MINUTES OF A REGULAR MEETING
THE UNIVERSITY OF OKLAHOMA BOARD OF REGENTS
FEBRUARY 10, 1983

A regular meeting of the Board of Regents of The University of Oklahoma was held in the Auditorium of the Health Sciences Library on the Oklahoma City Campus of the University on Thursday, February 10, 1983 beginning at 9:10 a.m.

Notice of the time, date, and place of this meeting was submitted to the Secretary of State as required by Enrolled House Bill 1416 (1977 Oklahoma Legislature).

The following were present: Regent Charles E. Engleman, President of the Board, presiding; Regents Ronald H. White, M.D., Julian J. Rothbaum, Tom McCurdy, John M. Imel, and Thomas Elwood Kemp.

Absent: Regent Dan Little.

The following also were present: Dr. William S. Banowsky, President of the University, Provosts J. R. Morris and Clayton Rich, Vice Presidents Anona L. Adair, Arthur J. Elbert, David A. Burr, and R. Gerald Turner, and Barbara H. James, Executive Secretary of the Board of Regents. Other executive officers present were: Mr. Ron D. Burton, General Jay T. Edwards, Mr. Walter O. Mason, and Mr. Stanley M. Ward.

The minutes of the meeting held on January 13, 1983 were approved as printed and distributed prior to the meeting on motion by Regent Imel and with the following affirmative vote: Regents Engleman, White, Rothbaum, McCurdy, Imel, and Kemp. The Chair declared the motion unanimously approved.

President Banowsky said he was pleased to announce that awards ranging in value up to $5,000 are being created as a result of a suggestion from the Employee Executive Council to recognize employees whose creative ideas improve the work efficiency or the public relations of the University. As many as six awards will be presented each year. The awards will be funded by private donations and will be awarded by a selection committee to be appointed in the near future. Annual awards will be made in two categories -- work improvements, which will be for ideas that benefit the University monetarily, and public relations, which will recognize activities that benefit the University in a public relations sense. President Banowsky said he has approved the establishment of these awards to encourage employees to share their creative ideas for solving problems on campus or improving the way a job is done. He congratulated the Employee Executive Council for their enthusiasm and for their support.

President Banowsky also announced the establishment of the Puterbaugh Chair in the American Enterprise System. The establishment of this Chair,
February 10, 1983

he said, is made possible by a generous gift of $750,000 from the Puterbaugh Foundation of McAlester. President Banowsky expressed appreciation for this generous commitment, which reflects the belief of the Puterbaugh Foundation and its namesake, the late J. G. Puterbaugh, in the American way of life, the traditional values of Americans, and the nation's economic system.

TERMINATION:

Judy Beth Stover, Nurse Clinician, Department of Family Medicine, January 15, 1983.

President Banowsky recommended approval of the personnel actions listed above.

Regent McCurdy moved approval of the recommendation. The following voted yes on the motion: Regents Engleman, White, Rothbaum, McCurdy, Imel, and Kemp. The Chair declared the motion unanimously approved.

NAME CHANGES OF DIVISION AND DEPARTMENT IN DENTISTRY

The Dean of the College of Dentistry has requested that the title of the Division of Oral Surgery be changed to Division of Oral and Maxillofacial Surgery and that the Department of Oral Surgery be changed to Department of Oral and Maxillofacial Surgery. The specialty organization representing this field has changed its name to American Society of Oral and Maxillofacial Surgeons and the national certifying board has changed its name to American Board of Oral and Maxillofacial Surgery. The proposed change will more accurately describe the activity of the division and department.

Provost Rich concurs with this change.

President Banowsky recommended that the name of the Division of Oral Surgery be changed to the Division of Oral and Maxillofacial Surgery and the name of the Department of Oral Surgery be changed to the Department of Oral and Maxillofacial Surgery effective immediately.

Regent Imel moved approval of the recommendation. The following voted yes on the motion: Regents Engleman, White, Rothbaum, McCurdy, Imel, and Kemp. The Chair declared the motion unanimously approved.

