February is a month of famous birthdays—among them, that of THOMAS A. EDISON February 11, 1847. His inventive genius gave the world the ELECTRIC LIGHT, the beginning of a great industry. Through his knowledge, experiments, and tireless efforts darkness has been dispelled—living and working conditions made better—by the many uses of ELECTRICITY. His memory will live forever in the minds and hearts of men for his contribution to the advancement of mankind.
