The word “Crystal” conjures up delighted mental pictures. It brings images of running brooks, moonlit nights, sparkling jewels and other pleasant things. Above all, it connotes purity.

The makers of Crystal Ice Cream are almost fanatic in their endeavor to live up to the name. They stress cleanliness—cleanliness—cleanliness. Crystal Ice Cream is made from the purest possible ingredients, and is made under conditions of spotless, almost laboratory cleanliness.

Crystal Ice Cream can be obtained in good drug stores, cafes and fountains in Norman and in other cities throughout the state. Ask for it by name,
