The annual meeting of the Board of Regents of The University of Oklahoma was held in the auditorium of the Health Sciences Library Building on the Oklahoma City Campus on Thursday, March 7, 1985, beginning at 9:50 a.m.

Notice of the time, date, and place of this meeting was submitted to the Secretary of State as required by Enrolled House Bill 1416 (1977 Oklahoma Legislature).

The following Regents were present: Regent Dan Little, Chairman of the Board, presiding; Regents Julian J. Rothbaum, Tom McCurdy, John M. Imel, Charles F. Sarratt, and Ronald H. White, M.D.

Absent: Regent Thomas Elwood Kemp.

The following also were present: Dr. Martin C. Jischke, Interim President, Senior Vice President and Provost J. R. Morris, Provost Clayton Rich, Vice Presidents Anona L. Adair and Arthur J. Elbert, and Barbara H. Tuttle, Executive Secretary of the Board of Regents. Other executive officers present were: Mr. Ron D. Burton, Mr. Walter O. Mason, Mr. Gary L. Smith, Mr. Larry Brawner, and Mr. Stanley M. Ward.

The minutes of the regular meeting held on February 14, 1985 were approved as printed and distributed prior to the meeting on motion by Regent White with the following affirmative vote: Regents Little, Rothbaum, McCurdy, Imel, Sarratt, and White. The Chair declared the motion unanimously approved.

Dr. Jischke called attention to the notification in the agenda regarding the death of Professor Carol Brice Carey on February 15, 1985. On behalf of the faculty, staff, and students of the University, Dr. Jischke expressed sincere sympathy to her family. Professor Carey, he said, died one week after returning from New York City, where she and her husband, Professor Thomas Carey, had attended the premiere of Porgy and Bess at the Metropolitan Opera. Mrs. Carey was an internationally known opera star and was renowned for her portrayal of Maria in Porgy and Bess, which she performed more than 3,000 times in this country and in Europe.

Dr. Jischke noted that Professor Carey joined our School of Music faculty in 1971. She was the consummate teacher and professional and was a tremendous ambassador for the University and the State of Oklahoma. Mrs. Carey and her husband established the Cimarron Circuit Opera Company in 1975 to introduce opera to communities throughout Oklahoma.
March 7, 1985

Dr. Jischke said Carol Brice Carey made a tremendous contribution through the generous way in which she shared her life, her talent, and her love of music. She was a great woman and a great friend of many. He said it is an honor to have served with her.

Interim President Jischke also extended congratulations to Coaches Tubbs and Abel for winning Big Eight Championships in basketball and wrestling for 1985.

The next order of business was the election of officers of the Board for 1985-86. Regent Imel moved that Regent Julian J. Rothbaum be elected Chairman and Regent Tom McCurdy be elected Vice Chairman of the Board. The following voted yes on the motion: Regents Little, Rothbaum, McCurdy, Imel, Sarratt, and White. The Chair declared the motion unanimously approved.

Regent McCurdy moved that Barbara H. Tuttle be re-elected Executive Secretary of the Board. The following voted yes on the motion: Regents Little, Rothbaum, McCurdy, Imel, Sarratt, and White. The Chair declared the motion unanimously approved.

Dr. Jischke said he would like to take a moment to express his personal appreciation to Regent Little, who concludes his term as Chairman of the Board with this meeting. Regent Little's service on the Board since 1978, he said, has coincided with one of the most exciting periods in OU history. Establishment of the Energy Center, a new College of Geosciences, a magnificent new library addition, construction of the Pharmacy Building, and the founding of The University of Oklahoma Associates are just a few of the projects which have benefited from his leadership and support.

Dr. Jischke reminded those present that Regent Little is a graduate of Harvard University where he majored in American history. He then attended The University of Oklahoma College of Law, where he served as Editor-in-Chief of the Oklahoma Law Review and was selected as the outstanding senior law student by the Oklahoma Bar Association. He graduated with honors from both Harvard and The University of Oklahoma.

