Hershel Lamirand, title changed from Director of Development to Executive Director of Development, Health Sciences Center, salary increased from $38,325 to $40,000 for 12 months, January 1, 1982. Administrative Officer.

President Banowsky recommended approval of the personnel actions listed above.

Regent Engleman moved approval of the recommendation. The following voted yes on the motion: Regents Replogle, Engleman, White, Little, Rothbaum, McCurdy, and Imel. The Chair declared the motion unanimously approved.

JOINT POLICY ADVISORY BOARD - OKLAHOMA CHILDREN'S MEMORIAL HOSPITAL

The Affiliation Agreement between the Department of Human Services and the University Regents pertaining to the Oklahoma Children's Memorial Hospital provides for a Joint Policy Advisory Board consisting of 10 members. Five members are appointed by the University Regents and five are appointed by Human Services.

The following are proposed for appointment for the 1982 calendar year:
December 10, 1981

Dr. Clayton Rich, Provost, Health Sciences Center
Dr. G. Rainey Williams, Interim Dean, College of Medicine
Mr. Gary L. Smith, Vice Provost for Administration and Finance
Dr. Owen Rennert, Professor and Head of Pediatrics
Dr. William P. Tunell, Professor of Surgery

Each of the above has served on the Joint Policy Advisory Board for the 1981 calendar year.

President Banowsky recommended that the individuals named above be appointed to the Oklahoma Children's Memorial Hospital Joint Policy Advisory Board for the period January 1, 1982 through December 31, 1982.

Regent Little moved approval of the recommendation. The following voted yes on the motion: Regents Replogle, Engleman, White, Little, Rothbaum, McCurdy, and Imel. The Chair declared the motion unanimously approved.

PURCHASE OF VEHICLES

Invitations to bid were distributed recently to lease and/or purchase nine new vehicles (five 4-door automobiles, one 2-door pickup truck, one 1 ton stake bed truck, and two 9-passenger vans) for the Health Sciences Center Motor Pool.

The bids received were evaluated by the Department of General Services and the recommendation is to accept the best low bids that meet specifications. A decision was made to reject all bids on the 1/2 ton truck and to purchase only one van. It was decided also that six cylinder automobiles should be purchased rather than four cylinder.

Funds are available in Budget Account 3802-0090 to make these purchases.

The following bids were received:

1. Dub Richardson Ford, Inc.
   Oklahoma City
   5 each Ford Fairmont (6 cylinder) $37,171.50
   5 each Ford Escort (4 cylinder) 38,496.80
   1 each Ford 1/2 ton pickup truck 6,761.56
   1 each one ton stake bed truck 9,340.55
   1 each 3/4 ton Ford Club Wagon (van) 11,668.64
President Banowsky recommended the award of purchase orders for vehicles as follows:
1. To Dub Richardson Ford, Inc., Oklahoma City, for five 4-door Ford Fairmonts at a cost of $37,171.50.

2. To Henderson Chevrolet, Midwest City, for one Chevrolet one ton stake bed truck including the optional stake bed and spare tire - $9,385.00.

3. To Steve Burke Chevrolet, Oklahoma City, for one 9-passenger 3/4 ton Chevrolet van - $9,602.59.

Regent White moved approval of the recommendation. The following voted yes on the motion: Regents Replogle, Engleman, White, Little, Rothbaum, McCurdy, and Imel. The Chair declared the motion unanimously approved.

PROPOSAL, CONTRACT, AND GRANT REPORT

A summary of proposals for contracts and grants for the Oklahoma City Campus, including the Tulsa Medical College branch, for November, 1981 was included in the agenda for this meeting. A list of all contracts executed during the same period of time on proposals previously reported was also included.

President Banowsky recommended that the President of the University or the President's designees be authorized to execute contracts on the pending proposals as negotiations are completed. It is understood that contract budgets may differ from the proposed amounts depending on these negotiations.

Regent Little moved approval of the recommendation. The following voted yes on the motion: Regents Replogle, Engleman, White, Little, Rothbaum, McCurdy, and Imel. The Chair declared the motion unanimously approved.

LANDSCAPE PROJECT

President Banowsky reported that Twam Nurseries, landscape contractor, has completed work on the Phase VI Landscape Project, Street Trees, for the Health Sciences Center. He said a final inspection was held by the Health Sciences Center staff and the contractor. The cost of the work under this contract is $60,973. The project, he said, is ready for final acceptance.

