A regular meeting of the Board of Regents of The University of Oklahoma was held in the auditorium of the Health Sciences Library on the Oklahoma City Campus of the University on Thursday, November 9, 1978, beginning at 10:35 a.m.

Notice of the time, date, and place of this meeting was submitted to the Secretary of State as required by Enrolled House Bill 1416 (1977 Oklahoma Legislature).

The following were present: Regent Bob G. Mitchell, M.D., President of the Board, presiding; Regents Richard A. Bell, Dee A. Replogle, Jr., Charles E. Engleman, Ronald H. White, M.D., and Dan Little.

Absent: Regent K. D. Bailey

The following were also present: Dr. William S. Banowsky, President of the University; Provosts Morris and Thurman; Vice Presidents Burr, Farley, and White; Executive Assistant Joseph C. Ray; and Mrs. Barbara H. James, Executive Secretary of the Board of Regents.

The minutes of the regular meeting held on October 19, 1978, were approved as printed and distributed prior to the meeting on motion by Regent Mitchell and with the following affirmative vote: Regents Mitchell, Bell, Replogle, Engleman, White, and Little. The Chair declared the motion unanimously approved.

Student Activity Fee Increase

In the light of the student referendum on November 1 concerning the proposed $1.50 per credit hour student activity fee increase (see page 15236), Regent Replogle reported that at the Budget Committee meeting yesterday, President Banowsky recommended that the proposed increase be reduced to $1.00 per credit hour.

Based on the estimated student credit hour collectible, a $1.00 increase would total an approximate $460,000 increase in the student activity fee funds for one year. Of this amount, approximately $190,000 will be needed by Goddard Health Center for 1979-80 and an additional $48,000 for 1980-81. This would leave approximately $270,000 for other uses in 1979-80 and $222,000 in 1980-81.

Regent Replogle said the Budget Committee recommends the student activity fee be increased by $1.00 per credit hour, effective with the fall semester 1979, with the funds earmarked for the first two years with the first priority being Goddard Health Center, and the second priority being recreational
facilities and activities and intramural programs. Regent Replogle moved approval of the recommendation. The following voted yes on the motion: Regents Mitchell, Bell, Replogle, Engleman, White, and Little. The Chair declared the motion unanimously approved.

Name for Stadium Lounge

Regent Bell said the Facilities Planning Committee at the meeting yesterday voted to recommend that the donors' lounge in Oklahoma Memorial Stadium be named Jack H. Santee Lounge in honor of the former O.U. football player and Regent from Tulsa for his efforts in the planning and construction of the recent stadium expansion, which included the lounge, deck, and press box. Regent Bell moved approval of the recommendation. The following voted yes on the motion: Regents Mitchell, Bell, Replogle, Engleman, White, and Little. The Chair declared the motion unanimously approved.

UOSA Budget for 1978-79

Regent Engleman, Chair of the Academic Affairs Committee, reported that at the Student Affairs Committee meeting yesterday, the UOSA Omnibus Appropriations Bill for 1978-79 was reviewed with student representatives and the administration. He said the Committee concurred with President Banowsky's recommendation that the Regents approve the lump sum appropriations in the UOSA Budget for 1978-79 as follows:

The following deaths were reported:

Betty Jo Flood, Adjunct Assistant Professor of Nursing, August 22, 1978.

George H. Kimball, Clinical Professor of Surgery, October 11, 1978.
b. Departmental Name Change

Dr. James R. Allen, Chair of the Department of Psychiatry, Tulsa, has requested a change in the name of his department to Department of Psychiatry and Behavioral Sciences, Tulsa. The principal reasons for this request are as follows:

1. It has become clear that the statewide approach to the Psychiatry Residency Program is going to be unworkable and that we must develop a separate program in Tulsa utilizing the Tulsa Psychiatric Center, Children's Medical Center, and the Muskogee Veterans' Administration Hospital. To do this will require explicit acknowledgement of the behavioral sciences as would be the case through this proposed name change.

2. The University of Oklahoma Tulsa Medical College now has four full-time psychologists—two in Pediatrics and two in Family Practice. Dr. Allen and Dr. Dubriwny (also in the Department of Psychiatry, Tulsa) have been involved in interviewing the candidates for these faculty positions but there is no formal relationship between the teaching and patient care activities in Psychiatry, Family Practice, and the Child Guidance Center (Pediatrics). The faculty members of these departments are beginning to meet and study the problem of identifying and assisting students and residents who have mental or emotional problems requiring professional help. They also need to develop some mutual agreement and appreciation in order to prevent splintering of our teaching and patient care efforts in Psychiatry and Behavioral Science.

