A regular meeting of the Board of Regents of The University of Oklahoma was held in Room 614 of the University of Oklahoma Tulsa Medical College, Tulsa, Oklahoma, on Thursday, February 16, 1978, beginning at 11:05 a.m.

Notice of the time, date, and place of this meeting were submitted to the Secretary of State as required by Enrolled House Bill 1416 (1977 Legislature).

The following Regents were present: Regent Thomas R. Brett, President of the Board, presiding; Regents Bob G. Mitchell, M.D., K. D. Bailey, Richard A. Bell, Dee A. Replogle, Jr., Charles E. Engleman, and Ronald H. White, M.D.

The following were also present: Dr. Paul F. Sharp, President of the University; Provosts Barbara Uehling and William Thurman; Vice Presidents Burr, Morris, and White; Interim Vice President Steve Van Hauen; Mr. Joseph C. Ray, Executive Assistant to the President; Mr. R. Boyd Gunning, University Trust Officer; and Mrs. Barbara H. James, Executive Secretary of the Board of Regents.

The minutes of the regular meeting held on January 19, 1978, were approved as printed and distributed prior to the meeting on motion by Regent Engleman and with the following affirmative vote: Regents Brett, Mitchell, Bailey, Bell, Replogle, Engleman, and White.

Regent Brett announced the appointment of the following committee to make the selections of the 1978 Regents' Awards for Superior Teaching:

Regent Charles E. Engleman, Chair
Regent Bob G. Mitchell
Regent Ronald H. White

Regent Engleman, Chair of the Academic Affairs Committee reported that because Mr. Benjamin Franklin Hart's legal counsel had requested a delay yesterday because he was in federal court and could not appear at the Academic Affairs Committee meeting, it was decided that the matter would be heard by the full Board of Regents on March 9 at 9:00 a.m. in Dining Room 5 of the Oklahoma Memorial Union.

Regent Bell, Chair of the Facilities Planning Committee, said there was only one item not included on the agenda that was considered by the
Committee yesterday, and it was as follows:

Reid and Heap - Physical Education--Student Recreation Building

Regent Bell said in October 1966 the University Regents appointed Reid and Heap architects for the new Physical Education--Student Recreation Building under a letter of intent arrangement. The letter notifying them of this action stated the "University of Oklahoma Board of Regents are not or shall not be legally bound to enter into a contract with your firms...."

During the period since the issuance of this letter of intent, Regent Bell said the State Legislature enacted House Bill 1503 in 1974 which prescribes very specific procedures for the selection of architectural and engineering consultants. It is the judgment of the administration that these procedures must be followed explicitly for all construction projects to be undertaken by the University. Accordingly, the legal requirements of House Bill 1503 would serve to nullify the previous letter of intent. The University will, however, consider these firms, Mr. Bell said, as we implement the selection procedures prescribed by State law.

Regent Bell said President Sharp recommended to the Facilities Planning Committee that the letter of intent with Reid and Heap be terminated. He said the Facilities Planning Committee concurs with this recommendation and he moved approval. The following voted yes on the motion: Regents Brett, Mitchell, Bailey, Bell, Replogle, Engleman, and White. The Chair declared the motion unanimously approved.

Regent Bailey, Chair of the Student Affairs Committee, said the Committee met yesterday in regard to the appeal of Audrey Carneiro Leao to the Board of Regents. She was appealing the action of Student Congress impeaching and removing her from her position as Chief Public Defender of the University of Oklahoma Student Court System. Mr. Bailey said it was the unanimous recommendation of the Student Affairs Committee that the Board of Regents refuse to assume jurisdiction in this matter, and he so moved. The following voted yes on the motion: Regents Brett, Mitchell, Bailey, Bell, Replogle, Engleman, and White. The Chair declared the motion unanimously approved.

a. Faculty Personnel Policy: Probationary Period

As a result of suggestions from the Health Sciences Center Faculty Senate and the Provost for the Health Sciences, a revised wording of Section 3.7.3(c) of the Faculty Personnel Policy has been proposed. This section pertains to what is included in tenure probationary periods.
The purpose of the changes is to allow a faculty member to exclude from the probationary period prior full-time service in professorial ranks at other institutions of higher education or service in the past at the University of Oklahoma in rank of instructor or above if the faculty member wishes and if the academic unit, dean, and Provost approve.