President Banowsky recommended that this project be accepted as complete and that final payment be made to Twam Nurseries.

Regent White moved approval of the recommendation. The following voted yes on the motion: Regents Replogle, Engleman, White, Little, Rothbaum, McCurdy, and Imel. The Chair declared the motion unanimously approved.
COLLEGE OF NURSING SITE LIGHTING AND BUILDING IDENTIFICATION

Shawver and Son, Inc., electrical contractor, has completed its work on this project. A final inspection has been held by Health Sciences Center staff and the contractor, and all punch list items have been completed. The cost of the work under this contract is $45,468. The project is ready for final acceptance.

President Banowsky recommended that this project be accepted as complete and that final payment be made to Shawver and Son, Inc.

Regent Engleman moved approval of the recommendation. The following voted yes on the motion: Regents Replogle, Engleman, White, Little, Rothbaum, McCurdy, and Imel. The Chair declared the motion unanimously approved.

STEAM AND CHILLED WATER SYSTEM EXPANSION

In January, 1979, the Board of Regents approved a $7.6 million Utility System Revenue Bond issue for expansion of the Health Sciences Center Central Steam and Chilled Water System. Bonds were sold and closed on July 23, 1979. To properly manage the various contracts for this project, it was divided into three parts:

Part One - Tunnel System and Piping Extension - Approximately $3,500,000 estimated construction cost, prepared in three packages.

Part Two - Plant Expansion - Approximately $1,500,000 estimated construction cost. 6,000 ton chilled water capacity expansion and related piping prepared in two bid packages.

Part Three - Energy Conservation Work - Approximately $1,000,000 estimated construction cost. Free cooling system and interlocking supply headers, steam drive pump, stack economizers, blow down heat recovery, and metering revisions prepared in one bid package.

Initial portions of the work have been completed. Other parts are now under construction and/or are being installed, and several others are being prepared for bidding.

The contract documents for Part One, Project 3A and 3B (Pharmacy Building) have now been completed and are ready to be advertised for bid. This tunnel project will connect at the north end of the East/West Tunnel between the Library Building and the Nursing Building, proceeding east 126' then turning north 70° to building entrance. This is a pedestrian utility tunnel and the contract will be for an unfinished tunnel with the utility pipes.
The project engineers, Frankfurt-Short-Bruza, estimate the construction cost at $280,000.

President Banowsky recommended the approval of this project and authorization to bid.

Regent McCurdy moved approval of the recommendation. The following voted yes on the motion: Regents Replogle, Engleman, White, Little, Rothbaum, McCurdy, and Imel. The Chair declared the motion unanimously approved.

REPORT ON MAJOR CAPITAL IMPROVEMENT PROJECTS

As shown on the following page, a report was presented to the Regents on major capital improvement projects now under construction and in various stages of planning on the Oklahoma City Campus. No action was required.

III. Norman Campus

FACULTY PERSONNEL ACTIONS

LEAVES OF ABSENCE:

Harvey Blatt, Associate Professor of Geology and Geophysics, sabbatical leave of absence with full pay, January 16, 1982 through May 31, 1982. To carry out a research proposal on "Mudrock Sedimentology and Shoreline Migration during Middle and Late Devonian Time in Western New York".

K. H. Bergey, Professor of Aerospace, Mechanical, and Nuclear Engineering, leave of absence without pay for ½ time, September 1, 1981 through May 31, 1982. To devote half of his time to wind power research.

APPOINTMENTS:

Daniel B. Kohlhepp, Ph.D., Visiting Associate Professor of Business Administration, $15,000 for 4.5 months, January 16, 1982 through May 31, 1982.

Chung J. Liew, Adjunct Assistant Professor of Economics, rate of $21,800 for 9 months, November 1, 1981 through May 31, 1982.

CHANGE:

David Swank, Professor of Law and Associate Dean, College of Law, salary changed from $52,000 to $56,700 for 12 months, July 1, 1981.

RESIGNATION:

John Paul Klingstedt, Professor of Accounting, September 29, 1981. To pursue career challenges outside the University.
RETIREMENT:

President Banowsky recommended approval of the personnel actions listed above.

Regent Rothbaum moved approval of the recommendation. The following voted yes on the motion: Regents Replogle, Engleman, White, Little, Rothbaum, McCurdy, and Imel. The Chair declared the motion unanimously approved.

