer session. This amount is based on the fact that it is anticipated the Institute will provide 1,000 student credit hours of instruction to students of the University of Oklahoma. If less than this number of credit hours is taught, the

payment to the Institute will be decreased by $2,266 for each 50 student credit hours less than the 1,000 credit hours. If the Institute teaches more than 1,000 credit hours, then the payment to the Institute will be increased $2,266 per each 50 student credit hours taught in addition to the basic 1,000 credit hours.

The agreement provides for renewal from year to year upon agreement by both parties. If the agreement is renewed and only the dates of the program are changed, the President of the University may act for the Regents in approving the renewal.

President Sharp recommended approval of entering into the 1978 agreement with the Summer Institute of Linguistics as explained above.

Regent Replogle moved approval of the recommendation. The following voted yes on the motion: Regents Brett, Mitchell, Bell, Replogle, and Engleman. The Chair declared the motion unanimously approved.

b. Farmers Home Administration

The Farmers Home Administration (FHA) a branch of the United States Department of Agriculture, is currently leasing 25,000 square feet of space in Walker Tower for training activities of FHA personnel. FHA has requested renewal of the lease of this space at $5.10 per square foot which is an increase from the $4.32 per square foot paid last year. The agreement also provides reimbursement to the University for actual costs incurred in providing custodial manpower, laundry, supplies, and telephone services in the amount of $96,268.47 for a total contract of $223,768.47 for the 1978 fiscal year, September 30, 1977 through September 30, 1978.

President Sharp recommended approval of renewing the lease with the Farmers Home Administration for an additional year effective September 30, 1977.

Regent Engleman moved approval of the recommendation. The following voted yes on the motion: Regents Brett, Mitchell, Bell, Replogle, and Engleman. The Chair declared the motion unanimously approved.

c. Oklahoma Geological Survey Agreement

A renewal of the agreement between the Oklahoma Geological Survey and the U.S. Geological Survey for the 1978 fiscal year has been proposed. The agreement provides that each party will contribute $175,000 during the period July 1, 1977 to June 30, 1978 for the program: An Investigation of the Water Resources of Oklahoma. The amounts contributed
will cover all of the costs of the necessary field and office work directly related to this program, but excluding any general administrative or accounting work in the office of either party and excluding the cost of publication by either party of the results of the program. The terms of the agreement are identical with the agreements of previous years.

President Sharp recommended approval of entering into an agreement with the United States Geological Survey as explained above for the fiscal year 1978.

Regent Replogle moved approval of the recommendation. The following voted yes on the motion: Regents Brett, Mitchell, Bell, Replogle, and Engleman. The Chair declared the motion unanimously approved.

V. University Property

a. Rhyne Hall

The School of Social Work has proposed that the building housing Social Work at 1005 Jenkins be named Rhyne Hall in honor of Professor Emeritus J. J. Rhyne.

Dr. Rhyne joined the faculty of the University of Oklahoma in September of 1927. He was appointed Director of the School of Social Service in 1929 and served as Director of the School until 1950. He continued as Professor of Social Work until his retirement in 1967.

Dr. Rhyne is recognized as the founder of the School of Social Work and as its driving and guiding force for the 40 years of his service to the School and the University. He is particularly remembered for his warmth, wit and high standard of scholarship and research. His primary area of academic endeavor is Applied Research. He supervised hundreds of master's theses devoted to the analysis of the needs of Oklahoma citizens and the study of program effectiveness in meeting these needs. He clearly was ahead of his time in his interest of program evaluation and accountability.

Dr. Rhyne's history is the history of the School of Social Work. Until his retirement he provided effective but quiet leadership. His example continues to serve as a challenge to those who have followed. He was and is a gentle man and a scholar.

The Administrative and Physical Resources Council has concurred in the proposal of the School of Social Work.

President Sharp recommended approval of naming the building at 1005 Jenkins Rhyne Hall in honor of Professor J. J. Rhyne.
Regent Replogle moved approval of the recommendation. The following voted yes on the motion: Regents Brett, Mitchell, Bell, Replogle, and Engleman. The Chair declared the motion unanimously approved.

H. University Development

IV. University Foundation and Trusts

a. NATTC Development Authority

On motion by Regent Replogle and the following affirmative vote, it was unanimously agreed to add the following item to the agenda for consideration at this time: Regents Brett, Mitchell, Bell, Replogle, and Engleman.

The NATTC Development Authority is operated by a Board of Trustees appointed by the Regents of the University of Oklahoma. There are seven Trustees serving seven-year terms with one term expiring each year. The term of Huston Huffman expired on October 1, 1977.

President Sharp recommended the reappointment of Huston Huffman as Trustee for a term expiring October 1, 1984.

Regent Bell moved approval of the recommendation. The following voted yes on the motion: Regents Brett, Mitchell, Bell, Replogle, and Engleman. The Chair declared the motion unanimously approved.

There being no further business the meeting adjourned at 11:50 a.m.