Throughout his term, Dr. Jischke said, Regent Little has been intensely interested in the academic programs and future of the University. When possible he has scheduled meetings with faculty and students to coincide with trips to Norman and Oklahoma City for Regents' meetings. He has visited many classrooms and has been readily accessible to students, faculty and staff. Dr. Jischke said the entire University community deeply appreciates the interest he has shown and the leadership he has provided. This statement was followed by a round of applause from all of those present.

Regent Little said it has been his pleasure and his privilege to have served. He believes the next seven years will be just as exciting.
Regent Little called attention to the need to select another member of the Presidential Search Committee in view of the unfortunate death of Professor Carol Brice Carey. Regent White moved that Professor Teree Foster be appointed to replace Mrs. Carey. He noted that Professor Foster was one of eight nominees submitted by the Norman Campus Faculty Senate during the original nomination process for Search Committee members. The following voted yes on the motion: Regents Little, Rothbaum, McCurdy, Imel, Sarratt, and White. The Chair declared the motion unanimously approved.

REGENTS' AWARDS

In a letter dated February 22, 1985, Interim President Jischke indicated to each member of the Board his recommendations for the March meeting on the individuals to receive the 1985 Regents' Awards.

The regulations for the Regents' Awards provide that each individual will receive a cash award of $1,000 along with a certificate suitable for framing and each faculty member's name will be added to plaques which hang in Bizzell Memorial Library and the Health Sciences Library. The funds for these cash awards will be provided by The University of Oklahoma Associates.

Interim President Jischke recommended approval of the following Regents' Awards for 1985:

For Superior Teaching

S. Joseph Barry, Professor of Communication Disorders
Susan H. Caldwell, Associate Professor of Art
Huston Diehl, Associate Professor of English
Floyd W. Emanuel, Professor of Communication Disorders
W. Alan Nicewander, Professor of Psychology

For Superior Research or Creative Activity

Roger E. Frech, Professor of Chemistry
Bing-Man Fung, Professor of Chemistry
Timothy P. Yoshino, Associate Professor of Zoology

For Superior Service

Eugene L. Mencke, Professor of Communication Disorders

Regent Imel moved approval of the recommendation. The following voted yes on the motion: Regents Little, Rothbaum, McCurdy, Imel, Sarratt, and White. The Chair declared the motion unanimously approved.

Regent McCurdy moved approval of the recommendation. The following voted yes on the motion: Regents Little, Rothbaum, McCurdy, Imel, Sarratt, and White. The Chair declared the motion unanimously approved.

GROUP HEALTH INSURANCE

Pursuant to Federal law concerning health maintenance organizations (HMO's), every employer with an average of 25 employees or more shall include in any health benefits plan offered to its employees the option of membership in a qualified HMO in whose service areas at least 25 of such employees reside. Effective November 1, 1981, the Prudential Life Insurance Company became an HMO provider to The University of Oklahoma in the form of PruCare as approved by The University of Oklahoma Regents, September 17, 1981.

Health Care Plus (HCP), an HMO located in Oklahoma City with corporate headquarters in Wichita, Kansas, approached the University requesting that the University offer their prepaid health plan to University employees and dependents. Following several meetings with HCP, the University is in a position to offer their benefit plan along with the Blue Cross/Blue Shield and the PruCare plans. Premium charges are lower for the University and for employees who purchase dependent coverage than for PruCare or Blue Cross.

There has been a substantial desire expressed by faculty, staff and students for HMO care in which services would be provided by the College of Medicine faculty and the teaching hospitals. The faculty and teaching hospitals are excluded from PruCare and the developing Blue Cross HMO. Therefore, HCP is the only HMO at which employees could receive care from faculty and in the teaching hospitals.

There are no additional costs to the University which will result from the participation of faculty and staff members who elect either to move from their current Blue Cross/Blue Shield health coverage or from their current PruCare HMO coverage. For those members who may elect HCP, the University will remit to HCP the established HCP premium, so long as that premium is less than or does not exceed the amount of health insurance premium which would otherwise be remitted to Blue Cross/Blue Shield for those same members.

