

They say that in 1864-5-6 the Canadian rebel (Red River Half-breed) Riel was in Sitting Bull's camp, and talked against the white men. Did you ever hear about this? Jack Carignan says that Sitting Bull (later) kept him busy reading newspapers about Riel's second rebellion in Canada, and that they were friends. Did you ever read about Riel to Sitting Bull when you read to him? I would like to know about Sitting Bull and Riel.

Can you give me the names of any policemen who heard McLaughlin give orders to kill Sitting Bull. Men now living. I have heard that some of them resigned because of it.

What are the Sioux names for the White River, Redwater, Belle Fourche, Chugwater, Platte? I need translations, too.
