Wherever the postman goes---

THE EDUCATIONAL SERVICES OF THE UNIVERSITY OF OKLAHOMA ARE AVAILABLE TO THE PEOPLE OF THE STATE

- - - Correspondence Study makes the campus state-wide

Through correspondence study, every person in Oklahoma has a chance to share in the benefits of the University. The courses are prepared by members of the faculty of the University, and contain a definite amount of work, equivalent to that done in corresponding courses by students in residence at the University.

The Correspondence Study Department offers:

1. High School courses.
2. College courses for undergraduates.
3. A limited number of courses for graduate students.

The purpose of the correspondence study service is to bring educational opportunities to the entire citizenship of the state. Wherever the postman goes it is possible for this department to serve the earnest student.

The value and effectiveness of correspondence study have been fully demonstrated, and many who cannot attend regular campus classes are taking advantage of this service. The work offered includes 59 high school courses, and 238 college courses of which 77 are graduate courses.

FEES ARE SMALL

The fees charged for correspondence courses cover the actual expenses of giving the work. The fees are as follows:

High school courses, $12.50 a half unit;
College courses, $5 a semester hour.

For credit at the University of Oklahoma for correspondence courses taken from other universities the student must register through this department. The cost ranges from $5 to $8 a semester hour in different universities.

HOW TO REGISTER

A bulletin giving list of courses and full information may be obtained by writing to the Secretary of the Correspondence-Study Department, University of Oklahoma, Norman, Okla.

The student who wishes to begin correspondence work may select courses from the bulletin, then fill out the application blank found therein and mail it to the Department.

The Automatic Savings Plan.

No recent development in modern banking is a truly convenient and welcome to the man or woman who wishes to save regularly as our Automatic Savings Plan. Any customer who maintains both a checking and savings account may use it.

Simply stated, the Automatic Savings Account is this: Upon your authorization a certain amount of money is automatically transferred from your checking account into your savings account—regularly. The sum may be $1, $2, $5, $10 or more. You can have it put in weekly, semi-monthly, or monthly—you fix the day of the week or the month. A record of the transfers will be given you each month with your cancelled checks. Credits will be entered in your savings passbook any time it is presented to the Savings Department.

One of the best uses of this new plan is to accumulate ready money for the payment of all quarterly, semi-annual or annual obligations, such as insurance, taxes, payment on a home, tuition for children and vacations. Total all items and then use the new plan to automatically accumulate the necessary savings balance to take care of them.

You will be surprised how quickly your savings account will grow. Saving regularly and automatically will build up a tidy sum before you know it.