AUDITOR FOR 1982-83

Touche Ross & Co. has submitted a proposal to audit the accounts of the Health Sciences Center for the year ended June 30, 1983 as follows:

"The purpose of our engagement is to examine the Health Sciences Center's financial statements for the year ended June 30, 1983, and evaluate the fairness
of presentation of the statements in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

"Our examination will be conducted in accordance with generally accepted auditing standards which will include a review of the system of internal control and tests of transactions to the extent we believe necessary. Accordingly, it will not include a detailed audit of transactions to the extent which would be required if intended to disclose defalcations or other irregularities, although their discovery may result.

"We direct your attention to the fact that management has the responsibility for the proper recording of transactions in the books of account, for the safeguarding of assets, and for the substantial accuracy of the financial statements. Such statements are the representations of management.

"The objective of our examination is the expression of an opinion on the Health Sciences Center's financial statements. Our ability to express that opinion, and the wording of our opinion will, of course, be dependent on the facts and circumstances at the date of our report. If our opinion will be other than unqualified, the reasons therefor will be fully disclosed.

"In addition, we will prepare as a normal part of our examination a letter of recommendations including comments on deficiencies we have observed in internal controls and possible ways to improve the efficiency of your operations. It is also our practice to discuss our comments on such matters with the appropriate level of management.

"We are, of course, available to assist you in other areas that might arise.

"Our fees are based on the amount of time required at various levels of responsibility, plus actual out-of-pocket expenses (travel, typing, telephone, etc.), payable upon presentation of our invoices. Total fees for this engagement will be the same as the fee for the prior year's engagement, $30,300."

This proposal has been reviewed by Mr. John P. Eckert, Director of Internal Auditing, and by Provost Rich and Vice Provost Smith. All concur in the continuation of Touche Ross & Co. as the auditor for the Health Sciences Center for 1982-83. The audit fee included in the proposal is the same as the 1982 fee.

President Banowsky recommended that Touche Ross & Co. be appointed to perform the audit for the Health Sciences Center for the year ended June 30, 1983 in accordance with the above proposal and at the fee specified.

Regent McCurdy moved approval of the recommendation. The following voted yes on the motion: Regents Engleman, White, Rothbaum, McCurdy, Imel, and Kemp. The Chair declared the motion unanimously approved.
PROPOSAL, CONTRACT, AND GRANT REPORT

A summary of proposals for contracts and grants for the Health Sciences Center, including the Tulsa Medical College branch, for January, 1983 was included in the agenda for this meeting. A list of all contracts executed during the same period of time on proposals previously reported was also included.

President Banowsky recommended that the President of the University or the President's designees be authorized to execute contracts on the pending proposals as negotiations are completed. The contract budgets may differ from the proposed amounts depending on these negotiations.

Regent Rothbaum moved approval of the recommendation. The following voted yes on the motion: Regents Engleman, White, Rothbaum, McCurdy, Imel, and Kemp. The Chair declared the motion unanimously approved.

REPORT ON MAJOR CAPITAL IMPROVEMENT PROJECTS

As shown on the following page, a report was presented to the Regents on major capital improvement projects now under construction and in various stages of planning on the Oklahoma City Campus. No action was required.

Leon M. Yanda, title changed from Associate Director, Architectural and Engineering Services, to Engineer, Auxiliary Services, January 3, 1983. Changed from Administrative Staff to Professional Staff.

RESIGNATIONS:

Chris Lowell Brown, Associate Vice President for University Affairs, March 15, 1983.

Patrick H. Keating, Sales Specialist, Data Base Marketing, January 27, 1983.

RETIREMENT:

President Banowsky recommended approval of the personnel actions listed above.

Regent Imel moved approval of the recommendation. The following voted yes on the motion: Regents Engleman, White, Rothbaum, McCurdy, Imel, and Kemp. The Chair declared the motion unanimously approved.
VICE PRESIDENT FOR STUDENT AFFAIRS

President Banowsky said he was extremely pleased to recommend that Anona L. Adair be appointed Vice President for Student Affairs at a salary of $56,000 for 12 months, effective February 10, 1983. President Banowsky reviewed her background at The University of Oklahoma and commented on her strong leadership and executive abilities and her exceptional commitment to and interest in students.

