E. W MARLAND not only believes Oklahoma’s entire school system should be directed by outstanding educators, but he publicly has pledged himself, if elected governor, “to use all the power and influence of the office of governor to take our schools out of politics and adopt the educational program of the state’s educators.”

University of Oklahoma has no better Friend. E. W. MARLAND is a former member of the Board of Regents of University of Oklahoma. He has given employment to more graduates of University of Oklahoma than any other individual. He was one of the two largest contributors to the Stadium-Union Memorial Fund and has contributed liberally to other projects and activities of University of Oklahoma.

Your faithful support in making him Oklahoma’s next chief executive is earnestly solicited by the E. W. MARLAND FOR GOVERNOR CLUB.