ACADEMIC MISCONDUCT CODE

On June 18, 1981 the University Regents approved a revised Academic Misconduct Code for the Norman Campus to become effective with the beginning of the Fall semester of 1981. Among the changes approved was a consolidation of hearings at the college level and the elimination of the Campus-wide Academic Misconduct Board.

Cases which have arisen since the beginning of the Fall semester of 1981 are being handled under the new Code. Several cases that arose prior to that time, however, are still pending. Because of the change in policy and the severe difficulty that exists in obtaining a quorum, the Campus-wide Academic Misconduct Board recommended to the Provost that the Board be disbanded on completion of the two cases then before that Board and that any cases begun under the old Academic Misconduct Code of November 8, 1979 that had not reached the Campus-wide Board be disposed of through the new Academic Misconduct Code. The Provost approved the recommendation.

President Banowsky recommended that the Board of Regents formally ratify the action taken by Provost Morris on November 17, 1981, requiring disposition of all academic misconduct cases under the Code adopted by the Regents on June 18, 1981, except for those cases before the Campus-wide Board as of November 17, 1981.

Regent McCurdy moved approval of the recommendation. The following voted yes on the motion: Regents Replogle, Engleman, White, Little, Rothbaum, McCurdy, and Imel. The Chair declared the motion unanimously approved.

Nothing will be deducted from each basketball game if the number of live television broadcasts exceeds five during any season

**KNOR Radio, Inc.**

The KNOR bid for coverage of football, basketball, and all other sports was as follows:
1. $125,000 for 1982-83
2. $135,000 for 1983-84
3. $150,000 for 1984-85

President Banowsky recommended that the contract covering the exclusive football and basketball radio broadcast rights for the period July 1, 1982 through June 30, 1985 be awarded to the Oklahoma News Network with the University reserving the right to negotiate a two-year renewal option for the period July 1, 1985 through June 30, 1987.

Regent White moved approval of the recommendation. The following voted yes on the motion: Regents Replogle, Engleman, White, Little, Rothbaum, McCurdy, and Imel. The Chair declared the motion unanimously approved.

INSTITUTIONAL FURNITURE REPLACEMENT

It is necessary to replace certain office and classroom furniture which is worn, cracked, chipped and heavily marked with carving and graffiti. Some of this furniture is 30 years old and many buildings are furnished with the original equipment.

The budget for this project is $100,000.

President Banowsky recommended that the Board of Regents authorize $100,000 of Section 13/New College Funds to be used to replace institutional office and classroom furniture.

Regent McCurdy moved approval of the recommendation. The following voted yes on the motion: Regents Replogle, Engleman, White, Little, Rothbaum, McCurdy, and Imel. The Chair declared the motion unanimously approved.

BUILDING 4 FIRE SAFETY IMPROVEMENTS

It is necessary to replace the existing obsolete fire protection system which can no longer be maintained or economically repaired in Oklahoma Center for Continuing Education Building 4 on the South Campus. This building is occupied by various OCCE functions and other tenants who need the added protection afforded by a reliable alarm system. Illuminated exit signs will also be added to the north side of the building.

The estimated cost of this work is $16,500. It is proposed that Section 13/New College Funds be used for this project.

President Banowsky recommended that the Board of Regents authorize $16,500 of Section 13/New College Funds to be used to improve fire safety in OCCE Building 4.
Regent White moved approval of the recommendation. The following voted yes on the motion: Regents Replogle, Engleman, White, Little, Rothbaum, McCurdy, and Imel. The Chair declared the motion unanimously approved.

**RHYNE HALL RENOVATION**

It is necessary to perform major repairs to Rhyne Hall including exterior windows, doors, painting, tuckpointing, caulking and damaged portions of the spanish tile roof. The project will include selected interior ceiling, wall, and stairway repairs, and installation of illuminated exit signs and panic hardware on exterior doors. This building houses the School of Social Work and has not received major repair work in 20 years.

The estimated cost of this work is $112,000. It is proposed that Section 13/New College Funds be used for the project.

President Banowsky recommended that the Board of Regents authorize $112,000 of Section 13/New College funds to be used to perform major repairs to Rhyne Hall.

Regent Rothbaum moved approval of the recommendation. The following voted yes on the motion: Regents Replogle, Engleman, White, Little, Rothbaum, McCurdy, and Imel. The Chair declared the motion unanimously approved.

**LAND ACQUISITION**

For a number of years the University of Oklahoma has attempted to acquire individual pieces of property which surround the University as the property becomes available. It has usually been our policy for the University of Oklahoma Foundation to secure the properties which the University subsequently purchases from the Foundation as funds become available. Several properties surrounding the campus are currently available. These sites would be useful for future University use.