Faculty members have had concerns that these options be available, particularly the option to exclude time as an instructor at the University. They have this concern because there are times when individuals serve in an instructor rank before deciding clearly that they wish to commit themselves to an academic career and the mandatory application of their time in an instructorship as a part of the tenure probationary period might shorten the probationary period to the extent that it would make it impossible for them to meet the tenure criteria.

The proposed policy changes have been approved by the Health Sciences Center Faculty Senate, the Norman Campus Faculty Senate, and by both Provosts.

President Sharp recommended approval of the following changes in Section 3.7.3(c) of the Faculty Personnel Policy with the additions to current policy underlined:

For a faculty member who is eligible for tenure, and whose initial appointment is at the rank of assistant professor or associate professor, the probationary period shall be six academic years, or twelve regular semesters, except in cases noted below in paragraph (d). Included in the probationary period is prior full-time service (up to a maximum of three years) in professorial ranks at other institutions of higher education unless the faculty member requests in writing at the time of the first regular appointment that such service should not be included and the academic unit, the dean, and the Provost approve. Included also is prior regular, full-time service (up to a maximum of three years) which the appointee may have performed in the past at the University of Oklahoma in the rank of instructor or above unless the faculty member requests in writing at the time the faculty member is most recently appointed to a tenure-track position that such service should not be included and the academic unit, the dean, and the Provost approve. Prior full-time service as instructor or in a comparable non-professorial rank at other institutions of higher education, and prior full-time service on temporary appointments at the University of Oklahoma will be counted as part of the probationary period if this arrangement is agreed upon in writing at the time of the first regular appointment. The parties to such an agreement are the appointee, the academic unit, the dean, and the Provost.
Regent Replogle moved approval of the recommendation. The following voted yes on the motion: Regents Brett, Mitchell, Bailey, Bell, Replogle, Engleman, and White. The Chair declared the motion unanimously approved.

President Sharp recommended approval of the personnel actions listed above.

Regent Replogle moved approval of the recommendation. The following voted yes on the motion: Regents Brett, Mitchell, Bailey, Bell, Replogle, Engleman, and White. The Chair declared the motion unanimously approved.

b. Proposal, Contract, and Grant Report

A summary of proposals for contracts and grants for the Health Sciences Center for January, 1978, along with a list of all contracts executed during the same period of time on proposals previously reported was included in the agenda for this meeting.
President Sharp recommended that the President of the University or the President's designee be authorized to execute contracts on pending proposals as negotiations are completed. The contract budgets may differ from the proposed amounts depending upon these negotiations.

Regent Bell moved approval of the recommendation. The following voted yes on the motion: Regents Brett, Mitchell, Bailey, Bell, Replogle, Engleman, and White. The Chair declared the motion unanimously approved.

V. Operations and Physical Plant

a. Architectural Fee - 1,100-Car Parking Structure

Regent Bell said the following matter was reviewed and discussed by the Facilities Planning Committee yesterday:

The Board of Regents has agreed to retain Fred Spitz & Associates, doing business as Blevins & Spitz, Inc., as architects for the 1,100-car parking structure, including 22,000 square feet of service facilities, on the Health Sciences Center Campus. Fred Spitz & Associates have retained Barton-Aschman Associates, Inc., as parking consultant, and have agreed to provide professional services under the terms of a fixed fee for services contract plus reimbursable expenses. The fixed fee has been established at $201,500 and the reimbursable expense allowance is not to exceed $12,000. These fees include the cost of the parking consultant.

Funding for this contract will be available through the sale of revenue bonds.

