and Highway 277
1 mile north of Will Rogers Airport

The Class of 1951 received memberships to the Association as a part of a University-Alumni program for a one-year period following graduation. With the July issue of the Sooner Magazine, June '51 graduates will be removed from the Association's active rolls. (June graduates became members July 1, 1951, for the period ending June 30, 1952. August graduates are members for the period ending August 31.)

They're in a Hurry
to renew their membership in the Alumni Association.
Join your classmates who are hurrying to renew their memberships. You don't want to miss the Sooner Magazine or the other services available to members. Remember, Bud Wilkinson's football letter will be mailed to all paid members following the first football game this fall. Don't miss any of the Alumni activities—annual memberships are $4, life memberships are $8 (I, $5 clown and $5 quarterly until the balance is paid. Send your check to:
