Cafeteria May Seek Temporary Shelter

Because of pending construction work on the Union expansion project which may necessitate the disruption of cafeteria service in the Union, plans are being readied for a temporary structure to house the cafeteria immediately north of the Law Barn fronting on the North Oval.

If satisfactory bids from contractors can be obtained with the provision that the cafeteria remains in its present location in the Union, no move will be made. If such bids are excessively high because of the cafeteria's location, work on temporary quarters will be initiated.

"Whichever course is followed, we will make every attempt to provide eating facilities for students during the construction period," Hillyer Freeland, operational manager of the Union, stated.