Regent Imel moved approval of the recommendation. The following voted yes: Regents Engleman, White, Rothbaum, McCurdy, Imel, and Kemp. The Chair declared the motion unanimously approved.

STUDENT CODE REVISIONS

Major revisions of the Norman Campus Student Code were approved at the September meeting with the understanding further amendments would be considered to clarify or strengthen specific Code sections. Seven amendments were approved at the October meeting and two were approved at the December meeting. Five additional amendments have now been approved by the Student Code Revision Committee, the Student Congress, the UOSA President, and the Acting Vice President for Student Affairs. The revisions are as follows:

Title 13, 2.2 (h)

FROM:

Hearings will be closed to the public except for the student's representative. The hearing may be open only if requested by the student and if the CDB approves. Prospective witnesses other than the complainant and the respondent may be excluded from the hearing during the testimony of other witnesses. All parties other than the board members shall be excluded during board deliberations.

TO:

Hearings will be opened to the public. Prospective witnesses other than the complainant and the respondent may be excluded from the hearing during the testimony of other witnesses. All parties other than the board members shall be excluded during board deliberations, at the CDB's discretion.

RATIONALE:

University Legal Counsel advises that disciplinary hearings must be open to the public, and that the CDB should have discretionary powers to deliberate in closed sessions.
Title 13, 2.2 (i)

FROM:

A hearing may proceed with a decision rendered in the absence of a student who fails to appear after proper notice. The board may reconsider its decision if the student contacts the Judicial Coordinator's office within 2 days of the end of the hearing and demonstrates good cause for his/her absence to the board.

TO:

Boards may exercise the following options in the event a student fails to appear for a hearing after proper notice: postpone the hearing, fine the student up to $50.00 and reschedule the hearing, or proceed with a decision. The Board may reconsider its decision if the student demonstrates sufficient cause for the absence within 10 days after the originally scheduled hearing.

RATIONALE:

Giving the board the latitude to hear the case, continue it, or to fine the student provides the discretionary options that the committee believes the boards must possess. It is believed that 10 days provides sufficient opportunities for students to contact the Judicial Coordinator or the board.

Title 13, 3.2 (i)

FROM:

Hearings shall be closed to the public except for the student's representative. The hearing may be open only if requested by the student and if the CDC approves. Prospective witnesses other than the complainant and the respondent may be excluded from the hearing during the testimony of other witnesses. All parties other than CDC members shall be excluded during board deliberations.

TO:

Hearings shall be open to the public. Prospective witnesses other than the complainant and the respondent may be excluded from the hearing during the testimony of other witnesses. All parties other than CDC members shall be excluded during board deliberations, at the CDC's discretion.

RATIONALE:

University Legal Counsel advises that disciplinary hearings must be open to the public, and that the CDC should have discretionary powers to deliberate in closed session.
FROM:

Any member of the University Community (students, faculty, and staff) may recommend a change in the Student Code. To do so, all such recommendations must be typed, giving reasons for the change, then submitted to the Office of the UOSA President or the Office of the Vice President for Student Affairs. Unless unusual circumstances exist, which may be determined by the Revision Committee, the Vice President for Student Affairs, or UOSA Congress, all code changes shall be proposed, considered, and acted upon during the regular fall and spring academic periods. All proposed changes to the Student Code, whether proposed by the Student Association, University Administration, or other members of the University Community, must be submitted in accordance with the procedures set forth within this article.

TO:

Any member of the University Community (students, faculty, and staff) may recommend a change in the Student Code. To do so, all such recommendations must be typed, giving reasons for the change, then submitted to the Office of the UOSA President or the Office of the Vice President for Student Affairs. Unless unusual circumstances exist, which may be determined by a majority vote of the Revision Committee at a meeting in which a quorum is present, all code changes shall be proposed, considered, and acted upon during the regular fall and spring academic periods. All proposed changes to the Student Code, whether proposed by the Student Association, University Administration, or other members of the University Community, must be submitted in accordance with the procedures set forth within this article.