3. Dr. Allen's approach to Psychiatry makes full use of nurses and social workers as well as psychologists and the proposed name change would help convey that concept to the outside world.

The proposed name is comparable to the title utilized on the Oklahoma City Campus.

President Banowsky recommended approval of changing the name of the Department of Psychiatry, Tulsa, to the Department of Psychiatry and Behavioral Sciences, Tulsa, effective immediately.

Regent Replogle moved approval of the recommendation. The following voted yes on the motion: Regents Mitchell, Bell, Replogle, Engleman, White, and Little. The Chair declared the motion unanimously approved.

III. Finance and Management

a. Staff Employees

APPOINTMENTS:

Debbie D. Benson, Auditor III, Internal Auditing, $15,000 for 12 months, October 1, 1978. Professional Staff. Transferred from the Norman Campus.

William Roger Leber, Research Assistant II, Department of Psychiatry and Behavioral Sciences, $17,000 for 12 months, September 18, 1978. Professional Staff.

Eva G. Young, Staff Nurse, College of Dentistry, $12,600 for 12 months, September 25, 1978. Professional Staff.

CHANGES:

Ruth Stewart, Accountant II, Department of Family Practice and Community Medicine and Dentistry, salary increased from $13,825 to $15,850 for 12 months, September 1, 1978.

TERMINATIONS:

Judy Ann Fite, Research Nurse, Department of Medicine, April 1, 1978.

Novell J. Wilson, Medical Technologist, Department of Medicine, October 14, 1978.

President Banowsky recommended approval of the personnel actions listed above.

Regent Engleman moved approval of the recommendation. The following voted yes on the motion: Regents Mitchell, Bell, Replogle, Engleman, White, and Little. The Chair declared the motion unanimously approved.

b. Proposal, Contract, and Grant Report

A summary of proposals for contracts and grants for the Health Sciences Center for October, 1978, was included with the agenda for this meeting. A list of all contracts executed during the same period of time on proposals previously reported was also included in the agenda.

President Banowsky recommended that the President of the University or the President's designees be authorized to execute contracts on the pending proposals as negotiations are completed. The contract budgets may differ from the proposed amounts depending on these negotiations.

Regent Little moved approval of the recommendation. The following voted yes on the motion: Regents Mitchell, Bell, Replogle, Engleman, White, and Little. The Chair declared the motion unanimously approved.

a. 1,100-Car Parking Structure Change Orders

Change Order #3 to the construction contract for the 1,100-car parking structure involves work and materials that were bid as alternates during the original bid process regarding the deduction of a freight elevator and a passenger elevator. This deduction removes the elevator equipment for two of the three elevators designed into the parking structure but does not affect the elevator enclosure and, therefore, provides the opportunity to install either or both elevators at a future date. The total amount of the deduct change order is $120,000.

Change Order #4 to the construction contract for the 1,100-car parking facility involves a revision to the specified foundation of the structure. The initial foundation calculations and specifications that were bid upon by the general contractor were based upon a geotechnical report that averaged the subsurface conditions across the site. This deduct change order is based upon now-available information concerning each specific foundation pier making it possible to use straight shaft piers instead of the originally-specified pier and bell footings. This revision will in no way alter the original loading capacity of the foundation. The total amount of the deduct change order is $37,400.

President Banowsky recommended approval of Change Orders #3 and #4 with deduct amounts of $120,000 and $37,400 to the construction contract for the 1,100-car parking structure.

Regent Bell reported this was reviewed at the Facilities Planning Committee meeting yesterday, and the Committee concurs with President Banowsky's recommendation. Regent Bell moved approval of the recommendation. The following Regents voted yes on the motion: Regents Mitchell, Bell, Replogle, Engleman, White, and Little. The Chair declared the motion unanimously approved.

b. Bids on 434-Car Parking Structure

A tabulation of bids received on October 23 for the Health Sciences Center 434-Car Parking Structure and the University Hospital and Clinics Emergency Medical and Trauma Center and Clinical Laboratory was included in the agenda. Regent Bell said it was reported at the Facilities Planning Committee meeting yesterday that negotiations are still underway with representatives of the University Hospital and Clinics with regard to the acceptance of these bids; and, therefore, no action is required at this time.

c. Sale of Property

On July 10, 1978, the Board of Directors of the Oklahoma Health Sciences Facilities, Incorporated, received sealed bids on five properties owned by Health Sciences Facilities, Incorporated, which were offered for sale under authorization previously given by the Board of Regents.
At that bid opening, 11 bidders submitted 20 bids for various ones of these five properties.

