

You told me that before the fight on Arrow Creek you sneaked away to try and do something brave. How did you manage to get away from the Indian soldiers?

I told the others that I have to pass water & stop, so they went on, I got off my horse and wait till can't see, I got on my horse and went round, of course this at night, so they can't see me.

Who were the ~~soldiers~~ Indian soldiers at that time when you sneaked away? Who was their leader?

Sitting Bull & Crazy Horse, was the two leaders. There's quite a bunch of Indians soldiers from each Band. Hunkpapaya, Mm-koung, I-tazipoo, Aglala & etc.

You said you that after you sneaked away from the Indian soldiers, you met another Indian and went with him towards the white men. Who was this man? What was his name?

This will be a little different answer I made. I met a ~~man~~ man name Crawling some home with a bunch of horse, he came on home + I went on.

My friend, I wish you would tell me what honors your father had? How many times he struck the enemy, how many times he had a horse shot, how many times he was hit, and so on. People will want to know something about your father, Makes Room, because he was your father.

My father was never hit so as his horse. He capture horses only two times, one time he capture 11 head and the other time, he capture 1 head. He strike enemies 9 times, after this he was ordered to stay home + take care of his people, because he was one of the famous chief, so he did. I am writing his stories on another sheet's attach to this papers. Hope you find it on the back.
