H. age 51 at the time of dream

W.B. hunted wolves the reason the hunt sayte was for the hide

B!

wolf

They start to ride home when they were close and they put ~~out~~ blankets on a post and would make the horses up to them

They start to ride home when they were close and they put ~~out~~ blankets on a post and would make the horses up to them

They were moving camp W.B. was going along the side. they went by an old camp ground and they saw a lot of coyotes and there was a wolf that could not run so he caught up with him and killed him with a knife from his horse it was real old.

W.B. and another boy were herding horses the other ~~boy~~ boy had a dog and an arrow they saw a white wolf and W.B. started after him and killed him and brought him home he was real fat they eat him it could not run

~~Bears~~ Wolves

The Indians would trap them and poison them, with poison they got from the Whites, some Indians did not like this mistake they poisoned wolves in stead of Bears.

Some Indians hunted with dogs; they hunted small animals with dogs
