Sooner Sports

Sooner Eleven Picked to Win

According to Bob Busby, sports writer for the Kansas City Star, the 1947 Big Six football championship will not be a cinch for the title, he says it appears.

Sooner O'Bannon, '34ba, 43law, officer in charge of the land division of the commission, and Vivien McConnell, '41law, attorney with the commission.

Lt. Cmdr. Woodrow H. McConnell, '39bus, officer in charge of appraisals with the land and claims commission; his wife, Lorene Black McConnell, '39, and the other guests at the party were Admiral and Mrs. C. A. Pownall and Captain and Mrs. M. H. Anderson. Admiral Pownall is governor of Guam, and Captain Anderson is Civil administrator.

Sooner to Fly to Grid Tilt

Oklahoma's air-minded gridironers apparently got flying in their blood last fall, because the Sooners are planning on traveling via the airways again this year, assistant Coach Dutch Feuring reveals.

For the first time in O.U.'s history the Big Red footballers became "flyboys" on the Army trip, which opened the 1946 season.

Thirty lettermen are on the roster of the Sooners, including the Big Six slate. Here's the schedule:

December: Florida State here, December 5 and DePaul at the Chicago Stadium December 13. Tulane will be met in the Sugar Bowl battle December 30 in New Orleans.

Co-champion Kansas, Missouri and Nebraska are rated behind the Red and White in that order.

As a minor consolation prize the fleet rookie flychaser scored one of the Indians' runs in the 5-3 loss at the hands of the Mackinac. Last spring after hitting the ball at better than .500 for Coach Jack Baer's Sooner baseballers, Mitchell signed to play pro ball with the Texas League Oklahoma City Indians.

In his first season of organized baseball, the former Sooner outfielder paced Texas League hitters with a mark of .337. At the tailend of the season he was called to Cleveland, and in 11 games he hit 421.

Dale Mitchell Just Misses Setting Major League Record

The law of averages finally caught up with "Durable" Dale Mitchell in Philadelphia's Shibe Park July 29, and the Golden Chief closer fell one short of setting a new rookie consecutive game hitting streak.

In three official trips to the plate, Mitchell failed to connect safely off the hurling slants of Athletic Hurlers Bill Dietrich and Russ Christopher.

Dale did tie the 22 consecutive game mark set by Johnny Mize back in 1936, and he needed but a single blow to eclipse that record.

The North Oval, University Beauty Spot.
scheduled to appear on the station in alphabetical order.

The purpose of the programs is to acquaint listeners with the merits and advantages of Oklahoma communities from the standpoint of history, cultural opportunities, industrial advantages and recreational facilities.

The programs are prepared and presented by the chambers of commerce. Assistance may be obtained from Kenneth Harris in the preparation of scripts if the chamber desires it in connection with the timing and other phases of radio production.

The University station also inaugurated another series, "Young Manpower at Work," on August 13, which features the activities of the state, national and international junior chambers of commerce. These programs are held from 3:30 to 4 p.m. each Thursday and are also under the direction of Mr. Harris, state director of public relations for the Jaycees.

The scope of this series will include transcriptions made by the national president, Taylor Cole, Midland, Texas, as he travels in foreign countries and talks to members of foreign chambers of commerce.

204 Summer Grads Get Degrees

Degrees were conferred upon 204 graduates from 73 state towns, 14 states and two foreign countries at commencement exercises July 31. The number represents an increase of 60 over last year's total.

Lola Fay Gordon and Warren James McGonnague were the recipients of doctor's degrees. Miss Gordon's was in education and McGonnague's in philosophy.

Two students from Bolivia and Nicaragua received degrees. Arkansas, California, Illinois, Massachusetts, Kansas, Michigan, Mississippi, North Carolina, New Mexico, New York, Oklahoma, Pennsylvania, South Dakota, Texas and Washington were represented.

Those graduated include:
