My Ever Dear & most Precious ones at home
I arrived at the Agency yesterday
after of an absence of a week & found
your letter no 7 also one from C. R. C
& one from Thomas Emmott, all of which
were very gladly received. And in
respect to B. A. Halls money I expect
you have done it all right, & I am satisfied
but would like to be informed as to the
release of the mortgage when it is done
& the amount charged for collection, as
it appears that you sent 30 cts more than
enough to pay the debt, that will apply on
the collection fee or costs & we will soon
have that matter squared off.

I got through with my trip & sojourn
in camp fully as well as I could have ex-
pected though I feel rather the worse for wear
to day & think it likely that I may not go
out again until I write you another
letter as the Agent wishes me to remain
& assist him a few days which is agre-
able to my feelings. My health is much
as it has been for some time past
not much improved for 3 or 4 weeks
& am beginning to fear that I shall
have to give up the prospect of being
much with the Kiowas this winter.
