TO THE DEMOCRATS OF OKLAHOMA:

I am and have been as shown lastly, my record, in full accord with the Roosevelt Foreign Policy. I have supported every appropriation with which to carry on this war to a quick and successful end. I have supported President Roosevelt, our Commander-in-Chief, and his Chief of Staff in every military operation. I have given and will continue to give full cooperation, in the Senate of the United States, in the State Department and the able leadership there. I attested stridently to President Roosevelt for a fourth term because, in my judgment, it is imperative that he be our leader at the Peace Table. I have styled many of President Roosevelt’s new deal measures because they were sound in theory and necessary at the time. I have opposed some of the so-called “new deal” measures because they were bureaucratic in their inception, untrustworthy in their tendency, and were contrary to Constitutional Government in that they were usurping legislative authority in the treaty. That strident policy in the United States Senate.
