THE FATHER OF OUR COUNTRY...

...HELPED US TO GROW

Almost two and one-quarter centuries ago this month, George Washington was born on a farm in Virginia. He was inaugurated as the first president of the United States on April 30, 1789, and as a result of his resourcefulness and leadership, he is recognized today as The Father of Our Country.

He also served as President of the Constitutional Convention and under his direction the three branches of government were provided for in the constitution. Many of the basic laws of this nation were established during his two terms as chief executive, and tremendous growth of our nation was noted during this period.

Bankers Service Life Insurance Company, too, has enjoyed phenomenal growth during its more than a quarter of a century of insurance service to this country. During 1956 this company will be providing the insurance needs for people in a total of 31 states. This represents an area several times larger than our nation was during George Washington's time.

This company's leadership in the insurance field is being acclaimed by hundreds of thousands of satisfied policyholders throughout the nation.