Sufficient Section 13 funds will be available during the year to make these purchases.

President Banowsky recommended that $1,000,000 of Section 13 funds be allocated for the purchase of selected properties around the Norman Campus of the University.

Regent Engleman moved approval of the recommendation. The following voted yes on the motion: Regents Replogle, Engleman, White, Little, Rothbaum, McCurdy, and Imel. The Chair declared the motion unanimously approved.
COMPUTER REMOTE JOB ENTRY STATION

A bid has been received from IBM for a remote job entry station to be installed in the Nuclear Engineering Laboratory Building. The bid was circulated on a single source basis because IBM had the only system which could meet the specifications. Because of the multi user environment in the station, high reliability is considered essential.

The cost of the purchase will be charged to Computing Services account 147-110.

The bid received was in accordance with the IBM state and local government lease/purchase plan. The bid prices are as follows:

The monthly lease/purchase payment includes the cost of maintenance service. The bid is acceptable to the Director of Computing Services. The purchase plan will be to issue purchase orders to lease/purchase the system for approximately two years and then utilize the accrued equity to full purchase the system at that point which is at maximum advantage to the University.

President Banowsky recommended that the Board of Regents approve the award of a purchase order in the amount of $12,321.00 to IBM to cover the lease/purchase for the balance of this fiscal year with conversion to a full purchase at a future date as described above.

Regent White moved approval of the recommendation. The following voted yes on the motion: Regents Replogle, Engleman, White, Little, Rothbaum, McCurdy, and Imel. The Chair declared the motion unanimously approved.

The low bid for the base bid and both add alternates submitted by Business and Institutional Interiors meets specifications and is acceptable to the Library and Architectural and Engineering Services representatives.

President Banowsky recommended that the Board of Regents approve the award of a purchase order in the amount of $119,185.00 to Business & Institutional Interiors for compact library shelving for the new Bizzell Library Addition as specified in their base bid. Add alternate #1 and add alternate #2 need further evaluation and may be awarded at a later time.

Regent Little moved approval of the recommendation. The following voted yes on the motion: Regents Replogle, Engleman, White, Little, Rothbaum, McCurdy, and Imel. The Chair declared the motion unanimously approved.

PROPOSAL, CONTRACT, AND GRANT REPORT

A summary of proposals for contracts and grants for the Norman Campus for November, 1981 was included in the agenda for this meeting. A list of all contracts executed during the same period of time on proposals previously reported was also included.

President Banowsky recommended that the President of the University or the President’s designees be authorized to execute contracts on the pending proposals as negotiations are completed. It is understood that contract budgets may differ from the proposed amounts depending on these negotiations.

Regent McCurdy moved approval of the recommendation. The following voted yes on the motion: Regents Replogle, Engleman, White, Little, Rothbaum, McCurdy, and Imel. The Chair declared the motion unanimously approved.

EXPANSION OF JC-80 BUILDING AUTOMATION SYSTEM

Single bid negotiations with Johnson Controls, Inc. have been completed for the purpose of upgrading the existing JC-80 Building Automation System and including 11 additional buildings to the system.

The bid provides for JC-80 building automation materials, equipment, technical engineering, control diagrams and calibration services, and also for performing retrofit to existing University buildings and specific air handling units for the purpose of reducing energy consumption associated with the environmental control equipment.

Funding for the project will be provided from the following sources: $115,000 U.S. Department of Energy Grant, and $204,664 Capital Improvement Funds for Energy Conservation Improvements.
The materials and services in this project relate directly to the expansion and enhancement of the University's JC-80 Computerized Building Automation System designed and manufactured by Johnson Controls, Inc. This single source purchase is the only alternative available to gain the maximum benefit of the energy management features of the system, and the essential criteria of maintaining total compatibility of the system field hardware and computer software. In addition to necessity for compatibility, there would be a potential problem of a split maintenance responsibility.

President Banowsky recommended that the Board of Regents approve the award of a purchase order to Johnson Controls, Inc. in the amount of $319,644 for the purpose of providing JC-80 building automation system materials, equipment, technical engineering, control diagrams and calibration services for reducing energy consumption associated with environmental control equipment in 11 additional buildings on the Norman Campus.

Regent White moved approval of the recommendation. The following voted yes on the motion: Regents Replogle, Engleman, White, Little, Rothbaum, McCurdy, and Imel. The Chair declared the motion unanimously approved.