RATIONALE:

The purpose for this change is to insure both student and administration input, embodied in the Revision Committee membership, when proposals are considered. There is no intent to hinder consideration of any proposal; the aim is to insure student input from the beginning.

FROM:

The Revision Committee shall establish its own rules of procedure. At a minimum, it shall include:
- any proposal forwarded shall be typed;
- any proposal forwarded shall be accompanied by a typed rationale for the revision
- any proposal forwarded shall include the final votes in writing of those committee members voting. At least 4 committee members must vote for a proposal before it can be considered an official revision recommendation.
TO:

The Revision Committee shall establish its own rules of procedure. At a minimum, it shall include:

a. any proposal forwarded shall be typed;
b. any proposal forwarded shall be accompanied by a typed rationale for the revision;
c. any proposal forwarded shall include the final votes in writing of those committee members voting. At least 4 committee members must vote for a proposal before it can be considered an official revision recommendation;
d. a quorum shall be 4 members, with at least 2 students and 2 staff members present.

RATIONALE:

The addition of a definition of a quorum is to codify the traditional procedure of the Code Revision Committee. Lettering the subsections will better organize and identify the subsections.

President Banowsky recommended approval of the Student Code amendments shown above to be effective immediately.

Regent White moved approval of the recommendation. The following voted yes on the motion: Regents Engleman, White, Rothbaum, McCurdy, Imel, and Kemp. The Chair declared the motion unanimously approved.

PURCHASE OF VIDEO GAME SERVICES

Bids were recently circulated for providing video game services to the University residence halls for the next year. The bids were based upon the percentage of gross revenue which would be provided to the University as a commission for allowing the contractor to provide the service. The revenue proceeds will be distributed to the residence hall student organizations.

Bids were received as follows:

The bid by Cooper Vending offers the greatest revenue potential for this contract. An analysis of past revenue and projection of future revenue ($125,000) indicates that the average commission received from American Amusement would be 50% and the average commission received from the Traw bid would be approximately 45%.

Cooper Vending's past performance has been excellent and their bid meets all other requirements. The Cooper bid is acceptable to the Director of Housing Programs and the presidents of the student residence hall organizations.

President Banowsky recommended that the Board of Regents approve the award of a vending services contract to Cooper Vending Company to provide video game vending service to the residence hall areas for the next year as explained above.

Regent White moved approval of the recommendation. The following voted yes on the motion: Regents Engleman, White, Rothbaum, McCurdy, Imel, and Kemp. The Chair declared the motion unanimously approved.

PROPOSAL, CONTRACT, AND GRANT REPORT

A summary of proposals for contracts and grants for the Norman Campus for January, 1983 was included in the agenda for this meeting. A list of all contracts executed during the same period of time on proposals previously reported was also included.

President Banowsky recommended that the President of the University or the President's designees be authorized to execute contracts on the pending proposals as negotiations are completed. The contract budgets may differ from the proposed amounts depending on these negotiations.

Regent McCurdy moved approval of the recommendation. The following voted yes on the motion: Regents Engleman, White, Rothbaum, McCurdy, Imel, and Kemp. The Chair declared the motion unanimously approved.

TELECOMMUNICATIONS SYSTEM

In March 1982, Telecommunications International, Inc. was selected as the low bidder for telecommunications consultant services and was
authorized to begin Phase I of the contract, a Survey and Determination of Telecommunication Needs. In November 1982, the Regents were briefed on the progress of the project and were advised that the University expected to achieve a savings of approximately $5,000,000 over the next ten years as a result of the purchase and installation of a new Telecommunications System. The savings will be achieved because the owned system will not be subject to the continuous exposure to rate increases of a leased system.

Two concurrent projects are required to complete the design of the system as follows:

- Switch System Design $30,061.50
- Cable System Installation Design 34,900.00
  $64,961.50

Funds for the Telecommunications System have been included in the budget for Telecommunications Services Account 147-310.

The target date for installation of the new system is July 1984, after which the University will no longer have any exposure to the rate increases of the current leased system. Therefore, it is important that this project move ahead on schedule from the standpoint of the impact on budgets in future years. In addition, the new digital system will offer significant improvements and advantages over the current antiquated rotary dial system.

