Bud Wilkinson may be a bit worried about the weather and its effect upon his Oklahoma team's performance in the Orange Bowl. But you will never have to worry about the effect of weather on your motor performance if you change to New DEEP ROCK SPECIAL ALL-SEASON MOTOR OIL.

This new multi-weight lubricant does everything better for your motor! Protects year-round... Starts easy in cold weather... Increases mileage (as much as 15%)... Lengthens engine life... Lowers maintenance costs.

First chance, drive in and get the whole story from your Deep Rock man. If you've ever wished for an oil like this, it'll make mighty good listening.
