Dear Friend:

It looks as though I were going to get to see you again this summer. I am trying to get the money to come up and if I come I will get there about the same time I did last year. Then I want you to go with me to visit the place where the Hundred White Men were killed and the place where you saved Harry Hand. Maybe we can make a long trip together.

My friend you told me the story about your friend Little Shield and how he ate the flesh of the dead soldier after the fight on Power river the winter before Long Hair was killed. My friend I think the white men's books have some mistakes about this fight where Little Shield was. I would like to talk with Little Shield about this fight if you can fix it up for me or if Little Shield does not wish to talk I would like to talk with some other man who knows and was there and will tell truth. Of course I will make a present to the man who talks.

I will write you again as soon as I know for sure whether I can come to see you.

Your friend,

WBC

OCASTONKA.