The Board of Directors of Health Sciences Facilities, Incorporated, voted immediately following the bid opening to accept the high bids for 716/718 and 721 N.E. 15th Street and to reject all other bids. The Board of Directors also expressed their desire to re-advertise the remaining three properties for sale through a real estate agency in the hopes of selling the properties at a higher percentage of appraised value.

The Regents accepted the high bids for 716/718 and 721 N.E. 15th Street and authorized re-advertisement through a real estate agency of the remaining properties for sale.

Offers to purchase the three remaining properties at their full appraisal value have been received as follows:

President Banowsky recommended that the Board of Regents approve the above sales transactions.

Regent Bell said this was reviewed at the Facilities Planning Committee meeting yesterday, and the Committee concurs with President Banowsky's recommendation. Regent Bell moved approval of the recommendation. The following Regents voted yes on the motion: Mitchell, Bell, Replogle, Engleman, White, and Little. The Chair declared the motion unanimously approved.

IV. Academic Departments

a. Oklahoma Climatological Survey

In June of 1978, Governor David Boren and President Paul Sharp jointly signed a letter to the National Climate Center indicating that Professor Amos Eddy of our School of Meteorology had been appointed as the State Climatologist. Now, consistent with the National Climate Program Act (HR 6669), it is necessary to move ahead to establish an Oklahoma Climatological Survey at the University of Oklahoma in order to have the State of Oklahoma qualify for federal support in the climatological area, which also necessitates the development of a state climatological plan.

Therefore, we need to have our Regents approve the June action taken by Governor Boren and President Sharp and also approve the establishment of the Oklahoma Climatological Survey.

It will then be necessary to forward this action to the State Regents asking that this be an assigned function of the University of Oklahoma. Following State Regents' action, the legislature must then act approving the establishment of the Oklahoma Climatological Survey and hopefully appropriating $125,000 for the first year of its operation. There will be a considerable amount of federal money available in this area, and since we already have a very outstanding School of Meteorology and the federally-funded Severe Storms Laboratory in Norman, the University of Oklahoma is the logical place in the state to establish the Climatological Survey.

President Banowsky recommended the Regents (1) approve the establishment of the Oklahoma Climatological Survey and the appointment of Professor Amos Eddy as State Climatologist, and (2) request the State Regents that this be an assigned function of the University of Oklahoma.

Regent Replogle moved approval of the recommendation. The following voted yes on the motion: Regents Mitchell, Bell, Replogle, Engleman, White, and Little. The Chair declared the motion unanimously approved.

D. Finance and Management (Norman Campus)

I. Staff Personnel Actions

a. Vice President for Administrative and Financial Services

President Banowsky requested and received unanimous consent from the Regents to add to the agenda at this time consideration of the appointment of a Vice President for Administrative and Financial Services.

President Banowsky said he is very pleased to announce his recommendation of the appointment of Dr. Arthur J. Elbert as Vice President for Administrative and Financial Services. Dr. Banowsky then commented on the search process and on Dr. Elbert's background and qualifications.

President Banowsky said he recommends with great enthusiasm that Dr. Arthur J. Elbert be appointed Vice President for Administrative and Financial Services at a salary rate of $44,000 for 12 months, effective February 1, 1979. He said he recommends also that Dr. Elbert be appointed Associate Professor of Psychology without tenure eligibility.

Regent Little moved approval of the recommendation. The following voted yes on the motion: Regents Mitchell, Bell, Replogle, Engleman, White, and Little. The Chair declared the motion unanimously approved.

Regent Replogle moved approval of the recommendation. The following voted yes on the motion: Regents Mitchell, Bell, Replogle, Engleman, White, and Little. The Chair declared the motion unanimously approved.
VII. Project Financing

a. Proposal, Contract, and Grant Report

A summary of proposals for contracts and grants for the Norman Campus for October, 1978, was included in the agenda for this meeting. A list of all contracts executed during the same period of time on proposals previously reported was also included.

President Banowsky recommended that the President of the University or the President's designees be authorized to execute contracts on the pending proposals as negotiations are completed. The contract budgets may differ from the proposed amounts depending upon these negotiations.

Regent Replogle moved approval of the recommendation. The following voted yes on the motion: Regents Mitchell, Bell, Replogle, Engleman, White, and Little. The Chair declared the motion unanimously approved.

