went off so W.B. follow them when the Bear saw W.B. They started after him and this scared his friend and he started to run that the first when they stoped W.B. watched the bear go under a fallen pine log and there he stayed by this time the other

The main part of the tree was high up and W.B. climed up there and left the bear under the log with his arm around his head and it did not see W.B. so he shot him in the head and kill it It was fat so the butchered it and h

a month time they went hunting W.B. was riding a horse and they went on top of a hill and the bear must have smelled them and were comming up the hill So then W.B. tied up his horse and got behind a tree and shot one of them in front then run and got his horse the bear saw him after he came back to see did he kill the bears the bear was rolling around when the bears saw him they started to chase him W.B. yelled at his friend they were after them so they started running the bear chased them then they stop in a cherry bush then W.B. go up to the bush and the bear saw him and start to chase him they go to a draw that time and then W.B. finds the bear he shot he was crippled started to chase W.B. and the man on the horse would had a hard time getting away

then W.B.s gun was unloaded so he used the other mans gun and killed the bear when he shot the bear he was afraid to go up to the bear for a while and when did he find his gun already so they skined the bear and W.B. took the hide and h meat