OKLAHOMA MEMORIAL UNION PARKING CENTER PROJECT

In studies conducted by the Office of Student Affairs Research, parking has been identified as the number one student and visitor complaint and concern.

The Oklahoma Memorial Union is the focal point for campus visitors, particularly prospective students and parents who are visiting the campus for the first time. It is a central gathering place for many students, faculty, staff, alumni and friends of the University. Union services have increased measurably over the past three years. The Union provides banquet, luncheon, and other food services, as well as general meeting space. The installation of automatic banking machines is a widely-used University community service that has dramatically increased traffic in the Union building. The University's Office of Career Planning and Placement Services is an important addition to the Union, and the flow of employer representatives and student clientele to this service area is significant. Additionally, the Commuter Student Services Office of Student Affairs and the Commuter Center President's office are now located in the Union. The Union Programs Board has been reorganized and will provide an increasing number of programs for students in the Union building. Finally, but of great importance, the remodeled study and lounge areas of the Union are used constantly by students.

Oklahoma State University has had a 535 space parking garage adjacent to its Union for twelve years.

The Board of Trustees of the Oklahoma Memorial Union have been studying ways and means of constructing a parking structure adjacent to the Union...
for some time. Plans and specifications for a 171 space structure have been completed by The Benham Group.

The estimated cost and proposed method of funding the Union Parking Center is as follows:

Estimated Total Cost of Project (4) $1,801,000

(1) To date 85 spaces have sold.
(2) $250,000 has been obtained to be paid in April, 1982 in full.
(3) Letter of commitment from bank @ 9-3/4% interest has been obtained.
(4) Estimated cost includes construction, architect's fees, legal and financial fees, debt service reserve, capitalized interest and landscaping costs.

The proposed parking center has received support from many areas of the University, including Student Congress, OU Dads' Association, OU Foundation, Alumni Association, University Club, and others.

Harland Bartholomew & Associates, traffic consultants recently appointed by the Board of Regents, have completed a preliminary study and have included the following comments in their report:

"Need for Parking - We are convinced that there is sufficient demand for parking at and in the vicinity of the Memorial Union to more than justify the proposed number of spaces (171 in the facility). We unhesitatingly support the need for the proposed new structure even taking into account the potential for reduced overall future parking demand per person.

"Traffic Ingress/Engress - We are convinced that the proposed site can be adequately served for the size structure contemplated while allowing sufficient flexibility for future campus planning. Asp Avenue can remain as-is, be extended one-way, become two-way or be closed in part and still provide adequate service (with appropriate traffic operation controls).

"Traffic Conflicts at Site - Our only traffic concern is one of resolving questions on pedestrian-vehicular conflicts with an especial caution relative to the truck service area. These
are primarily design questions beyond the scope of our efforts. Other planning questions are yet to be addressed for long-range purposes. There are few alternative sites adequately serving the Memorial Union, and none that at this time can be identified as permitting better traffic service. The proposed site north of the Memorial Union is relatively small and will impose constraints on design that may dictate minimum standards and operating conditions. We caution the University to insist on a design that is practicable as well as possible for traffic operations (vehicle and pedestrian flow)."

The Oklahoma Memorial Union, Inc. desires to enter into a ground lease with the Regents to lease certain real property immediately to the north of the Oklahoma Memorial Union and south of Carpenter Hall for the purpose of constructing this parking facility. At the end of the lease term in 2027, the improvements would belong to the Board of Regents of the University of Oklahoma.

President Banowsky recommended approval of the lease agreement between The Oklahoma Memorial Union, Inc. and the Regents, approval of the plans for the structure, and the adoption of the following resolution:

A RESOLUTION APPROVING THE OKLAHOMA MEMORIAL UNION, INC. AND ACCEPTING BENEFICIAL INTEREST THEREIN; APPROVING A LEASE AGREEMENT WITH THE OKLAHOMA MEMORIAL UNION, INC.; AUTHORIZING THE ISSUANCE BY THE OKLAHOMA MEMORIAL UNION, INC. OF ITS $500,000 PARKING CENTER NOTE SERIES 1981; PRESCRIBING CERTAIN CONDITIONS; AND CONTAINING OTHER PROVISIONS THERETO.