It is anticipated that enrollment in all benefit plans, including HCP, will occur beginning March 15, 1985. Coverage would be available for Health Sciences Center employees only.

Interim President Jischke recommended that approval be given for the Health Sciences Center employees of the University to enter into an agreement whereby Health Care Plus will be offered as a health insurance plan as are currently the Blue Cross/Blue Shield and PruCare plans.
Regent Rothbaum moved approval of the recommendation. The following voted yes on the motion: Regents Little, Rothbaum, McCurdy, Imel, Sarratt, and White. The Chair declared the motion unanimously approved.

PROPOSAL, CONTRACT, AND GRANT REPORT

A summary of proposals for contracts and grants for the Health Sciences Center, including the Tulsa Medical College branch, for February, 1985 was included in the agenda for this meeting. A list of all contracts executed during the same period of time on proposals previously reported was also included.

Interim President Jischke recommended that the President of the University or the President's designees be authorized to execute contracts on the pending proposals as negotiations are completed. The contract budgets may differ from the proposed amounts depending on these negotiations.

Regent White moved approval of the recommendation. The following voted yes on the motion: Regents Little, Rothbaum, McCurdy, Imel, Sarratt, and White. The Chair declared the motion unanimously approved.

RATIFICATION OF OIL AND GAS LEASES

Two oil and gas leases on property in which the University is named as remainderman require signature. This property was left by the late John M. Meikle in a unitrust vehicle wherein he named as life tenants of the property his wife, his son, his daughter, and his grandson. The current life tenant is the wife. She has legal authority to enter into oil and gas leases, among other things, and has done so with Manning Energy, Inc. The lease calls for a 3/16ths royalty and a three-year term. Any bonus paid would have been paid to Mrs. Meikle.

The University Trust Officer was advised by Mr. H. L. Gasaway in December of 1977 that Mr. Meikle's unitrust was funded at the time of Mr. Meikle's death with approximately $200,000 worth of property. Mr. Gasaway also advised at that time that the grandson was six years of age. At the death of the survivor of the wife, son, daughter, or grandson, the remainder of the unitrust assets at that time will be distributed to the University to be used to establish a permanent endowment fund with the income to be used to fund scholarships for the Dietetic Department of the University.

The University is asked to ratify the oil and gas leases as the remainderman.

Interim President Jischke recommended the Regents authorize the Chairman of the Board to ratify these leases as the remainderman.
Regent Rothbaum moved approval of the recommendation. The following voted yes on the motion: Regents Little, Rothbaum, McCurdy, Imel, Sarratt, and White. The Chair declared the motion unanimously approved.

NEW ENDOWMENT FUNDS

Beth West Memorial Fund

The Beth West Memorial Fund was established April 26, 1984, by the receipt of a check and other assets in the amount of $120,436.61 which represented the University's portion of the residual estate of Beth West. The bequest is to be used to establish a perpetual fund to further the interests of the Stovall Museum at The University of Oklahoma. The principal is to be held intact and the income is to be used to carry out the purposes of the fund.

Lloyd and Reva Powers Fund

The Lloyd and Reva Powers Fund was established November 6, 1984, by the receipt of a mineral deed from Lloyd Powers for 3.0 net mineral acres. Two subsequent mineral deeds were received from Mr. Powers, one dated January 7, 1985 for 3.0 net mineral acres and the other dated January 10, 1985 for 2.45 net mineral acres. This property is located in the SE/4, E/2 SW/4, SW/4 SW/4 of Section 13, Township 13 North, Range 22 West of the Indian Meridian, in Roger Mills County, Oklahoma. Any income derived from these properties is to be used in support of the Energy Center.

This was reported for information. No action was required.

HOUSING AND FOOD SERVICE RATES

The housing and food service rates proposed for 1985-86 have been reviewed by the administration and have been discussed with the Student Housing Center Association, the Inter-Center Council, and the UOSA and Student Congress leadership.

