The only way to keep out partisan and factional politics is to take off of the Board of Regents and out of the faculty men who play politics in the exercise of these two functions and at the same time leave the Board of Regents and the faculty independent of outside or other politics.

"The method of obtaining this result is defeated in the proposed, so-called 'Alumni Amendments.'"

"One amendment provides that the President of the Board of Agriculture may be a member of the Board of Regents of A & M College. That office is an elective one, where politics are played, and he should, therefore, NOT be included as a member.

"Remember that the Legislature has no power to add to or take from a Constitution amendment, that only the people by a vote can do that; remember that the reasons for removal, or other qualifications, could not be added to by the Legislature, unless the amendment itself contains such express provisions.

"Remember that under these proposed amendments, no Regent can be removed, except for the four following purposes (I quote the words of the amendments):

`Corruption in office, gross neglect of duty, habitual drunkenness, and incompetency, only by impeachment by the Legislature or by trial in the Courts.'

"Suppose a member of the Board of Regents became very active in politics and rendered himself subject to severe attack, and such ... same would be true were he impeached in the House, when he went to trial in the Senate, presided over by a Supreme Court Justice.

"Again, if one of them had committed one of the four acts, upon which grounds exist for impeachment, he would doubtless be ... angered the politicians, they would impeach in the House, and his conduct would become necessarily a state issue to such an extent that the hearing on the matter would INJURE THE INSTITUTION! Moreover, he would in a great measure be under obligation to the members of the Legislature who desire to dictate some of the faculty, and that would be a GREAT SOURCE OF EVIL!

"In addition to providing as a ground of removal any `pernicious political activity,' to be defined by ... should NOT live in the County where the institution is located. But that cannot be ADDED BY THE LEGISLATURE!

"I AM AS STRONGLY IN FAVOR AS ANY MAN IN TAKING NOT ONLY POLITICS, FACTIONAL AND PARTY, BUT CREEDS, OUT OF OUR PUBLIC INSTITUTIONS!"

KEEP THE UNIVERSITY OUT OF POLITICS BY OPPOSING THE AMENDMENTS AS DRAWN AT THIS TIME!

VOTE THE DEMOCRATIC TICKET NOVEMBER 4, 1930