WHEREAS, The Oklahoma Memorial Union, Inc. is a non-profit corporation organized for the use and benefit of the University of Oklahoma and the students thereof which is governed by a Board of Trustees; and

WHEREAS, the Board of Trustees of The Oklahoma Memorial Union, Inc. has determined that there is a shortage of parking spaces in and around the Oklahoma Memorial Union thus restricting its ability to perform the purposes for which it was organized; and

WHEREAS, the Board of Trustees of The Oklahoma Memorial Union, Inc. has determined to construct a parking garage immediately north of the Oklahoma Memorial Union and south of Carpenter Hall and to pay a portion of the costs of same to borrow $500,000 and to raise approximately $1,500,000 through private donations; and

WHEREAS, in order to secure the lowest possible interest rate on the loan by causing the interest thereon to be exempt from federal income tax, the Board of Trustees of The Oklahoma Memorial Union, Inc. must comply with the provisions of Revenue Ruling 63-20 which provides in part as follows:
"(1) the corporation must engage in activities which are essentially public in nature; (2) the corporation must be one which is not organized for profit (except to the extent of retiring indebtedness); (3) the corporate income must not inure to any private person; (4) the state or a political subdivision thereof must have a beneficial interest in the corporation while the indebtedness remains outstanding and it must obtain full legal title to the property of the corporation with respect to which the indebtedness was incurred upon the retirement of such indebtedness; and (5) the corporation must have been approved by the state or a political subdivision thereof, either of which must also have approved the specific obligations issued by the corporation."

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF REGENTS OF THE UNIVERSITY OF OKLAHOMA:

SECTION 1. The Oklahoma Memorial Union, Inc., an Oklahoma non-profit corporation formed for the use and benefit of the University of Oklahoma and the students thereof, is hereby approved and the beneficial interest in and to said corporation is hereby accepted for and on behalf of the University of Oklahoma.

SECTION 2. The Ground Lease dated as of December 10, 1981, by and between the Board of Regents of the University of Oklahoma as Lessor, and the Board of Trustees of The Oklahoma Memorial Union, Inc., as Lessee, pertaining to the leasing of certain land located north of the Oklahoma Memorial Union and south of Carpenter Hall, a tract of land approximately 100 by 300 feet in size, for a term ending on the 9th day of April, 2027, and at an annual rental rate of One Dollar ($1.00), is hereby approved and the President of the Board of Regents is authorized to execute and deliver same on behalf of the University and the Executive Secretary is directed to attest and affix the seal of the Board of Regents thereto.

SECTION 3. The borrowing by the Board of Trustees of The Oklahoma Memorial Union, Inc. of $500,000 from Security National Bank and Trust Company, Norman, Oklahoma, to be evidenced by its Parking Center Note, Series 1981, bearing interest at a rate not to exceed 9-3/4% per annum amortized over a 20-year period, is hereby approved; provided that in no event may such Note ever become an indebtedness of the University, either directly or indirectly.

SECTION 4. Said Ground Lease approved by Section 2 hereof shall not become effective nor shall said Note approved in Section 3 hereof be issued until such time as the fund raising program of the Board of Trustees of The Oklahoma Memorial Union has progressed to such a point, satisfactory to the Vice President for Administrative Affairs, that construction bids for the parking facility may be prudently received; such approval to be evidenced in writing by said Vice President which approval shall be conclusive.
Regent Engleman moved approval of the recommendation. The following voted yes on the motion: Regents Replogle, Engleman, White, Little, Rothbaum, McCurdy, and Imel. The Chair declared the motion unanimously approved.

Regent Engleman commended the Union Board of Trustees and Mr. J. D. Chase for their leadership in making this project possible.

BIZZELL LIBRARY EXPANSION LANDSCAPING

Hellmuth, Obata & Kassabaum, Inc., architects and engineers for the Bizzell Library Expansion project, have completed an overall landscape plan for the area on the west side of the new main entrance to the library. This part of the project, which has an estimated total cost of approximately $1,000,000 includes the following items of work: (1) trees (2) plant materials (3) walkways (4) service driveways (5) storm drains (6) retaining walls (7) accent and security lighting (8) water fountains and (9) a campus directory.

This work will be constructed in stages. Part of the work will be installed by Harmon Construction Company under the provisions of a change order. Other items of work in the first phase, which has a budget of approximately $400,000 will be installed under separate contracts. Work included in the second phase, which has a budget of approximately $600,000 will be bid at a later time.

President Banowsky recommended that the Board of Regents (1) approve the overall plans for the landscaping of the area around the Bizzell Library Expansion project and the final plans for the first phase of work and (2) authorize the construction and installation of the first phase of the project which has a total budget of $400,000.