The any-14-meal plan offered for the first time in 1984-85 was very popular and will be offered again as an alternative to the 20 meal option. A modest rate increase for room and board is proposed, primarily to offset the
affect of inflation. The proposed rate increase will generate approximately $470,000. These additional funds will simply offset inflation and contribute to reducing the shortfall resulting from decreased occupancy.

Room and board increases for students living in the residence halls and selecting the 20 meal plan will be 3.8 percent for Walker, Adams, Cate-nonair-conditioned, and 3.9 percent for Cate-air-conditioned and Cross Center. For students selecting the 14 meal plan, the room and board increases will be 4 percent.

Apartment rental rates for Kraettli will be increased by 4 percent for a furnished apartment and will remain the same for unfurnished units. This increase will provide a differential between the furnished and unfurnished rates. Rental rates for Yorkshire, Parkview, Niemann, and Logan will not increase.

Interim President Jischke recommended approval of the attached schedule (Exhibit A) of rates for residence hall rooms, food service, and apartment rentals. Rate charges are to be effective the fall semester 1985 for dormitory and food service, and July 1, 1985 for all University apartments.

Regent Imel moved approval of the recommendation. The following voted yes on the motion: Regents Little, Rothbaum, McGurdy, Imel, Sarratt, and White. The Chair declared the motion unanimously approved.

FOOTBALL AND BASKETBALL RADIO BROADCASTING CONTRACT

In December, 1981, the Board awarded a football and basketball radio broadcasting contract to Oklahoma News Network for a three-year period, 1982-83 through 1984-85, with the right to exercise a two-year renewal option for the period July 1, 1985 through June 30, 1987.

Interim President Jischke recommended that the Board of Regents exercise its option to renew the contract with the Oklahoma News Network for the radio broadcast rights of The University of Oklahoma intercollegiate football and basketball games for an additional two years, July 1, 1985, through June 30, 1987, with the following changes:

1. That ONN will make available to the University three (3) commercial minutes per broadcast for the University to sell and derive additional income.

2. That ONN will assist and make the feed available to an East Coast network, if one is secured, with the additional revenues paid to the University.

3. That ONN will dedicate five (5) commercial minutes per basketball game to be sold by the University, with all income generated paid to the University.
4. That the maximum of eight (8) television exposures per football season not be applicable for pay-for-view telecasts.

5. That there be a best efforts coverage provision with the University designating those areas of coverage that must be provided by ONN.

Regent Imel moved approval of the recommendation. The following voted yes on the motion: Regents Little, Rothbaum, McCurdy, Imel, Sarratt, and White. The Chair declared the motion unanimously approved.

SPLICING AND CONNECTING TELECOMMUNICATIONS CABLE

Bids were recently circulated for splicing and connecting telecommunications cable being installed for a number of projects. The areas to be served by the cable are as follows:

- Energy Center
- Music Building
- Parkview Apartments
- Kraettli Apartments
- Yorkshire Apartments

The University will provide the telecommunications cable for the project. The award of the cable was approved at the January meeting of the Board of Regents and the cable has now been received. The engineering for the telecommunications cable project has been expedited so that the installation can proceed on the same schedule as the Physical Plant electrical power redistribution project. This will allow the utilization of the same cable trench for both projects and permit extension of telecommunications service to University apartments and South Campus locations at a fraction of the cost which would be incurred in the future. The Energy Center and Music Building portions of the project will be served by the existing steam tunnels.

The cost of the installation will be charged to Telecommunications account 147-323.

Bids were received from:

1. Yates Construction Co., Inc. Greenville, Texas $58,703.54
2. Southwest Bell Telcom Oklahoma City $74,441.04
3. Henkels & McCoy Inc. Lewisville, Texas $79,072.15
4. Harris-McBurney Services Inc. $83,128.00

Jackson, Michigan

The above bid totals are based on firm unit prices for estimated quantities.

The low bid of Yates Construction Co., Inc. is acceptable to the Director of Auxiliary Services.

Interim President Jischke recommended that the Board of Regents approve the award of a purchase order to Yates Construction Co., Inc. in the amount of $58,703.54.

