

Are there any men alive who saw Sitting Bull made head chief? I would like to know just what happened that day, who was there, what was said and sung, and what the time and place was. Bearsghost sang a song for me which he said was sung when Sitting Bull was made chief. But I did not get the translation. You know the books say Sitting Bull never was made a chief, and so I have to get the whole story about this, in order to correct the books. If there was a council, or a parade, or a ceremony, I want to know all about it, and who took part, and when and where.

In one book it says Sitting Bull was made war chief on Lake Traverse. Is this so?