Regent Rothbaum moved approval of the recommendation. The following voted yes on the motion: Regents Replogle, Engleman, White, Little, Rothbaum, McCurdy, and Imel. The Chair declared the motion unanimously approved.

COUCH TOWER RENOVATION

Schematic plans for the renovation of Couch Tower have been completed by the project architects.

As a result of changing program requirements, the U.S. Postal Service has requested a series of modifications and renovations to the areas on the first, seventh and ninth floors of the building. The requested changes include: (1) the enlargement of a number of existing classrooms and instructional areas, (2) the general renovation of existing classrooms including new painting, lighting and new carpet, (3) the conversion of additional student rooms to provide additional instructional space, (4) the relocation and expansion of the print shop, (5) the renovation of the existing print shop area and the construction of a new service
entrance to provide an enlarged and improved shipping, receiving and supplies storage area and (6) a series of modifications intended to provide better lighting and increased fire safety in the building. The estimated total cost of the project is approximately $700,000.

The Postal Service will pay all the costs associated with the renovations and make provisions for the restoration of the building under the terms set forth in the lease agreement or under new terms to be established in a new agreement.

The final plans will be subject to joint review by both the University and the U.S. Postal Service.

President Banowsky recommended that the Board of Regents approve the schematic plans for the renovation of Couch Tower as requested by the U.S. Postal Service.

Regent White moved approval of the recommendation. The following voted yes on the motion: Regents Replogle, Engleman, White, Little, Rothbaum, McCurdy, and Imel. The Chair declared the motion unanimously approved.

BURTON HALL RENOVATION

The architects for the Burton Hall Renovation project have completed an initial set of final plans and specifications for the project. This project involves a general interior renovation of the building, changes in the electrical, lighting and fire alarm systems, and the installation of a new air-conditioning system.

The estimated total cost of the project is $1,250,000.

President Banowsky recommended that the Board of Regents approve the final plans and specifications subject to the completion of all final modifications and corrections and authorize the bidding of the project.

Regent Little moved approval of the recommendation. The following voted yes on the motion: Regents Replogle, Engleman, White, Little, Rothbaum, McCurdy, and Imel. The Chair declared the motion unanimously approved.

MAX WESTHEIMER FIELD GROUND LEASE

At the June, 1981 Regents' meeting the entering of a ground lease with T-Hangar 5, Inc. (now Hangar 5, Inc.) was approved for the construction and maintenance of multi-unit T-hangars.

The following items represent a modification of the concept as originally approved:
1. A new and more convenient site has been identified. The new site is bounded by Goddard Avenue and the north taxiway and Building 1200 the (Interceptor Hangar) and the Oklahoma Army National Guard maintenance Hangar.

2. No credit from the normal land rental rate will be afforded to the lessee since significant road and major utility improvements are not required.

3. The T-hangar (two six unit facilities) will be phase constructed as directed by the University.

President Banowsky recommended that the Regents authorize the necessary modifications from those which were originally approved and the execution of a ground lease with Hangar 5, Inc. Review of the lease agreement by the FAA is required prior to implementation.

Regent McCurdy moved approval of the recommendation. The following voted yes on the motion: Regents Replogle, Engleman, White, Little, Rothbaum, McCurdy, and Imel. The Chair declared the motion unanimously approved.

OIL AND GAS LEASE - OKLAHOMA COUNTY

The University has received a request that we advertise for oil and gas lease the following described property:

NE/4 of Section 15, Township 14 North, Range 1 West
Oklahoma County

This property is located near Arcadia, Oklahoma, and was bequeathed to the University under the Will of May M. Walker. The surface was sold several years ago.

President Banowsky recommended the Board of Regents authorize advertising for oil and gas lease the above described property with any lease entered into as a result of the bids to include the following provisions:

1. A delay rental to be negotiated by and between the parties with a minimum of $5.00 per acre

2. The right of the University to purchase all of the oil and/or gas produced

3. A two-year lease

4. Compulsory drilling within one year
5. No less than 3/16ths royalty

6. Bonus

Regent Little moved approval of the recommendation. The following voted yes on the motion: Regents Replogle, Engleman, White, Little, Rothbaum, McCurdy, and Imel. The Chair declared the motion unanimously approved.

OIL AND GAS LEASE - CLEVELAND COUNTY

The University has received a number of inquiries and requests that we advertise for bid an oil and gas lease of the University property in Cleveland County described as that portion of Section 24, T9N, R3W, lying west of U.S. Highway 77, exclusive of 109 plus acres owned by the City of Norman which is leased by the University. The net total of University land therefore available in Section 24 is 511 plus acres.