Regent Rothbaum moved approval of the recommendation. The following voted yes on the motion: Regents Little, Rothbaum, McCurdy, Imel, Sarratt, and White. The Chair declared the motion unanimously approved.

PRINTING OF FOOTBALL PROGRAMS

Bids were recently circulated for printing of football programs for the 1985 football season.

This project will involve all printing activity for the programs for the six home football games. Estimated quantity of programs is 70,000 for the season. Flip cards used by News Media are also included.

The Department of Athletics has the option to adjust quantities for more or less programs depending upon estimated sales.

All advertising will be sold by the Department of Athletics and all such revenue retained by the Department of Athletics.

Unit prices are provided for additions in number of pages, amount of color, etc. which may be required by the advertising sales.

Cost of these programs is to be paid from Department of Athletics account 171-125.

Bids were received from:

Transcript Press $95,663.00

Norman

University Printing Services $101,500.00

Norman

The low bid of Transcript Press is acceptable to the Athletic Department.
Interim President Jischke recommended that the Board of Regents approve the award of a purchase order to Transcript Press in the base amount of $95,663.00.

Regent McCurdy moved approval of the recommendation. The following voted yes on the motion: Regents Little, Rothbaum, McCurdy, Imel, Sarratt, and White. The Chair declared the motion unanimously approved.

PURCHASE OF MICROSCOPES

Bids were circulated for the purchase of microscopes for the Departments of Botany and Microbiology and Zoology. The bid provided for pricing options on quantities of 79 each and 97 each.

The cost of the purchase will be charged to Section 13 Equipment Account 166-204 and Zoology Account 127-297.

The low bid of Jacobs Instruments is acceptable to the departments and is below their estimates. This will allow the University to order 107 microscopes for the same cost originally estimated for 79.

Interim President Jischke recommended that the Board of Regents approve the award of a purchase order to Jacobs Instruments in the amount of $59,026.40 for the purchase of 107 microscopes for the Departments of Botany and Microbiology and Zoology.
Regent Rothbaum moved approval of the recommendation. The following voted yes on the motion: Regents Little, Rothbaum, McCurdy, Imel, Sarratt, and White. The Chair declared the motion unanimously approved.

PROPOSAL, CONTRACT, AND GRANT REPORT

FAA Air Traffic Controller Training Program (Current)

In 1982 the Federal Aviation Administration (FAA) awarded a contract to the University to train new air traffic controllers. More than 12,000 students have been trained under the current three-year contract. All training activities are conducted at the FAA Academy in Oklahoma City. The current three-year, $39,184,393 cost-reimbursable contract ends March 31, 1985. The FAA requested that the University submit a one-month extension proposal which was submitted in February.

FAA Air Traffic Controller Training Program (Proposed)

The FAA has recently requested proposals for a one-year cost-reimbursable contract, starting April 1, 1985, plus four one-year options to continue the current air traffic controller program. Seven contractors have submitted proposals, including the University. This program will continue to be conducted at the FAA Academy in Oklahoma City.

Energy Information Administration

The U.S. Department of Energy Information Administration (EIA) is required by federal law to gather oil and gas production and reserve data directly from the petroleum industry. The University's role has been to issue the forms, gather the data, enter it into a computerized data base and prepare reports summarizing the data. The result is to provide the nation with credible and verifiable estimates of crude oil, natural gas, and natural gas liquids production and reserves. The University received the first three-year cost-reimbursable contract in 1978 for $6,200,000. A second contract was received in 1981 for $5,800,000. The second contract was recently extended nine months through September 30, 1985, for an additional $1,508,327. The University has responded to the Department of Energy's request for proposals for a new one-year contract with three one-year options, starting October 1, 1985.

A summary of other proposals for contracts and grants for the Norman Campus for February, 1985 was included in the agenda for this meeting. A list of all contracts executed during the same period of time on proposals previously reported was also included.

