ROOMS FOR TOURISTS

On this prominent corner, under the management of Miss Blanks, we offer lodging accommodations at one dollar per person (two or more in a room) with special rates for children. The views presented may be seen from a dozen of our rooms. The CAFETERIA is moderate in prices and is very conveniently located for sightseeing as on the three opposite corners are the Library of Congress, the Capitol and The House Office Building, three of "Uncle Sam's" most valuable properties. No time limit on parking, reliable guides if you wish. We'll help you enjoy Washington.