President Sharp recommended that a fixed fee of $201,500 and a maximum reimbursable expense allowance of $12,000 be approved as the basis of a contract with Fred Spitz & Associates, doing business as Blevins & Spitz, Inc. The fee and allowance are established to cover the architectural and engineering services required for the 1,100-car parking structure, including 22,000 square feet of service facilities, on the Health Sciences Campus.

Regent Bell said the Facilities Planning Committee concurs with this recommendation and he moved approval. The following voted yes on the motion: Regents Brett, Mitchell, Bailey, Bell, Replogle, Engleman, and White. The Chair declared the motion unanimously approved.

b. Schematic Plans for 434-Car Parking Structure

Plans for the 434-car parking structure being developed in conjunction with the Laboratory and Emergency Medical Treatment Center construction project have been completed through the schematic design phase. Architectural and Engineering Services and the University staff have reviewed the plans. On January 10 the Board of Trustees of the University Hospital and Clinics reviewed the
project report on the schematic design phase of the Laboratory and Emergency Medical Treatment Center and Parking Structure project. The project was then approved by the Executive Director of University Hospital and Clinics.

The plans prepared by the project architect, Rees Associates, Incorporated, represent the schematic phase of both the Laboratory and Emergency Medical Treatment Center and Parking Structure components of the project. However, the contractual obligation of the University of Oklahoma is limited to the following major facilities and items of work:

1. Structured parking area to provide 434 parking spaces.
2. Surge space to provide 12,800 gross square feet of enclosed space to accommodate University Hospital and Clinics support services.
3. Structural capacity for the future addition of one complete parking level.

Other items of work including parking control systems, graphics, and landscaping are part of the project and will be developed during the next two phases of work.

The construction budget for this work is $1,700,000 and the funds are to be developed through the sale of revenue bonds.

President Sharp recommended that the schematic plans for the 434-car parking structure component of the project be approved and that the project architect, Rees Associates, Incorporated, be authorized to proceed with the design development phase of the project.

Regent Brett said the Facilities Planning Committee reviewed the schematic plans. The Committee concurs with President Sharp's recommendation and he moved approval. The following voted yes on the motion: Regents Brett, Mitchell, Bailey, Bell, Replogle, Engleman, and White. The Chair declared the motion unanimously approved.

VI. Purchases

- Mini-Computer System for Book Exchange

The management of the University Book Exchange has studied the availability of an automated support system for improving the services rendered to both students and faculty. After considerable research the Book Exchange selected the system provided by the Follett Systems Group as that system which would best support their needs. Follett Systems currently offers the only Mini Computer System specifically dedicated to supporting book store operations. Memoranda from the Director of Auxiliary Services and the Director of Computing Services providing justification for the selection of Follett Systems Group as the vendor on this purchase are available.

In view of the above, an invitation to bid was submitted to Follett Systems Group and the bid received was as follows:

<table>

</thead>
<tbody>
<tr>
<td>1 1503-43 Processor with CRT and Keyboard</td>
</tr>
<tr>

</tr>
<tr>
<td>1 1551D Printer</td>
</tr>
<tr>
<td>1 1512 Maxi-Tape Drive</td>
</tr>
<tr>
<td>8 2.5 M/Byte Off Line Disc Platters</td>
</tr>
<tr>
<td>25 Mini Tape Cartridges</td>
</tr>
<tr>
<td>10 Maxi Tape Cartridges</td>
</tr>
</tbody>
</table>

Total Equipment System Price $49,962.00
Installation, Training, & Conversion Cost 4,525.00
Total $54,487.00

The $49,962.00 cost represents the ICL standard price list cost for this system which is being passed on without loading to the University by Follett. Accordingly, the price is considered to be a reasonable price. A significant part of the $4,525.00 installation, training and conversion cost will be for
February 16, 1978

converting the existing manual system to the automated system. The Follett proposal has documented an annual savings of $22,150.00 as a result of installing their system. This will result in a payback period of two years and six months after the installation of the system.

