

Mr. Carignan told me that he heard Shavehead taunt Sitting Bull in the store at Standing Rock one time. He says Shavehead said that Sitting Bull was not a man because on a visit to the Crow Indians one of the chiefs had insulted Sitting Bull and Sitting Bull said still and took it. Can you tell me anything about this? Did Sitting Bull ever visit the Crows or have trouble with them up there after he went on the reservation? Did Shavehead dislike Sitting Bull?