President Banowsky recommended that the Board of Regents approve the award of a purchase order to Telecommunications International, Inc. in the amount of $64,941.50 for completion of the design of the Telecommunications System.

Regent Rothbaum moved approval of the recommendation. The following voted yes on the motion: Regents Engleman, White, Rothbaum, McCurdy, Imel, and Kemp. The Chair declared the motion unanimously approved.

ENERGY CENTER BUILDING UTILITY WORK

Three complete bids for the relocation of neighborhood-serving utility lines running through the site of the Energy Center Building were received on February 6. Plans and specifications for this project were prepared by The Benham Group and reviewed by University staff.

This project involves the closing of existing sewer lines and the construction of new sanitary sewer lines and new manholes needed to clear the site of the Energy Center. The estimated cost of this work is approximately $80,000. Funds are included as a part of the budget for the Energy Center Building project.

The following bids were received:

All of the bids were reviewed by The Benham Group, the project architects, and University staff.

President Banowsky recommended that the Board of Regents award a construction contract for the installation of Energy Center Building Utility work in the amount of $54,058 to R & M Mechanical Contractors, Inc. for their low base bid less the sales tax savings.

Regent Rothbaum moved approval of the recommendation. The following voted yes on the motion: Regents Engleman, White, Rothbaum, McCurdy, Imel, and Kemp. The Chair declared the motion unanimously approved.

SECTION 13 AND NEW COLLEGE FUNDS MODIFICATIONS

The Board of Regents is requested to approve the following changes in the plan for the expenditure of Section 13 and New College Funds during the period July 1, 1982 to June 30, 1983.

1. Engineering Library Renovation: This project includes the renovation and enlargement of the Engineering Library. The original areas of the library are served by an outmoded air-conditioning unit that does not have the additional capacity needed to serve the new areas. A new unit with additional capacity is needed to serve both the new and the old sections of the library. The total cost of this new unit is $60,000. It is recommended that $60,000 of Section 13 and New College Funds be used to increase the budget for the project from $300,000 to $360,000 for this purpose.

2. Physical Sciences Center Exhaust System and Energy Conservation Project: The Physical Sciences Center building exhausts large quantities of heated air in the winter and cooled air in the summer in order to meet the requirements for ventilation in laboratories and other high chemical use areas. This process leads to very high heating and cooling costs. The Board of Regents approved (1) a plan to modify the existing mechanical heating, cooling and laboratory exhaust systems in the Physical Sciences Center to conserve energy based on a preliminary study prepared for the DOE grant application and (2) a funding plan which included a DOE grant of $45,500 matched with $45,500 of Physical Plant funds. Additional studies indicate that the scope of this project needs to be extended and the budget needs to be increased by $14,500 to a new total of $105,500. It now is proposed that the project
funding plan include $60,000 in Section 13 and New College Funds and the DOE grant of $45,500.

3. Academic Research and Instructional Equipment: This new project involves the use of $175,000 of Section 13 and New College Funds for the purchase of new items of movable equipment needed by faculty members and students in teaching and research laboratories.

President Banowsky recommended that the Board of Regents approve the following changes in the plan for the expenditure of Section 13 and New College Funds:

1. Increase the budget for the Engineering Library Renovation project by $60,000 to add a new air-conditioning unit;

2. Allocate $60,000 to enlarge the scope of the Physical Sciences Center Energy Conservation project and to provide the required matching funds for the DOE grant; and

3. Allocate $175,000 for the purchase of new academic research and instructional equipment.

Regent White moved approval of the recommendation. The following voted yes on the motion: Regents Engleman, White, Rothbaum, McCurdy, Imel, and Kemp. The Chair declared the motion unanimously approved.

SCHOOL OF MUSIC BUILDING

The Board of Regents has approved the design development phase for the School of Music Building and authorized the project architects to proceed with the final contract documents phase of the project. The project has an estimated cost of $13,400,000.