In addition to the above, two other purchase orders will be required as follows:

| TRW Customer Service Division | Equipment Maintenance | $283.00/mo. |
| Oklahoma City                 |                        |             |

| MediSearch Data Systems       | Software Service and Rental | $200.00/mo. |
| Oklahoma City                 |                        |             |

Both TRW and MediSearch have contracts with Follett to provide support services for the system. The equipment maintenance of $283.00 per month will not commence until after the 90 day warranty period has expired.

The cost of these purchase orders will be charged to University Book Exchange Account.

President Sharp recommended that the Board of Regents approve the award of a purchase order in the amount of $54,487.00 to Follett Systems Group, the equipment maintenance purchase order to TRW Customer Service at $283.00 per month and the Software rental purchase order to MediSearch Data Systems at $200.00 per month.

Regent Engleman moved approval of the recommendation. The following voted yes on the motion: Regents Brett, Mitchell, Bailey, Bell, Replogle, Engleman, and White. The Chair declared the motion unanimously approved.

VII. Project Financing

a. Proposal, Contract, and Grant Report

A summary of proposals for contracts and grants for the Norman Campus for January, 1978, along with a list of all contracts executed during the same period of time on proposals previously reported was included in the agenda for this meeting.

President Sharp recommended that the President of the University or the President's designee be authorized to execute contracts on pending proposals as negotiations are completed. The contract budgets may differ from the proposed amounts depending upon these negotiations.

Regent Engleman moved approval of the recommendation. The following voted yes on the motion: Regents Brett, Mitchell, Bailey, Bell, Replogle, Engleman, and White. The Chair declared the motion unanimously approved.
F. The University Community

VII. Schedules

a. Student Holidays

There was an item included on the agenda for this meeting which, if approved, would change the authorization for unscheduled student holidays. President Sharp said since the students were unable to be in Tulsa because of the weather, he would like to remove this from the agenda. This will give the students the opportunity to visit with the Student Affairs Committee next month regarding this matter and the item will be placed on the agenda for the March meeting.

There was no objection.

G. Operations and Physical Plant

I. New Construction

a. Richards Hall Addition and Renovation

At the January meeting information was presented on the bids received on January 12 for the renovation of Richards Hall and a 19,000 square foot addition and the installation of fixed laboratory equipment in both the existing building and the new addition. Since the total of the bids received was over the funds available for the project the bids for the general construction and the single bid for mechanical work were rejected and it was understood the project plans would be revised and those portions of the project would be rebid. Those bids are due on March 2. The low bidders for the electrical work and casework were requested to hold their bids good for a period of 60 days.

The following electrical bids were received:

<table>
<thead>
<tr>
<th>Company</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Smith-Weir Electric Company, Inc.</td>
<td>$84,624.00</td>
</tr>
<tr>
<td>Thompson Electric, Inc.</td>
<td>$59,995.00</td>
</tr>
</tbody>
</table>

The following bids were received on laboratory equipment:

<table>
<thead>
<tr>
<th>Company</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>American Desk Manufacturers</td>
<td>$141,094.00</td>
</tr>
<tr>
<td>Kewaunee Equipment, Inc.</td>
<td>$124,796.00</td>
</tr>
<tr>
<td>Oklahoma Electrical Supply Company</td>
<td>$147,519.00</td>
</tr>
</tbody>
</table>
President Sharp recommended the electrical construction bid from Thompson Electric, Inc. in the amount of $59,995.00 and the low casework bid from Kewaunee Equipment, Inc. in the amount of $124,796.00 be accepted subject to the receipt of acceptable general construction and mechanical bids and the availability of funds for this project.

Regent Bell said the Facilities Planning Committee concurs with the recommendation and he moved approval. The following voted yes on the motion: Regents Brett, Mitchell, Bailey, Bell, Replogle, Engleman, and White. The Chair declared the motion unanimously approved.

b. Report on Major Capital Improvements Projects

As shown on the following page, a report was presented to the Regents on major capital improvements projects now under construction and in various stages of planning on the Norman Campus. No action was required.

There being no further business the meeting adjourned at 11:20 a.m.

Barbara H. James
Executive Secretary of the Board of Regents
