The shirt's a bit small for Ben Blackstock, '51journ, but just right for his little Sooner. Admiring the prize for the alumnius with the youngest child is classmate Charles Pugsley, '51Law.
The O.U. Club of Dallas is young both in the years of its existence and in the outlook of its membership. But for all of its youth, it is the most vitally active group of the alumni family. For its service to the University, the Dallas club received the first Don Eaton Memorial Award in May.

Organized in 1952 by a group of young businessmen, the Dallas alumni group now numbers over 200 active members representing more than 1,200 O.U. alumni in the Dallas-Fort Worth area. Currently serving as president of the group is Sam Heilbron, '29, who along with 14 other club members traveled to Norman in May to receive the award at the Commencement Day luncheon.

Among the features of the Dallas club which contributed to its recognition as the outstanding alumni club are its monthly luncheon meetings, sponsorship of the annual Beat Texas dance before the Dallas game and the annual spring picnic for alumni. Funds from various activities through the year are used to sponsor from one to four scholarships annually for students attending O.U. from the Dallas area. In addition to the scholarships, members of the club also provide a counseling service for high school seniors who indicate an interest in the University of Oklahoma. To keep local alumni interest at a peak, the club publishes a monthly humorous news letter to keep members posted on activities.

The Don Eaton Award was initiated by his home club in Washington to encourage constructive activity on the part of its fellow alumni groups. Eaton himself went to Washington in 1950, and shortly after his arrival he organized the Oklahoma Dinner Club to supplement the regular O. U. Club activities. He became president of the Washington club in 1955 and was adviser to later officers until his death in 1957.

Presenting the award to Heilbron at the luncheon was Norman Alexander, '52bus, '56Law, past president of the O. U. Club of Washington, D. C., now of Tulsa.

The Dallas club, in being awarded the plaque, was recognized for its great contribution to the promotion of paid memberships in the Alumni Association and support of the Alumni Development Fund Program. More than 100 of the Dallas club members are ADF class representatives.

hospital accountant at the Jackson County Memorial Hospital in Altus.

George H. Ishler, '59med, is a resident physician in pathology at St. John's Hospital, Tulsa.