Most of the properties required for construction are owned by the University of Oklahoma. It is now necessary to purchase the remaining land for the project. The following properties have been purchased by the University of Oklahoma Foundation at a total cost of $300,000: 513 and 527 South College Avenue. Negotiations for the following properties are in process: 524 and 528 West Boyd and 525 South College Avenue.

Funds are available in the Music Building project budget to cover this land acquisition.

President Banowsky recommended that the Board of Regents:

1. Authorize the University to purchase the following properties for the Music Building site from The University of Oklahoma Foundation: 513 South College Avenue and 527 South College Avenue; and
2. Authorize the President of the University or his designee to complete the negotiations and purchase of 524 and 528 West Boyd Avenue and 525 South College Avenue and report the purchase price to the Board of Regents.

Regent White moved approval of the recommendation. The following voted yes on the motion: Regents Engleman, White, Rothbaum, McCurdy, Imel, and Kemp. The Chair declared the motion unanimously approved.

JENKINS AVENUE PARKING AREA

Final plans and specifications for a new parking area containing 206 spaces have been completed. This project involves the construction of additional parking spaces in an area east of Jenkins Avenue near Jacobs Field and includes paved areas, sidewalks, security lighting and landscaping. The new parking facilities have been designed to interconnect with existing and future parking areas. This project is to be constructed using $312,000 of State Capital Improvement Funds.

It is now necessary to proceed with the purchase of land for the Jenkins Avenue Parking Area project. The Board of Regents previously has approved the use of $800,000 of Section 13/New College Funds for a Land Acquisition program. Negotiations for the following properties are now in process:

Lot 4, Block 1, Faerie Queen Addition
Lot 7, Block 1, Faerie Queen Addition
Lot 8, Block 1, Faerie Queen Addition
Lot 1, Block 2, Faerie Queen Addition

President Banowsky recommended that the Board of Regents:

1. Approve the final plans and specifications for the Jenkins Avenue parking area;

2. Authorize the President or his designee to proceed with negotiations and to purchase the four properties listed above needed for the new parking area; and

3. Authorize bidding the project.

Regent Rothbaum moved approval of the recommendation. The following voted yes on the motion: Regents Engleman, White, Rothbaum, McCurdy, Imel, and Kemp. The Chair declared the motion unanimously approved.

CAPITAL IMPROVEMENTS PROGRAM MODIFICATIONS

The following modifications to the Capital Improvements Program are needed:
1. Geology X-Ray Laboratory and Gould Hall Main Power Supply: Two major University programs, the School of Geology and Geophysics and the Oklahoma Geological Survey, which are housed in Gould Hall, are using the building for expanded research, teaching and public service programs. All of these programs, which have been growing through the years, are using additional computer terminals and air conditioning units and increasingly large amounts of electrical equipment and research laboratory instrumentation.

Within the past few months, the School of Geology and Geophysics has received gifts for the purchase of X-ray equipment needed to establish a new laboratory. In order to install and operate this new equipment, which has large air conditioning and electrical power requirements, it is necessary to renovate two rooms in Gould Hall. The scope of this work includes a limited amount of demolition work, the reconstruction of two large rooms in Gould Hall and the installation of (a) a new air conditioning system with a separate 15-ton chiller unit, (b) a new fume hood and fume hood exhaust system, (c) a group of laboratory benches and related fixed casework, (d) a new main electric panel and electric distribution system designed to meet the special power requirements and to support the X-ray equipment, and (e) a new lighting system. The estimated cost of this part of the total project is $100,000.

As a result of the large power requirements of the new Geology X-Ray Laboratory, the rapid increase in the use of electric powered research and teaching equipment throughout the building, and the use of additional air conditioning units, the building's main transformers and power supply system are overloaded. It now is necessary to install new main transformers and a main power supply to the building. It also is necessary to install new panels and a new major internal electric power distribution system. The estimated cost of this part of the project is $150,000.

To fund the Geology X-Ray Laboratory and Gould Hall Main Power Supply project, it is proposed that $250,000 be reallocated from the North Oval Campus Improvements project to Phase II of the Gould Hall Renovation project.