This property is on the North Campus and adjoins land leased for drilling purposes recently. This property also is, in part, under long-term developmental ground lease and will not be required for other purposes in the foreseeable future. A variety of restrictions to properly protect air space use will be imposed.

President Banowsky recommended the Board of Regents authorize advertising to solicit bids for an oil and gas lease the above described property with any lease entered into as a result of the bids to include, but not be limited to, the following features:

1. A bonus of not less than $250 per acre.

3. A delay rental of a minimum of $5.00 per acre.

4. A competitive lease term which in no event shall exceed three years.

5. The right of the University to purchase all oil, gas, and other hydrocarbons at prices equivalent to the highest posted prices in this area together with the right at University's option to receive the University's royalty in kind.

6. Compulsory drilling within one year of at least one well and at least two other wells within two years from the commencement date of the lease.

7. Production in paying quantities to hold only those portions of the leased tract within the applicable
spacing unit as determined by the Oklahoma Corporation Commission, or if none not to exceed 80 acres.

8. Limitations and restrictions relating to FAA air spacing reviews and airport operations.

Regent McCurdy moved approval of the recommendation. The following voted yes on the motion: Regents Replogle, Engleman, White, Little, Rothbaum, McCurdy, and Imel. The Chair declared the motion unanimously approved.

ROBINSON STREET EASEMENTS

As part of the 1981 Bond Issue Distribution System Improvements Program, the City of Norman is preparing to install a new water main along Robinson Street from the Atchison Topeka and Santa Fe Railroad westward to Berry Road. Due to existing utilities along both sides of Robinson Street in the area, the new water line will need to be located along the north side of the street and beyond existing utility easements.

The easements requested by the City of Norman for this new water line installation are broken into three separate parts. Each of the three segments has been reviewed by University staff and has been found to be appropriate and acceptable from both physical ramifications and legal requirements.

President Banowsky recommended that the Board of Regents approve the three utility easement requests from the City of Norman for a new water line installation along the north side of Robinson Street, legally described as follows:

1. A 7.0 foot water line easement being the North 7.0 feet of the 40.0 foot wide strip lying North of the below described line commencing at the Southeast Corner of the SE/4 Section 24, T-9-N, R-3-W.

Part of the SE/4 Section 24, T-9-N, R-3-W of the Indian Meridian, Cleveland County, Norman, Oklahoma, more particularly described below as:

Beginning at the Southeast Corner of said SE/4, thence Westerly on South line of said SE/4 a distance of 50.00 feet to ending point being 50.00 feet Westerly of said Southeast Corner of said SE/4.

2. A 27.0 foot water line easement being the North 27.0 feet of the 60.00 foot wide strip lying North of the below described line commencing at a point 1873.0 feet Easterly of the Southwest Corner of the S:\ Section 19, T-9-N, R-2-W.
Part of the SW/4 Section 19, T-9-N, R-2-W of the Indian Meridian, Cleveland County, Norman, Oklahoma, more particularly described below as:

Beginning at a point 1873.00 feet Easterly of the Southwest Corner of said SW/4, thence Easterly on South line of said SW/4 a distance of 213.67 feet to ending point being 2086.67 feet Easterly of said Southwest Corner of said SW/4.

3. A 7.0 foot water line easement being the North 7.0 feet of the 40.0 foot wide strip lying North of the below described line commencing at the Southwest Corner of the SW/4 Section 19, T-9-N, R-2-W.

Part of the SW/4 Section 19, T-9-N, R-2-W of the Indian Meridian, Cleveland County, Norman, Oklahoma, more particularly described below as:

Beginning at the Southwest Corner of said SW/4, thence Easterly on South line of said SW/4 a distance of 1,466.00 feet to ending point being 1,466.00 feet Easterly of said Southwest Corner of said SW/4.

Regent Engleman moved approval of the recommendation. The following voted yes on the motion: Regents Replogle, Engleman, White, Little, Rothbaum, McCurdy, and Imel. The Chair declared the motion unanimously approved.

REPORT ON MAJOR CAPITAL IMPROVEMENT PROJECTS

As shown on the following pages, a report was presented to the Regents on major capital improvement projects now under construction and in various stages of planning on the Norman Campus. No action was required.

There being no further business, the meeting adjourned at 9:30 a.m.
