The day before you saved Harry Hand,  
there was another fight near Fort  
C. F. Smith, north of where you were  
a long ways. The Indians attacked  
the soldiers in a brush carral not  
far from the fort. Do you know about  
this fight? The white men call it the  
Hayfield Fight. Did you ever hear of this fight?  
I dont know they had a fight day  
who was the leader?  
before. I was in only two fights  
I have told you  
what tubes were in the fight?  
How many Indians were there?