2. Bizzell Memorial Library Expansion Site Development: Work is largely complete on the original Bizzell Memorial Library Site Development project which included site development and landscaping a large area west of the new library structure extending north to DeBarr Hall and south to the new main east-west walkway. This landscaping project needs to be enlarged to extend the sprinkler system to include new areas on the north side of Nielsen Hall, on the south side of Sutton Hall and surrounding Ellison Hall. Additional trees, grass and plant materials are needed in these areas. The estimated cost of this additional work is $100,000. It is proposed that $100,000 be reallocated from the North Oval Site Development project to the Bizzell Memorial Library Site Development project for these purposes.

3. School of Music Building: In order to proceed with the Bizzell Library Site Development project on schedule, it was necessary to use $282,500 in private funds planned for the School of Music Building because the State funds requested for the site development project had not been
allocated on time. Now, it is necessary to transfer $282,500 in State appropriated funds from the Bizzell Library Site Development project to the School of Music Building project.

President Banowsky recommended that the Board of Regents:

1. Approve a plan to reallocate $250,000 from the North Oval Campus Improvements project to fund the Geology X-Ray Laboratory and Gould Hall Main Power Supply project as the first part of the Gould Hall Renovation, Phase II project;

2. Authorize the preparation of plans for this work;

3. Approve the plan to reallocate $100,000 from the North Oval Campus Improvements project to fund an increase in the scope of the Bizzell Library Expansion Site Development project; and

4. Approve the plan to reallocate $282,500 in State funds from the Bizzell Library Site Development project to the School of Music project.

Regent White moved approval of the recommendation. The following voted yes on the motion: Regents Engleman, White, Rothbaum, McCurdy, Imel, and Kemp. The Chair declared the motion unanimously approved.

COMPLETED CONSTRUCTION PROJECTS

President Banowsky reported the following projects have been completed:

1. Burton Hall Renovation - On January 10, 1983 a final inspection of the Burton Hall Renovation project was conducted by representatives from Architectural and Engineering Services, the School of Human Development, Physical Plant, Gralla Associates, the project architects, and Delco Construction Company, Inc., general contractor for the project. During this inspection, a punch list of items needing corrective work was developed.

The scope of this project included the installation of a new air conditioning system and general interior renovation of the building to meet current and projected needs of the School of Human Development. The project also included the installation of new electrical, lighting and fire alarm systems; the modification of interior spaces to meet current fire and life safety codes; the construction of an elevator shaft and the installation of a passenger elevator; the installation of new windows and the completion of interior and exterior work to make the building more energy efficient.
The budget for this project is $1,250,000. The cost of construction was $948,744.

2. University Boulevard Parking Area - On January 3, 1983 a final inspection of the University Boulevard Parking Area Project was conducted by representatives from Architectural and Engineering Services, Physical Plant, Lawrence, Lawrence, and Flesher, the project architects, and Hopo Paving Company, general contractor for the project. During this inspection, a punch list of items needing corrective work was developed.

The scope of this project included the construction of 278 parking spaces, security lighting, trees, plant materials, storm drains and walkways. The cost of construction was $298,945.

President Banowsky recommended that the Board of Regents accept the following projects as substantially complete and authorize final payment to the construction company indicated after all punch list items have been completed:

1. Burton Hall Renovation Project - Delco Construction Company, Inc.

2. University Boulevard Parking Area Project - Hopo Paving Company

Regent White moved approval of the recommendation. The following voted yes on the motion: Regents Engleman, White, Rothbaum, McCurdy, Imel, and Kemp. The Chair declared the motion unanimously approved.

REPORT ON MAJOR CAPITAL IMPROVEMENT PROJECTS

As shown on the following pages, a report was presented to the Regents on major capital improvement projects now under construction and in various stages of planning on the Norman Campus. No action was required.

Regent McCurdy commended Vice President Elbert and his staff for their work with the Norman Campus landscaping. He said the maintenance of the grounds, trees, etc., is outstanding and the campus looks excellent.

There being no further business, the meeting adjourned at 9:37 a.m.

Barbara H. James
Executive Secretary of the Board of Regents