G. Operations and Physical Plant (Norman Campus)

I. New Construction

a. Report on Major Capital Improvement Projects

As shown on the following page, a report was presented to the Regents on capital improvement projects under construction and in various stages of planning on the Norman Campus. No action was required.

II. Repairs, Remodeling, and Renovation

a. Rebuilding Cooling Tower

The Norman Campus had developed a multi-year plan to rebuild its cooling tower. Portions of the required work have been done by the Physical Plant, and certain portions of the work are planned for completion by the Physical Plant at a later time. It is estimated that the cost to build a new cooling tower would be approximately $250,000, while the tower could be rebuilt at an approximate cost of $180,756.

The Physical Plant does not have the capabilities to perform certain portions of the required work and it is recommended that this work be contracted with an outside vendor. This work involves installation of PVC fill, replacement of the distribution system, installation of four new fiberglass reinforced polyester plastic fan cylinders, replacement of all interior structural columns, diagonal braces and double ties, installation of new galvanized steel mechanical supports, replacement of partition walls in the plenum chamber, and installation of new casing and decking above the louver area. The Physical Plant has developed detailed specifications for this work.
Funds for contracting work on the cooling tower would be available from Physical Plant utility reserves.

President Banowsky recommended that the Regents authorize the administration to advertise for bids on the rebuilding of the Norman Campus cooling tower according to the specifications developed by the Physical Plant with payment to be made from Physical Plant utility reserves.

Regent Bell reported this was reviewed at the Facilities Planning Committee meeting, and the Committee concurs with President Banowsky's recommendation. Regent Bell moved approval. The following voted yes on the motion: Regent Mitchell, Bell, Replogle, Engleman, White, and Little. The Chair declared the motion unanimously approved.

V. University Property

a. Sale of Osage County Land

Last summer the University advertised for bid the rural land owned by the University which was acquired from the estate of Roxie Scott. The land is located in Osage County and contained a total of 613.96 acres divided into three tracts. The University accepted the bid received for Tract A but rejected all of the bids received for Tracts B and C because the bids received were under the appraised value.

This land is held for the benefit and support of the William Johnston Scott Scholarship Fund as provided in the Will of Roxie Scott. It was the opinion of the administration last summer that the purpose of the endowment could better be served by selling the land and investing the proceeds derived therefrom. Several months have passed and it would seem appropriate to re-advertise the remaining tracts for sale. Tract B contains 218.5 acres and Tract C consists of 30.46 acres.

President Banowsky recommended that advertising of Tract B and Tract C for sale be authorized, and that bids be taken on each separate tract or both tracts together, reserving the right to accept or reject all bids.

Regent Bell reported this was reviewed by the Facilities Planning Committee at the meeting yesterday, and the Committee concurs with President Banowsky's recommendation. Regent Bell moved approval of the recommendation. The following voted yes on the motion: Regents Mitchell, Bell, Replogle, Engleman, White, and Little. The Chair declared the motion unanimously approved.

b. Sale of Logan County Land

In accordance with authorization granted by the Regents at the September 6 meeting, the property in Logan County in which the University owns an undivided one-half interest was advertised for sale less and except the minerals and the water rights. The following bids were received on October 27:

Joe Blair, Kingfisher - $116,500  
Donald Hixon, Crescent - $106,600  
Joy L. States, Dover - $91,100

The First National Bank of Guthrie is the owner of the other one-half interest in this land. The bank has reviewed these bids and Mrs. Kay Hudson, Vice President and Trust Officer, has indicated the following in a letter: "We understand Mr. Blair is a quite successful businessman with good financial backing. We are more than pleased with the amount of the bid, especially considering that we have retained the mineral interests." The University administration also has reviewed the bids and believes this is an acceptable price.

This property came to the University under the will of Madge Mae Vincent. The proceeds of the sale will be deposited in the Zee Vincent and Madge Mae Vincent Memorial Fund and the income from the principal of the fund used to provide assistance to needy and worthy students.

President Banowsky recommended approval of awarding the bid on approximately 158 acres of farm land in Logan County described as the NE1/4, Section 32, Township 17, North Range 4 West of the Indian Meridian to Mr. Joe Blair on the basis of his high bid of $116,500.

Regent Bell reported that these bids were reviewed at the Facilities Planning Committee meeting yesterday, and the Committee concurs with President Banowsky's recommendation. He moved approval. The following voted yes on the motion: Regents Mitchell, Bell, Replogle, Engleman, White, and Little. The Chair declared the motion unanimously approved.

There being no further business, the meeting adjourned at 10:50 a.m.
