The Dixie Democrat—

GILMER for Governor

---

Will Face All Issues

Here are 12 of the principal planks in the platform I have offered to the people of the state as I announce that I am a Democratic Candidate for the office of Governor of the State of Oklahoma. Other issues will be dealt with as the campaign progresses:

- Elimination of the additional two-cent gasoline tax voted by the legislature last year.
- Earmarking of one cent of the remaining gasoline tax to county commissioners for farm-to-market roads.
- Elimination of the gasoline tax on gasoline used in tractors, airplanes, and for other non-traffic uses.
- Elimination of the state income tax for those in the lower brackets, and reduction of the corporation income tax from a top of six percent to a top of four percent.
- Amendment of the use tax to permit new industries to come into the state without being penalized.
- Reduction of the cigarette tax to 3 cents.
- State highways to be built according to traffic demands in all parts of the state, with emphasis on good serviceable roads rather than “super-expensive” stretches, and with all sections of the state entitled to representation on the state highway commission.
- Removal of all possible restrictions limiting production of Oklahoma farm products.
- Preference for veterans in sale of state lands.
- A fair deal for teachers, school patrons, and school children in the state.
- No compromise in the fight to clean up the “textbook swindle.”

There is not a line of deception in this platform. The program is the result of many years of observation, many months of study and thought. But it is a program that with your help, with your backing, and with your success, I am determined to put into effect, if I am elected governor of Oklahoma.

Paid Political Advertising

Reduction of the gross premium tax on insurance to 3 percent, or possibly to 2 percent.

State highways to be built according to traffic demands in all parts of the state, with emphasis on good serviceable roads rather than “super-expensive” stretches, and with all sections of the state entitled to representation on the state highway commission.

Removal of all possible restrictions limiting production of Oklahoma farm products.

Preference for veterans in sale of state lands.

A fair deal for teachers, school patrons, and school children in the state.

No compromise in the fight to clean up the “textbook swindle.”