Interim President Jischke recommended that the President of the University or the President's designees be authorized to execute contracts on the pending proposals as negotiations are completed. The contract budgets may differ from the proposed amounts depending on these negotiations.
Regent White moved approval of the recommendation. The following voted yes on the motion: Regents Little, Rothbaum, McCurdy, Imel, Sarratt, and White. The Chair declared the motion unanimously approved.

RELEASE OF MORTGAGE

As a part of the distribution from the Beth West Estate, the University received a Promissory Note on a piece of real estate Miss West had sold to Mr. and Mrs. David W. Edmonds of Oklahoma City in 1974. The value of the Promissory Note at the date of distribution of the estate was $1,411.74. The final payment has now been made and the Release of Mortgage on this property needs to be executed by the Chairman of the Board of Regents.

Interim President Jischke recommended the Board of Regents authorize the execution of the Release of Mortgage on this property.

Regent White moved approval of the recommendation. The following voted yes on the motion: Regents Little, Rothbaum, McCurdy, Imel, Sarratt, and White. The Chair declared the motion unanimously approved.

MONNET HALL WINDOW WELLS

Monnet Hall, which houses the Western History Collection, has a series of exterior window wells which permit light to enter through lower level windows. During rain storms these light wells collect water and contribute to wall and window leaks. These leaks cause major problems for the staff of the Western History Collection and the water poses a serious threat to the documents and other items in the collection.

Physical Plant proposes to solve this problem through the construction and installation of a series of window well covers and other related work. The estimated cost of this project is $5,000 and it is proposed that Section 13 funds be used for this purpose.

Interim President Jischke recommended that the Board of Regents authorize the use of $5,000 of Section 13 funds to repair the Monnet Hall ground level window wells.

Regent White moved approval of the recommendation. The following voted yes on the motion: Regents Little, Rothbaum, McCurdy, Imel, Sarratt, and White. The Chair declared the motion unanimously approved.

POSTAL SERVICE BUILDING MODIFICATION

In September of 1983, the Board of Regents approved a plan to enlarge and renovate the Maintenance Technical Support Center (South Campus Building #134) for the U.S. Postal Service. Since that time a new 12,000 square foot structure and the renovation work has been completed. Additional renovation work is underway.
Now, the U.S. Postal Service has requested that the University modify Building #134 to accommodate a new computer system needed to support its programs. The project involves: (1) renovation of room 117; (2) installation of a new 600 amp. electric service; (3) installation of new electric service in rooms 117, 118, and 119; (4) installation of a new air conditioning system for the computer system; (5) installation of a computer cable system; and (6) construction of a 15' wide and 30' long addition to the building to house the new electrical and air conditioning equipment. The estimated cost of this work is approximately $150,000. The U.S. Postal Service will pay all of the costs associated with the project. The required plans and specifications will be prepared by Architectural and Engineering Services using an on-call electrical and mechanical engineer.

Interim President Jischke recommended that the Board of Regents approve the plan to renovate the Maintenance Technical Support Center (South Campus Building #134) for the U.S. Postal Service at a cost of approximately $150,000 and to enter into an agreement with the U.S. Postal Service to have this work performed at no cost to the University.

Regent Imel moved approval of the recommendation. The following voted yes on the motion: Regents Little, Rothbaum, McCurdy, Imel, Sarratt, and White. The Chair declared the motion unanimously approved.

REPORT ON MAJOR CAPITAL IMPROVEMENT PROJECTS

As shown on the following pages, a report was presented to the Regents on major capital improvement projects in various stages of planning on the Norman Campus. No action was required.

Regent McCurdy said he has done a little historical research and has determined that never in the history of the Big Eight, the Big Seven, or the Big Six has any team ever won the conference championship in football, basketball, and wrestling all in one year. He suggested that congratulations are in order for all three coaches and he hopes that this will be an inspiration to Coaches Semore and Martin to continue in this effort. He said the University is proud and wishes the basketball team well in the NCAA Tournament coming up. He also expressed best wishes to the women's basketball team in the Big Eight Tournament in Kansas City.

There being no further business, the meeting adjourned at 10:08 a.m.
